PK	May 15, 2021	20	24
K		19	19
1st		19	16
2nd		23	19
3rd		19	25
4th		19	18
5th		19	21

***Elementary School Highlight #1**

Teachers are at the school working getting classrooms ready. It has been a little stressful with the completion of most summer projects not being completed on time, but we have all been working hard to make sure the start of school is a success.

***Elementary School Highlight #2**

The elementary school had a volunteer work day to move several classrooms and offices once the flooring project was completed. The softball and football teams and coaches helped as well. We had approximately 50 people helping that day.

***Elementary School Highlight #3**

PK enrollment has continued to climb. We advertised for a second teacher, but had zero applicants. I reached out to multiple contacts with no luck. We are asking tonight to hire a full time paraprofessional to help in the PK classroom.

***Elementary School Highlight #4**

We have had approximately 15 new students in the elementary. To date, we have received 4 requests for records from students moving.
