

MCA Testing

The 10th grade reading and 11th math test will be administered the last week of April. The first week of May will be the 10 grade science test. We schedule them as close to the end of the state testing window as possible so teachers have covered as much of their course material as possible. We sent a letter to parents already letting them know the dates so hopefully we have most students in attendance those days.

Master Schedule

We are currently in the process of looking at next year's schedule. Staffing levels and the number of sections is the main focus right now as we look at things. This is always a balancing act of offering as many courses as possible while being fiscally responsible with staffing.

Spring Time

This time of the year is very busy around the HS, we were able to host both the Band Solo and Ensemble contest and the Vocal Solo and ensemble contest. All of our groups performed very well. We had our last Drama production of the year, Citizen Crane was performed April 10-12 a cast and crew of appr. 32 students were involved, they all did a wonderful job.

Online school update

We are continuing to move forward with being able to offer online school. We have started to connect with students that have transferred to other online schools and are getting responses from students that are planning to return to us.

Upcoming dates:

- Band Concert May 4
- Choir concert May 11
- Seniors last day May 22
- Last day of school May 28
