MEMO

Date: 7/16/26
To: Joe Cortese
From: Anthony Cozzi AC
RE: 2026-27 Budget

Enclosed please find the first draft of the 2026-2027 Proposed Tentative Budget. Included in the fund presentations are 2025-26 Budget and Actual amounts.

Items of significance:

- Property Tax receipts are based on the 2nd installment of the 2025 tax extension, which will once again be delayed, plus the first installment of the estimated 2026 tax levy. The total also includes more than \$525,000 in P.A. 102-0519 (Property Tax Appeals Board refund) receipts. The applicable CPI increases for the 2025 and 2026 property tax years are 2.9% and 2.7%, respectively.
- State and Federal receipts for all funds are preliminary due to State Aid, other Mandated Categorical grants (fund applicable) and Title/IDEA grants, which have not yet been finalized by ISBE.
- Education Fund Salaries and Employee Benefits include employees hired through today and are reflective of the staffing efficiencies presented at a previous meeting. Salaries increases per the teachers' collective bargaining agreement was 4.0% and the aides' collective bargaining agreement was 5.5%.
- For non-bargaining unit employees, salaries for Administrators increased by an average of 3.0%, but due to the new Superintendent, increased in total by only 1.6%. All other returning non-bargaining unit employee salaries (which includes Custodial staff paid out of the Operations and Maintenance Fund) increased an average of 4.6%.
- All non-staffing efficiencies that were presented at a previous meeting have been included in the Education and the Operations and Maintenance Funds.
- The Operations and Maintenance Fund expenditure budget reflects a shorter list of facility improvements than in previous years. Due to that, we will not be re-establishing the Capital Projects Fund. All improvements will be expended directly out of the Operations and Maintenance Fund.

- The Transportation Fund expenditures include an estimated decrease associated with the transportation contract extension terms, a reduction in number of out-of-district private placement students, and the ridesharing agreement with District 97.
- The 2026 Working Cash bond issuance of \$4,500,000 is presented as recommended for approval.
- The Life Safety Fund will remain dormant for several years until the 10-year re-survey in late 2029.
- The aforementioned staffing efficiencies, non-staffing efficiencies, increased PTAB refunds, plus a list of other reasons, which will be explained in detail in person, resulted in a budgeted excess of receipts over expenditures in the Operating Funds for fiscal year 2027.

I look forward to discussing this with you on Tuesday evening.

Enclosures

FIRST DRAFT
