Roseau Youth Hockey | PO Box 273 Roseau, MN 56751

June 9, 2026

To whom it may concern,

I believe Roseau should remain in Class AA high school hockey.

In the 29 seasons that Roseau has been in class AA, there have been many successful seasons and many seasons that were not as successful, but Roseau has always been able to compete and produce a high level of hockey team and many high-level hockey players within that class. I believe there have been some excellent Roseau Rams hockey teams in the recent past, with some of the most talented rosters we have seen in those 29 years, that could have competed for state tournament success despite not making the tournament. There will be a season where we challenge for a state championship again.

Beyond just the team, I think there is a positive community identity and sense of pride within being the smallest school in class AA.

Thank you,

Mike Klema

RYH Vice President
