CAPS is pleased to welcome Toni Plante as Guest Speaker

Toni Plante lost her 15 year old daughter, Ana, to suicide on January 30, 2016. Since then she has advocated for suicide prevention and mental health by raising both money and her voice for the AFSP (American Foundation of Suicide Prevention), SAVE (Suicide Awareness Voices of Education) and others. Prior to branching out to provide this web site's services, she was the Director of Client and Volunteer Services at Survivor Resources, a non-profit organization that provides support groups for people with losses to homicide, suicide, accident and overdose.
