SCHOOL DISTRICT OF TOMAHAWK

1048 E. Kings Road
Tomahawk, WI 54487

Foreword

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have during the course of a school year. This handbook summarizes many of the official policies and administrative guidelines of the Board and the School District. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall control. This handbook is effective immediately and supersedes any prior student handbook.

Because the handbook also contains information about student rights and responsibilities, each student is responsible for knowing its contents. Please take time to become familiar with the following information and keep the handbook available for you and your parents' use. It can be a valuable reference during the school year and a means to avoid confusion and misunderstanding when questions arise. Should you have any questions that are not addressed in this handbook, contact your high school administration or the appropriate department. You will find it listed in the Staff Directory section of the handbook. This handbook supersedes all prior handbooks and other written or oral statements regarding any item in this handbook.

This handbook summarizes many of the official policies and administrative guidelines of the Board and the School District. If any of the policies or administrative guidelines referenced herein is revised after June 30, 2024 the language in the most current policy or administrative guideline prevails. The current policies and guidelines are available on the District's website.

Mission & Vision of the School District of Tomahawk

Vision:

Empowering all students to be socially responsible, life-long learners in an ever changing world.

Mission:

The School District of Tomahawk will become the district of choice, known for its high levels of student achievement, the excellence of its programs, and its sound stewardship.

- Student understanding will be fostered through a rigorous, coordinated curriculum that embraces global perspectives and best instructional practices, including relevant applications of current technologies.
- Meaningful relationships among students, staff and community members will be the foundation for student successes.
- Coordinated efforts between the school and community will effectively meet the social, emotional and academic needs of the whole child and every child.

Equal Education Opportunity/Anti-Harassment

It is the policy (Policy 2260-Nondiscrimination and Access to Equal Educational Opportunity) of the School District to provide an equal education opportunity for all students. The right of a student to be admitted to school and to participate fully in curricular, extra-curricular, student services, recreational or other programs or activities shall not be abridged or impaired based on membership in a Protected Classification defined in Board Policy 2260 - Nondiscrimination and Access to Equal Educational or other protected characteristics as well as place of residence within School District boundaries, or social or economic background.

Students who have been identified as having an impairment or disability under Section 504 of the Rehabilitation Act or the Americans with Disabilities Act shall be provided with appropriate educational services. Parents who have questions should contact the Director of Pupil Services at (715) 453-2126 ext. 405.

It is also the policy (Policy 5517-Student Anti-Harrassment) of the School District to maintain an educational environment that is free from all forms of harassment. This commitment applies to all School District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of harassment. This policy applies to conduct occurring in any manner or setting over which the School District can exercise control, including on school property, or at another location if such conduct occurs during an activity sponsored by the School District.

The School District will not tolerate any form of harassment and will take all necessary and appropriate actions to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

Any person who believes that the Tomahawk High School or any staff person has discriminated against them in violation of these policies may file a complaint. A formal complaint can be made in writing to a School District Compliance Officer listed below:

Jeffrey Johnson, District Office
School District of Tomahawk
(715) 453-5555
johnsonj@myhatchets.org

Adam Spiegel, Dir of Pupil Services
School District of Tomahawk
(715) 453-2126
spiegela@myhatchets.org

The complaint procedure is described in Board Policy 2260-Nondiscrimination and Access to Equal Educational Opportunity and Policy 5517-Student Anti-Harassment. The policies are available on the School District's web page.

Due to the sensitivity surrounding complaints of harassment, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the complaint process is begun, the investigation will be completed promptly (What constitutes promptness will depend on the complexity of the issues, the number of incidents or factual elements, the number of witnesses and documents to be consulted, and the availability of witnesses and other evidence.).

If at any time during the investigation process the investigator determines that the complaint is properly defined as Bullying, under Board Policy 5517.01 - Bullying, and not harassment under Board Policy 5517-Student Anti-Harassment, because the conduct at issue is not based on a student's Protected Characteristics, the investigator shall transfer the investigation to the appropriate building principal.

Under no circumstances will the School District threaten or retaliate against anyone who raises or files a complaint.

Our school is committed to an educational environment that is free of harassment of any form. Our school will not tolerate any form of harassment and will take all necessary and appropriate action to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

Harassment means behavior toward a student or group of students based, in whole or in part on the membership in a Protected Classification defined in Board Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity which substantially interferes with the student's school or academic performance or creates an intimidating, hostile or offensive school environment. Harassment also includes "hate speech" directed against a student - the use of language, behavior, or images/symbols that express prejudice against a particular group or groups on the basis of any protected characteristic(s).

Examples of conduct that may constitute harassment include:

- A. graffiti containing offensive language;
- B. name calling, jokes or rumors;
- C. threatening or intimidating conduct directed at another because of the other's protected characteristic (e.g., sex, race, learning disability);
- D. notes or cartoons;
- E. slurs, negative stereotypes, and hostile acts which are based upon another's protected characteristic;
- F. written or graphic material containing comments or stereotypes which is posted or circulated and which is aimed at degrading individuals or members of protected classes;
- G. a physical act of aggression or assault upon another because of, or in a manner reasonably related to, the individual's protected characteristic; or
- H. other kinds of aggressive conduct such as theft or damage to property, which is motivated by a protected characteristic.

NONDISCRIMINATION ON THE BASIS OF SEX

The Board of the Tomahawk School District does not discriminate on the basis of sex in its education program or activity and is required by Title IX and its implementing regulations not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The School District's Title IX Coordinator(s) is/are:

Jeffrey Johnson, District Office
715-453- 5555
1048 E King Road
Tomahawk, WI 54487
johnsonj@myhatchets.org

Any inquiries about the application of Title IX and its implementing regulations to the District may be referred to the Title IX Coordinator(s), the Assistant Secretary for the U.S. Department of Education's Office for Civil Rights, or both.

The Board has adopted a grievance process that provides for the prompt and equitable resolution of student and employee complaints alleging any action that is prohibited by Title IX and/or its implementing regulations. The grievance process is included in Board Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities. The grievance process specifically addresses how to report or file a complaint of sex discrimination, how to report or file a formal complaint of Sexual Harassment, and how the School District will respond.

It is a violation of this policy for anyone to knowingly making false statements or knowingly submitting false information during the sex discrimination complaint process, including intentionally making a false report of sexual harassment, or submitting a false formal complaint. The School District will not tolerate such conduct, which is a violation of the Student Code of Conduct.

Neither the Board nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or Board Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of sexual harassment, filing a formal complaint, or participating in an investigation, is a serious violation of Board Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities that can result in the imposition of disciplinary sanctions, consequences, and/or other appropriate remedies.

All students, parents, and their representatives are advised to review Board Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities for more information and detail regarding the School District's commitment to nondiscrimination on the basis of sex.

Sexual Harassment

Sexual harassment is prohibited in our school and at school-sponsored activities in accordance with Board Policy 5517 - Student Anti-Harrassment. Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature when:

- A. submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining an education; or
- B. submission or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's education; or
- C. conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's education, or creating an intimidating, hostile or offensive educational environment.

Sexual harassment may include, but is not limited to:

- A. unwelcome verbal harassment or abuse;

- B. unwelcome pressure for sexual activity;
- C. threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities, or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances;
- D. unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls and obscene gestures;
- E. sexually suggesting objects, pictures, graffiti, videos, posters, audio recordings, or literature placed in the work or educational environment, that may reasonably embarrass or offend individuals;
- F. unwelcome, sexually motivated or inappropriate patting, pinching, or physical contact, other than necessary restraint of students by teachers, administrators, or other school personnel to avoid physical harm to persons or property;
- G. unwelcome sexual behavior or words including demands for sexual favors, accompanied by implied or overt threats concerning an individual's educational status;
- H. unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt promises of preferential treatment with regard to an individual's educational status;
- I. unwelcome behavior or words directed at an individual because of gender;

Examples are:

1. repeatedly asking a person for dates or sexual behavior after the person has indicated no interest;
2. rating a person's sexuality or attractiveness;
3. staring or leering at various parts of another person's body;
4. spreading rumors about a person's sexuality;
5. letters, notes, telephone calls or materials of a sexual nature;
6. displaying pictures, calendars, cartoons or other materials with sexual content;

It is also the policy of the School District that a sexual relationship between staff and students is not permissible in any form or under any circumstances, in or out of the school, in that it interferes with the educational process and may involve elements of coercion by reason of the relative status of a staff member to a student. An inappropriate boundary violation by a School District employee or other adult member of the School District community into a student's personal space and personal life is sexual harassment.

If you wish to report harassment, please contact the School District's Title IX Coordinator listed below:

Jeffrey Johnson, District Office
715-453- 5555
1048 E King Road
Tomahawk, WI 54487
johnsonj@myhatchets.org

Any person may report sexual discrimination, including sexual harassment, to the School District's Title IX Coordinator listed above, regardless of whether the person is the alleged victim of the

reported conduct. The report may be made in person, by mail, by telephone, or by email. The report may be made at any time, including during non business hours.

A copy of the Board's Policy 2266 - Nondiscrimination of the Basis of Sex in Education Programs or Activities, including the reporting, investigation, and resolution procedures, is available in the school office and on the District's website. Board Policy 5517 – Student Anti-Harassment, as well as Board Policy 2266, both contain the complaint procedures and steps for investigating complaints under these policies.

Any person who is unsure about how to submit a complaint of discrimination, harassment, or sexual harassment is encouraged to immediately contact one of the listed Compliance Officers, the Title IX Coordinator, an administrator, or any trusted member of the staff for assistance in filing a complaint.

Retaliation against a person who files a complaint is prohibited by Board policy and Federal law. Any allegation of retaliation should be filed immediately with assurance that it will be taken seriously and fully investigated by the School District.

Staff-Student Boundary Violations

The School District is committed to maintaining safe, professional, and appropriate physical and behavioral boundaries between students and school employees, volunteers, or other adult members of the school community that occur during or outside of school hours.

- **Prohibited Behavior:** Professional boundary violations include any inappropriate physical contact, grooming behaviors, or interactions that breach the professional staff-student relationship.
- **Reporting:** Any student who experiences or witnesses an inappropriate boundary invasion, or unapproved communication by a school employee or volunteer, must report it immediately to a building administrator.
- **Mandatory Parental Notification:** If there is reasonable cause to suspect that a student has been the victim or target of staff sexual misconduct, physical abuse, or an inappropriate boundary violation by a school employee or volunteer, the District will provide immediate and prompt formal notification to the student's parent or legal guardian.

Bullying

Bullying is defined as a person willfully and repeatedly exercising power or control over another with hostile or malicious intent. Bullying can be physical, verbal, electronically transmitted, psychological (e.g., emotional abuse), through attacks on the property of another, or a combination of any of these.

Examples of bullying include:

- A. Physical – hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal – taunting, malicious teasing, insulting, name calling, making threats.
- C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation.
- D. "Cyberbullying" – the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal websites, and defamatory online personal polling websites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. If the investigation finds that aggressive behavior has occurred, it will result in prompt and appropriate discipline, co-curricular sanctions and/or disciplinary action up to and including suspension or expulsion. Individuals may also be referred to law enforcement officials.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as bullying.

Making intentionally false reports about bullying for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally making a false report may result in disciplinary action as indicated above.

If a student or other individual believes there has been bullying, regardless of whether it fits a particular definition, the student should report it and allow the administration to determine the appropriate course of action. (Board Policy 5517.01)

Student Hazing

Hazing activities of any type are inconsistent with the educational process and may in some circumstances be a violation of State law. The Board prohibits all such activities at any time in school facilities, on school property, and at any School District-sponsored activity or event.

Hazing is defined as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes or creates a risk of causing mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the Principal or to the District Administrator.

Students who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil or criminal penalties. Disciplinary action for students may include, but is not limited to, suspension and/or expulsion. [Policy 5516 - Student Hazing]

Section 504/ADA Complaint

Any person who believes that the Tomahawk High School or any staff person has discriminated against them in violation of the Board Policy 2260.01 - Section 504/ADA Prohibition Against Discrimination Based on Disability may file a complaint. A formal complaint can be made in writing to a District Compliance Officer listed below:

johnsonj@myhatchets.org

Adam Spiegel
Director of Pupil Services & Special Education
1048 E King Road
Tomahawk, WI 54487
715-453-2126
spiegela@myhatchets.org

The complaint procedure is described in AG 2260.01A and AG 2260.01B and are available in the School office and on the School District's website.

School Day

The academic year calendar can be found on the District website. The standard academic school day is 8:00 AM - 3:15 PM. Standard day and special bell schedules can be found in the high school office.

Student Rights and Responsibilities

The rules and procedures of Tomahawk High School are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teachers' directions and obey all school rules. Disciplinary procedures will comply with the requirements of State and Federal law.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the responsibility of the student to deliver that information. If necessary, U.S. mail or hand delivery may be used to ensure contact. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish their educational goals.

No student shall be required, as a part of the school program or the School District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, the minor's parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning: political affiliations or beliefs of the student or the student's parents; mental or psychological problems of the student or their family; sex behavior or attitudes; illegal, anti-social, self-incriminating, or demeaning behavior; critical appraisals of other individuals with whom respondents have close family relationships; legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers; religious practices, affiliations, or beliefs of the student or the student's parents; or income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program). (Board Policy 2416 - Student Privacy and Parental Access to Information)

Students must arrive at school on time, prepared to participate in the educational program. If, for some reason, this is not possible, the student should seek help from the high school office.

Student Well-Being

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as fire, tornado, and emergency intruder drills and accident reporting procedures. Should a student be aware of any dangerous situation or accident, the student must notify a staff person immediately.

All students must have emergency medical information completed, signed by a parent or guardian, and filed in the school office. Students with specific health care needs should submit those needs, in writing and with proper documentation by a physician, to the school office.

Injury and Illness

All injuries must be reported to a teacher or to the office staff. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures.

A student who becomes injured or ill during the school day should request permission from the teacher to go to the office. The office staff will determine whether the student should remain in school or go home. No student will be released from school without proper parental permission. (Board Policy 5340 - Student Accidents/Illness/Concussion & Sudden Cardiac Arrest)

SECTION I - GENERAL INFORMATION

Scheduling and Assignment

Schedules are provided to each student at the beginning of the school year or upon enrolling. The schedule is based upon the student's needs and available class space. Any changes in a student's schedule should be handled through the Guidance Office. It is important to note that some courses may be denied because of limited space or the need to complete prerequisite courses. Students are expected to follow their schedules. Any variation should be approved with a pass or schedule change.

Early Dismissal

No student will be allowed to leave school prior to dismissal time without a written, oral request signed by the parent, a person whose signature is on file in the school office or the parent coming to the school office to request the release. No student will be released to a person other than a custodial parent(s) or guardian without a permission note signed by the custodial parent(s) or guardian. (Board Policy 5200 - Attendance and Policy 5230 - Release of Students to /Authorized Persons)

Student Accidents/Illness/Concussion & Sudden Cardiac Arrest

The School District believes that school personnel have certain responsibilities in case of accidents, illness, concussions, or sudden cardiac arrest that occur in school. Said responsibilities extend to the administration of first aid by persons trained to do so, summoning of medical assistance, notification of administration personnel, notification of parents, and the filing of accident reports. (Board Policy 5340 - Student Accident/Illness/Concussion & Sudden Cardiac Arrest)

Suicide Prevention

The School District values the mental health of every student and has counseling and prevention resources available for any student considering self-harm. Students may seek help from any staff member. In addition, students are urged to approach any staff member of their choice if they know of

another student who is talking about death by suicide. (Board Policy 5350 – Suicide Prevention, Intervention, and Postvention)

Counseling Department Services

Upon entering high school, students should become acquainted with their counselor. Counselors can be very helpful to students in making high school course selections, social adjustments, and in learning school routines. Counselors can also be the first source of information about career selections, school choice, financial aids, employment opportunities and job requirements. Students are welcome to talk with their counselor about personal concerns, social problems, or academic difficulties. Ideally, students will schedule an appointment during study hall or before school starts in the morning. Students must present a pass to the counseling secretary prior to reporting to the counseling office.

Emergency Medical Authorization

The Board requires every student to have an Emergency Medical Authorization Form completed and signed by their parent in order to participate in any activity off school grounds. This includes field trips, spectator trips, athletic and other extra-curricular activities, and co-curricular activities. The school has made the Emergency Medical Authorization Form available to every parent at the time of enrollment. A student's failure to submit the completed form may jeopardize the student's participation in school activities. (Board Policy 5330 - Administration of Medication/Emergency Care)

Nursing Services

The School District of Tomahawk provides nursing services. The nurse will be available every school day from 7:45a.m. until approximately 3:15pm. Students who wish to see the Nurse must report to their scheduled class and obtain a pass from the Instructor to report to the office. Office staff will check the availability of the Nurse and provide the student with a pass to the Nurse's office. Students may not report to the Nurse without a pass from the Office. The Nurse will provide the student with a pass to return to their scheduled class or to return to the Office. If it is necessary for the student to go home, the Nurse or Office staff will make arrangements with the Parent/Guardian. The student must sign out in the Office prior to leaving the building. (Board Policy 5310.01 – Emergency Nursing Services)

Use of Prescribed Medications

In circumstances where a student must take prescribed medication during the School day, the following guidelines of Board Policy 5330 - Administration of Medication/Emergency Care are to be observed.

- A. Parents should, with their physician's advice, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The Medication Request and Authorization Form must be filed with the Principal before the student will be allowed to begin taking any medication during school hours. The forms are available in the School office.
 - All medications to be administered during school hours must be registered with the nurses office.
 - Medication that is brought to the nurses office will be properly secured.

A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written request and the parent's written release.

Asthma Inhalers and Epinephrine Delivery Systems

Students, with appropriate written permission from the physician and parent, may possess and use a method dose inhaler or dry powder inhaler to alleviate asthmatic symptoms. (Board Policy 5330 - Administration of Medication/Emergency Care)

Students, who suffer from severe allergic reactions may, possess and use an epinephrine delivery system when the student is required to carry the epinephrine delivery system to prevent the onset of an allergic reaction, and the appropriate written permission from the medical practitioner and completed Parent Consent form have been submitted to the school nurse.

Inhalers and epinephrine can be administered by school officials only in accordance with conditions confirmed by the school nurse, consistent with the approved plan adopted by the School District and updated annually, as necessary.

Use of Nonprescribed Drug Products

Possession, administration, and use of nonprescription drug products shall be in accordance with Board Policy 5330 - Administration of Medication/Emergency Care.

- Staff and volunteers will not be permitted to dispense non prescribed drug products to any student without written parental consent.

The Nonprescription Drug Product Request and Authorization Form must be filed with the school nurse before the student will be allowed to begin taking any medication during school hours.

For each nonprescription drug product, the container shall be the original manufacturer's package and the package must list in a legible format the ingredients and recommended therapeutic dose.

The parents request to administer a nonprescription drug product shall contain the following information:

Any student who distributes a medication of any kind to another student or is found to possess a medication other than the one authorized is in violation of the school's Code of Conduct and may be disciplined in accordance with the drug-use provision of the Code.

CBD Products

In accordance with Board Policy 5330 - Administration of Medication/Emergency Care, students and parents are reminded of the following regulation regarding CBD product use, possession, and distribution on School District property or at school activities:

No CBD products will be permitted for use at school.

Direct Contact Communicable Diseases

In the case of direct contact communicable diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have their status reviewed by a panel of resource people to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff in school unless there is definitive evidence to warrant exclusion. (Board Policy 8453 - Direct Contact Communicable Diseases)

Direct contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex, HIV (Human Immunodeficiency Virus), Hepatitis B, and other diseases that may be specified by the Wisconsin Department of Health Services.

As required by Federal and State law, parents may be required to have their child's blood checked for HIV and HBV, and other blood-borne pathogens when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

Control of Casual-Contact Communicable Diseases

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. In order to protect the health and safety of the students, School District personnel, and the community at large, the Board shall follow all State statutes and Health Department regulations that pertain to immunization and other means for controlling casual-contact communicable disease spread through normal interaction in the school setting.

In accordance with Board Policy 8450 - Control of Casual-Contact Communicable Diseases, a teacher, nurse, or Principal may send home a student who is suspected of having a communicable disease and will notify the parent of such action and the reason(s) it was taken. School officials may be required to notify local health officials if they suspect a student has a covered communicable disease. School officials will comply with notification requirements of the Wisconsin Department of Health Services in addition to notifying the student's parent.

Examples of such diseases include diphtheria, scarlet fever, strep infections, whooping cough,

mumps, measles, rubella, and other conditions indicated by the Wisconsin Department of Health Services.

Any student's removal from school will only be for the contagious period as specified in the school's administrative guidelines.

Students With Disabilities

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability (Board Policy 2260.01 - Section 504/ADA Prohibition Against Discrimination Based on Disability). This protection applies not just to the student, but to all individuals who have access to the School District's programs and facilities.

A student can access Special Education services through the proper evaluation and placement procedure. Parent involvement in this procedure is generally required. More important, the school encourages parents to be active participants. To inquire about Special Education programs and services, a parent should contact the Director of Pupil Services, John Sample, at (715) 453-2126 ext. 405. (Board Policy 2460 - Programs for Students with Disabilities)

The School District is committed to identifying, evaluating, and providing a free appropriate public education ("FAPE") to students within its jurisdiction who are disabled within the definition of Section 504, regardless of the nature or severity of their disabilities.

Service Animals and Other Animals on School Property

Students, parents, and other members of the public may be accompanied at school by a service animal in accordance with Federal and State law and Board Policy 8390 - Animals on District Property. Other animals permitted in schools and elsewhere on School District property shall be limited to those necessary to support specific curriculum-related projects and activities as approved by the principal.

- An emotional support animal is not granted the same access to school buildings and classrooms, as service animals. The School District is not required to grant students' requests that they be permitted to bring an emotional support animal to classes or on school grounds for any purpose.
- Therapy dogs which meet the certification and documentation requirements in Board Policy 8390 - Animals on District Property may be allowed limited access to the schools to perform their educational purpose as determined by the District Administrator.

Bilingual Students/English Learners

The School District recognizes that there may be students enrolled whose primary language is not English. The School District provides appropriate identification and transition services for bilingual students and English Learners (ELs). The purpose of these services is to develop English language skills that will enable the students to function successfully and complete the School District's required curriculum. (Board Policy 2260.02 - Services for Bilingual Students/English Learners)

To inquire about programs and services for students with limited English language proficiency, a parent should contact Mark Schommer, Director of Teaching & Learning (715) 453-2106.

Student Records

The origination and maintenance of appropriate student records are essential to the effective operation of the School District and meeting the educational interests of students. The rights and responsibilities of students, parents and the School District with respect to student records are governed by State and Federal law (Board Policy 8330 - Student Records). Many student records are kept by teachers, counselors, and administrative staff. There are two (2) basic kinds of student records - directory data

and confidential records.

Directory information can be given to any person or organization when requested, unless the parents of the student object in writing to the disclosure as required under school policy and State and Federal law. Directory information is specified in Board Policy 8330 - Student Records and includes a student's name, address, telephone number, date and place of birth, photograph, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, date of graduation, degrees and awards received, name of school most recently previously attended. Directory information also includes a student ID number, user ID, or other unique personal identifier used by the student when accessing or communicating in a School District's electronic systems, if, standing alone, it cannot be used to access student education records, (i.e. a pin number, password, or other factor is also needed).

If parents and eligible students do not submit such written notification to the School District, directory information may be utilized by the District Administrator in District-wide publications, on the cable television educational access channel, or on the School District's website. The directory information used will be properly verified and approved by the District Administrator.

Student records are generally considered confidential under State and Federal law and may not be released to third parties unless the student's parents consent in writing. However, there are exceptions to confidentiality, and requests for records within these exceptions may be granted without a parent's written consent. If you have questions about the confidentiality of student records and/or the release of student records to third-parties, consult the Board's Policy 8330 - Student Records

Parents and students are reminded of: 1) their rights to inspect, review and obtain copies of students records; 2) their rights to request the amendment of the student's school records if they believe the records are inaccurate or misleading; 3) their rights to consent to the disclosure of the student's school records, except to the extent State and Federal law authorizes disclosure without consent; 4) the categories of student record information which have been designated as directory data and their right to deny the release of such information; and 5) their right to file a complaint with the Family Policy Compliance Office of the U.S. Department of Education.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the School District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, the student's parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or his/her parents;
- B. mental or psychological problems of the student or his/her family;
- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or his/her parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation. Please contact Director of Pupil Services, John Sample

to inspect such materials.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

The Family Policy Compliance Office in the U.S. Department of Education administers both Family Educational Rights and Privacy Act (FERPA) and Protection of Pupil Rights Amendment (PPRA). Parents and/or eligible students who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW 20202-4605
Washington, D.C.

Armed Forces Recruiting

The School must provide at least the same access to the high school campus and to student directory data as is provided to other entities offering educational or employment opportunities to those students. “Armed forces” means the armed forces of the United States and their reserve components and the United States Coast Guard.

In accordance with Federal and State law, the school shall release the names, addresses, School District assigned e-mail addresses, and telephone listings of secondary students to a recruiting officer for any branch of the United States Armed who requests such information. A secondary school student, or parent of the student, may request in writing that the student's name, address, School District assigned e-mail address, and telephone listing not be released without prior consent of the parent(s)/eligible student.

The Board shall ensure that students and parents are notified of the provisions of the opportunity to deny release of directory data. Public notice shall be given regarding right to refuse disclosure to any or all directory data including in the armed forces of the United States and the service academies of the armed forces of the United States. (Board Policy 8330 - Student Records)

If parents and eligible students do not submit such written notification to the School District, directory data may be utilized by the District Administrator in School District-wide publications, on the cable television educational access channel, or on the School District’s website. The directory data used will be properly verified and approved by the District Administrator.

Annually the Board will notify male students age eighteen (18) or older that they are required to register for the selective service.

Student Fees, Fines and Charges

Fees will be charged for some classes, co-curricular activities and District requirements. Fees or charges are determined by the cost of materials, freight/handling fees, and add-on fees for loss or

damage to school property (Board Policy 6152 - Student Fees, Fines, and Charges). The school and staff do not make a profit.

Although fees and fines must be paid in full, we understand that in certain, limited circumstances, full and immediate payment of this fee may place a financial burden on families. In lieu of these circumstances, a payment plan can be put in place for your child. Fees may be waived in situations where there is financial hardship. Be aware of fee payment deadlines. Ask the high school office for more information. Fees may be waived in situations where there is financial hardship. (Board Policy 6152.01 - Waiver of School Fees and Fines)

Students using school property and equipment can be fined for excessive wear and abuse. The fine will be used to pay for the damage, not to make a profit.

Late fines for Library Media Center materials can be avoided when students return borrowed checked-out materials promptly. Their use may be needed by others.

Students who fail to pay fines, fees, or charges may be denied participation in graduation ceremonies. (Board Policy 5460 – Graduation Requirements)

Student Fund-Raising

Students participating in school-sponsored groups and activities will be allowed to solicit funds from other students, staff members, and members of the community in accordance with school guidelines (Board Policy 5830 - Student Fund-Raising). Each student organization shall be permitted two (2) fundraising exceptions per school year where foods and beverages that are not allowable under the Smart Snack Rules can be sold. If approved, fundraisers that involve the sale, to students, of food items or beverages to be consumed on School District property shall not compete directly with the sale of reimbursable meals.

Any student under nine (9) years of age, or each group containing one (1) or more students under nine (9) years of age, must be physically accompanied by a parent or a person at least sixteen (16) years of age.
- Any fund-raisers that require students to exert themselves physically beyond their normal pattern of activity, such as "runs for", will be monitored by a staff member in order to prevent students from overextending themselves to the point of potential harm.
- No student may participate in a fund-raising activity conducted by a parent group, booster

- club, or community organization on school property without the approval of the Principal.
- Fundraising by students on behalf of school-related organizations whose funds are not managed by the School District may be permitted on school grounds by the District Administrator.
- The Board does not permit or sanction the use of crowdfunding for District or specific school programs or activities, including co-curricular or extra-curricular activities. (Board Policy 6605)

Student Valuables and Lockers

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The school cannot be responsible for their safe-keeping and will not be liable for loss or damage to personal valuables.

Personal belongings should be stored in your assigned school locker. The locker is to be used solely and exclusively for the storage of outer garments, footwear, and school related materials and no student should use the locker for any other purpose. You are expected to stay in the locker you are assigned to unless you are given permission to change lockers by the office. **KEEP YOUR LOCKERS LOCKED** in the hallway and locker rooms. **It is the student's responsibility to ensure that their personal belongings and school property are secured in school lockers.** It is strongly encouraged to have a combination lock for physical education and athletic events. Locks can be rented from your PE teacher if needed. Students will be responsible for upkeep and cleanliness of their assigned lockers. No permanent stickers will be allowed on or in the lockers. A cleaning cost will be assessed to students if lockers do not meet inspection requirements.

A copy of the School District's Toxic Hazard Policy and asbestos management plan will be made available for inspection at the School District office upon request. (Board Policy 8431 – Preparedness for Toxic Hazards.)

Visitors

Visitors, particularly parents, are welcome at the School. In order to properly monitor the safety of students and staff, each visitor must report to the office upon entering the school to register and obtain a pass. Any visitor found in the building without a pass shall be reported to the Principal and/or law enforcement.

If a person wishes to confer with a member of the staff, they should call for an appointment prior to coming to the school, in order to prevent any loss of instructional time. Visitor access to classrooms and instructional activities are subject to reasonable restrictions and limits. Please consult with the Principal regarding these restrictions. Students may not bring visitors to school without first obtaining

written permission from the Principal. (Board Policy 7440 – Facility Security and Policy 9150 – School Visitors)

If such an individual refuses to leave the school grounds or creates a disturbance, administrators are authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Use of the Library/Media Center

The library/media center is available to students throughout the school day. Passes may be obtained from a student's teacher or from the media center staff. Books on the shelves may be checked out for a period of time. To check out any other materials, contact the media center staff.

The loss of open campus privileges may be reinstated at the beginning of the next grading period if the student is reclassified as a student in good standing and has met all the above criteria.

Students exiting the building during open campus must use door 24 located in the High School. Students are expected to follow LMC expectations and procedures to maintain the privilege of utilizing the cafeteria. Students must scan their ID with the cafeteria monitor before exiting the building.

Due to student cell phone use policies during the school day, students may use the telephone located in the high school office with permission. Office personnel will initiate all calls on behalf of a student seeking permission to leave school. Classroom phones may not be used by students.

Use of Cell Phones or Personal Communication Devices

Board Policy 5136 - PERSONAL COMMUNICATION DEVICES

The Board is aware that PCDs are used by students and parents to communicate with each other. However, the use of PCDs on school grounds must be appropriately regulated to protect students, staff, and the learning environment.

"Personal communication devices" (PCDs), also referred to as "wireless communication devices", as used in this policy, mean a portable wireless device that has the capability to provide voice, messaging, or other data communication between two (2) or more parties and includes all of the following:

- A. cellular/mobile telephone;
- B. tablet computer;
- C. laptop computer;
- D. gaming device;
- E. smartphone;
- F. e-reader;
- G. smartwatch;
- H. wearable technology;
- I. any other web-enabled devices of any type.

Students may use (PCDs) before and after school, during their lunch break, in between classes as long as they do not create a distraction, disruption or otherwise interfere with the educational environment, during after-school activities (e.g., extra-curricular activities), and at school-related functions. Use of PCDs, at any other time is prohibited and they must be powered completely off (i.e., not just placed into vibrate or silent mode) and stored out of sight.

Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet websites that are otherwise blocked to students at school.

Students may use PCDs while riding to and from school on a school bus or other Board-provided vehicles, or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher, or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.

Except as authorized by a teacher, administrator or IEP team, students are prohibited from using PCDs during the school day, including while off-campus on a field trip, to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person. Using a PCD to capture, record and/or transmit audio and/or pictures/video

of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a PCD to violate the privacy rights of another person may have their PCD confiscated and held until the end of the school day. If the violation involves potentially illegal activity, the confiscated-PCD may be turned over to law enforcement.

PCDs, with cameras or any other recording capabilities, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, classrooms, gymnasiums, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The District Administrator and building principals are authorized to determine other specific locations and situations where use of a PCD is absolutely prohibited.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Policy 5517.01 – Bullying. In particular, students are prohibited from using PCDs to: 1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon any Protected Class consistent with Board Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity; and 2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Possession of a PCD by a student at school during school hours, and/or during extra-curricular activities, is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

The second offense of electronic device misuse will result in the student having their phone taken and left in the office for the remainder of the school day. The student will pick up the phone at 3:15pm and will be assigned two lunch detentions. Parent notification will occur.

The third offense of electronic device misuse will result in the student having their phone taken and left in the office for the remainder of the school day. **The parent will pick up the phone from the office.** Discipline consequences will be assigned, which may consist of lunch detentions, in-school suspension, loss of open campus privileges, etc.

Any further electronic device misuse will be addressed through a parent/student/school conference accompanied by discipline consequences.

The report should include as much detail as possible concerning the person(s) involved, the weapon, the location of the person(s), and how this information was obtained.

No student is to confront the person possessing the weapon, but a staff member has the option of confronting the person if the staff member believes the risk of injury to self or others is minimal or if immediate action is necessary to prevent injury to any person.

This policy will be published annually in all District student and staff handbooks. Publication is not a precondition to enforcement of this policy.

Advertising Outside Activities

No announcements or posting of outside activities will be permitted without the approval of the Principal. A minimum of twenty-four (24) hours advance notice is required to ensure that the Principal has the opportunity to review the announcement or posting. (Board Policy 9700 – Relations with Non-School Affiliated Groups)

School Safety is the responsibility of everyone. Students must feel comfortable to report the witnessing of possession of illegal items or the rumor of threats to the safety of others. **If you See Something, Say Something.** Students take the following steps to report illegal activity:

- Discuss the situation privately with a staff member.
- Report the activity to the Guidance Department, Administration, or School Resource Officer (law enforcement)

In recognizing its responsibility to uphold the minimum educational standards of the State of Wisconsin, the Board has established a policy and criteria regarding the acceptance of credits for students transferring to the high school from nonpublic schools, whether they are private schools, as defined by law, or other types of schools. For credit or course-work to be accepted for courses taken in such schools, assurance of compliance with minimum requirements established by the State must be provided.

The School District may grant a high school diploma to a student who has not satisfied the requirements under policy if the student was enrolled in an alternative education program and the School District determines that the student has demonstrated a level of proficiency in the subjects required under this policy.

Depending upon the disability profile, students in special education shall either receive a diploma or a certificate of completion if certified they have properly completed the requirements of their IEP, or received the recommendation of the IEP Team, as related to completion of credit requirements through regular, special, or alternative education. They may participate in all graduation activities.

Students, who at the time graduation exercises are conducted, have not completed all requirements for graduation will not be allowed to participate in graduation ceremonies and exercises.

A student may be denied participation in graduation activities for disciplinary reasons and/or for nonpayment of fees. (Board Policy 5460 – Graduation Requirements)

A complete explanation of the requirements for graduation are listed in the High School Course Selection Guide.

Early Graduation

In order to graduate early, the candidate must have:

- Completed seven semesters of high school attendance four of which must have been in the School District of Tomahawk;
- Satisfied all of the requirements of a four-year graduate;
- Qualified by virtue of extenuating circumstances or special goals.

If the applicant meets the above requirements, the student will submit a written request for early graduation to the high school principal, no later than March 15th of the sixth semester. The request must contain a statement of endorsement and the signatures of the parents or legal guardian and must clearly express the reasons for the request.

The matter will be thoroughly reviewed in a conference including the student, counselor, parents and the high school principal. After a complete evaluation of the request, the principal will forward the recommendation to the District Administrator for consideration and Board action.

Early College Credit Program

Any student in 9th, 10th, 11th, or 12th grade may enroll in the Early College Credit Program providing the student meets the requirements established by law and by the School District and subject to the approval of the Board on an annual basis. A student or their parent must also complete and submit the Intent to Participate Form available from the Student Services Office or the Department of Public Instruction to the high school administration by February 1st if the student intends to enroll in the summer session, by March 1st if the student intends to enroll in the next fall semester, and by October 1st if they intend to enroll in the spring semester. Any interested student should contact their school counselor to obtain the necessary information. (Board Policy 2271 – Early College Credit Program)

Start College Now Program

Any student in 11th or 12th grade may enroll in a course at a Wisconsin Technical College System campus through the Start College Now Program providing the student meets the requirements established by law and by the School District and subject to approval of the Board on an annual basis. A student or their parents must also complete the application form and submit it to the high school Student Services Office by March 1st if the student intends to enroll in the next fall semester or by October 1st if they intend to enroll in the spring semester. Any interested student should contact their school counselor to obtain the necessary information. (*Board Policy 2271.01 – Start College Now Program*)

Academic Honesty

Honesty and integrity are expected at all times. Students are prohibited from presenting someone

else's work as their own, providing unauthorized assistance to another student, and cheating in all its forms.

All school work submitted for the purpose of meeting course requirements must be the individual student's original work. Also, no student may intentionally limit or impede the academic performance or intellectual pursuits of other students. Students who engage in cheating or academic dishonesty will be subject to disciplinary consequences. (Board Policy 5505 – Academic Honesty)

The unauthorized use of Artificial Intelligence tools to generate or complete academic work shall constitute a violation of the District's policy on academic honesty. (See Policy 5505 - Academic Honesty)

All use of AI technology must comply with the requirements and standards set forth in Policy 7540.08 - Artificial Intelligence (AI)

Field Trips

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the school's co-curricular and extracurricular program. No student may participate in any school-sponsored trip without parental consent. (Board Policy 2340 – District-Sponsored Trips)

Attendance rules, the Student Code of Conduct and the Search and Seizure policy apply to all field trips.

College Visits

Students missing a day of school to visit a college need to pre-approve the visit with the Counselors a week in advance of the visit. Bring a note from your parents to pre-arrange the absence with the office.

Student Technology Acceptable Use and Safety Policy

Students are encouraged to use the school's technology resources for educational purposes. Use of such resources is a privilege, not a right. Students must conduct themselves in a responsible, efficient, ethical, and legal manner. Users are required to refrain from actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like). Unauthorized or inappropriate use, including any violation of the School District's policies and administrative guidelines, may result in cancellation of the privilege, disciplinary action consistent with the School's rules, and civil or criminal liability. Smooth operation of the School's network relies upon users adhering to the School District's policies and administrative guidelines. Prior to accessing the Internet at School, students are required to confirm their agreement to abide by the terms and conditions of the Student Technology Acceptable Use and Safety Agreement each year.

Violation of the Student Technology Acceptable Use and Safety Agreement may result in disciplinary consequences up to and including expulsion from the School District, civil liability and/or referral to law enforcement.

The School District reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the School District.

Users have no right or expectation to privacy when using District Technology Resources (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online

activity when using the District's computer network and/or Internet connection.)

Expectations for Responsible Artificial Intelligence (AI) Use

Students are strictly prohibited from inputting Personally Identifiable Information (PII), confidential student or staff data, or any non-public school records into any AI tool or service that has not been explicitly approved and contracted with by the District.

Students are expected to adhere to principles of transparency, proper citation, and responsible use of AI in all academic and school-related activities. Students must disclose the use and extent of AI assistance on any submitted work as required by staff.

Students are prohibited from using technology and/or AI to bully, harass, threaten, impersonate, create, or distribute deceptive or harmful content, including deepfake or synthetic media that falsely depicts another person. AI may not be used for academic dishonesty, privacy violations, or any conduct that materially disrupts the educational environment. Violations of this policy will result in disciplinary action consistent with Policy 5500 - Student Codes of Conduct and other applicable Board policies.

Use of School District technology resources to engage in "cyberbullying" is prohibited. "Cyberbullying" involves the use of information and communication technologies to support deliberate, repeated, and hostile behavior by an individual or group, which is intended to harm others."

Cyberbullying includes, but is not limited to the following:

1. posting slurs or rumors or other disparaging remarks about a student or school staff member on a web site or on weblog;
2. sending e-mail or instant messages that are mean or threatening, or so numerous as to drive up the victim's cell phone bill;
3. using a camera phone to take and send embarrassing and/or sexually explicit photographs/recordings of students or school staff;
4. posting misleading or fake photographs of students or school staff members on web sites.

To the extent permitted by the First Amendment, instances of cyberbullying off school grounds that disrupt the school environment or interfere with the learning process will be considered violations of the Student Code of Conduct. (Board Policy 7540.03 - Student Technology Acceptable Use and Safety)

Students shall not access social media for personal use from the School District's network but shall be permitted to access social media for educational use in accordance with their teacher's approved plan for such use.

Virtual Instruction

Students engaged in classes conducted in a virtual/online environment are considered, for conduct purposes, to be in attendance at school. Policies, rules, and expectations for student conduct while at school, or under the supervision of school authorities while at a school-sponsored activity, also apply to students when engaged in online learning activities.

Conduct that is not permitted at school is also not permitted during online learning in a virtual classroom setting. (Board Policy 5500.01 - Conduct in Virtual Classroom)

Student Assessment

To measure student progress, students will be tested in accordance with State standards and School District policy. (Board Policy 2623 - Student Assessment)

Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs.

Classroom tests will be used to assess student progress and assign course grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives.

Vocational and interest surveys may be given to identify particular areas of student interest or talent. These are often given by the school counseling staff.

If necessary, intelligence tests, speech and language evaluations, individually administered achievement tests, and other special testing services are available to students needing these services.

Depending on the type of testing, specific information and/or parent consent may need to be obtained. The assessment program will not violate the rights of consent and privacy of a student participating in any form of evaluation.

College entrance testing information can be obtained from the School's Counseling office.

Grade Reporting

Teachers have a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general, students are assigned course grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas in determining a course grade and will inform the students at the beginning of the course work. If a student is not sure how their course grade will be determined, the student should ask the teacher.

Progress Reports are generated at 6 week intervals to monitor and communicate student learning progress. Six Week Progress Report grades are not calculated into the Semester Grade. Semester Grades are independent and are cumulatively calculated throughout the semester.

Course grades will be determined in line with Policy 2623 - Student Assessment and Grading. Report Cards are generated at the completion of each Semester. Semester grades become a part of the student's permanent record. Students withdrawing from a course prior to the end of semester may result in a failing semester grade.

Student's grades are also available with a username and password Skyward Parent and Student Access

Letter grades are used to indicate a level or progress.

Class Status

A student's progress toward graduation and receiving a diploma is determined by completing required coursework, earning the necessary credits and passing appropriate tests. A student is only promoted when the necessary requirements are met or the student has completed the goals and objectives of an Individualized Education Plan (I.E.P.). It is the student's responsibility to keep in contact with their counselor and teachers to ensure that all requirements are being met. Information about credit and course requirements is available in the school counseling office and a counselor will be pleased to answer any questions.

Grade level advancement is determined by the number of credits earned. A student of sophomore status must have earned **five** credits by the end of the freshman year. A student of junior status must have earned a total of **ten** credits by the end of the sophomore year. A student of senior status must have earned a total of **sixteen** credits by the end of the junior year.

Class Rank

Grade point average used to determine class rank begins in Grade 9 and continues through the first semester of Grade 12. Class ranks are used for scholarships and entrance into colleges. In order to qualify for class rank pertaining to State Scholarships, Valedictorian/Salutatorian, a student must be in continuous attendance and grading in the District starting the first semester of their Junior year.

Honor Roll

The High School Honor Roll is intended to give recognition to students that have attained noteworthy scholastic achievements at each semester term.

All courses offered for credit towards a high school diploma are used to determine a student's grade point.

Highest Honors	3.76 - 4.00
High Honors	3.50 - 3.75
Honors	3.00 - 3.49

Scholarships

Students are directed to the High School Counseling Office to obtain information about the scholarship program. Guidance staff will assist students with the application process. Scholarships are awarded by a committee determined by the donating organization. These committees operate under the mandates determined by the donating organization. Many of the scholarship committees are not under the direction of the school district. Scholarships are viewed as a gift from a sponsoring organization to support the future plans of the students selected for the scholarship. Students must have completed applications to the guidance office by the date specified. It is the student's responsibility to adhere to deadlines and information needed.

1. **Academic Excellence Scholarship** - Refer to current School Board policy for selection criteria.
2. **Technical Excellence Scholarship (TES)** - Refer to current School Board policy for

selection criteria.

3. **Local & Other Scholarships** - Communicate with THS Counseling Office for information.

Sincerely Held Religious Beliefs

Our curriculum is chosen for its place in the education of the District's students, not for its conformity to religious principles. It is expected that students will receive unbiased instruction in the schools, so they may privately accept or reject the knowledge thus gained, in accordance with their own religious tenets if any.

If after careful personal review of the program's lessons and/or materials, a student, or parent of a minor student, indicates to the school that either the content or activities conflict with the student's or parent's religious beliefs or value system, the school will honor a written request for the parent's child to be excused from particular class periods for specified reasons.

The student will be provided with alternate learning activities during the times of such adult student or parent requested absence. (Board Policy 2270 – Religion in the Curriculum and Board Policy 2240 – Controversial Issues in the Classroom)

SECTION III - STUDENT ACTIVITIES

School-Sponsored Clubs and Activities

Students have the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be for credit, required for a particular course, and/or contain school subject matter.

The school has many student groups that are approved by the Board. For a current list of student groups contact the Activities Director or reference the Co-Curricular Code of Conduct.

Extra-curricular activities do not reflect the school curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like.

For a current list of extracurricular activities contact the Activities Director or reference the Co-Curricular Code of Conduct.

All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements. (Board Policy 2430 - District-Sponsored Clubs and Activities)

All District-sponsored club communications, including flyers or posters to be displayed on school property, shall be limited to the club's name, meeting date, time, and location, and subject to administrative approval.

School-Sponsored Publications and Productions

The Board sponsors student publications and productions as a means by which students learn, under adult direction/supervision, the rights and responsibilities inherent when engaging in the public expression of ideas and information in our democratic society. (Board Policy 5722 - School-Sponsored Publications and Productions)

All school-sponsored student media are nonpublic forums. While students may address matters of interest or concern to their readers/viewers, as nonpublic forums, the style and content of the student

publications and productions can be regulated for legitimate pedagogical, and school-related reasons. School officials shall routinely and systematically review and, if necessary, restrict the type and/or content of all school-sponsored student media prior to publication/performance in a reasonable manner that is neutral as to the viewpoint of the speaker. Legitimate pedagogical concerns are not confined to academic issues but include the teaching by example of the shared values of a civilized social order, which consists of not only independence of thought and frankness of expression but also discipline, courtesy/civility, and respect for authority. School officials may further prohibit speech that is grammatically incorrect, poorly written, inadequately researched, biased or prejudiced, vulgar, or profane, or unsuitable for immature audiences.

While ordinarily school-sponsored student media may only be published/performed to members of the school community, the District Administrator may authorize specific student media to be published/performed outside the school community, (i.e., to the general public). A student or group of students who wish to have his/her/their student media published/performed outside the school community must submit to the District Administrator a request for prior written approval for such publication/performance.

SECTION IV - STUDENT CONDUCT

Attendance

The School District requires all students to attend school regularly in accordance with the laws of Wisconsin and Board Policy 5200 - Attendance. The school's educational program is predicated upon the presence of the student and requires continuity of instruction and classroom participation. The regular contact of students with one another in the classroom and their participation in a well-planned instructional activity under the guidance of a competent teacher are vital to this purpose.

Compulsory Student Attendance

All children between six (6) and eighteen (18) years of age shall attend school regularly during the full period and hours, religious holidays excepted, that the school is in session. All students must attend until the end of the term, quarter or semester of the school year in which the child becomes eighteen (18) years of age unless they fall under an exception outlined in the Board Policy 5200 - Attendance. A child who is enrolled in five (5) year-old kindergarten shall attend school regularly, religious holidays excepted, during the full period and hours that kindergarten is in session until the end of the school term.

Attendance is also defined as participation in the various forms of distance learning including videoconference, satellite, Internet or other electronic information and telecommunications technologies. Discuss these alternatives with your school counselor since approval may be required prior to enrollment in a distance learning program.

Excuse for Absence

A parent of a student who is absent shall provide **either** a written or oral notification stating the reason for and the time period of the absence. This statement must be submitted prior to the absence if the absence is foreseeable. If the absence is not foreseeable, the statement must be provided prior to the student's readmission to school. The statement shall be submitted to the school office and filed in the student's school record. The School District reserves the right to verify statements and investigate absences from school.

Release of Students to Authorized Persons

If only one (1) parent is permitted to make educational decisions or to approve absences of the student

by Court order, the responsible parent shall provide the school with a copy of the Court order. Absent such notice, the school will presume that the student may be released into the care of either parent.

No student who has a medical disability which may be incapacitating may be released without a person to accompany the student.

No student shall be released to anyone who is not authorized by a parent with authority to do so.

Excused Absences

A student shall be excused from school for the following reasons:

Physical or Mental Condition

The student is temporarily not in proper physical or mental condition to attend a school program. If the absence exceeds the number of parent excused days available, the inability of the student to attend school due to a physical or mental condition must be certified in writing by a licensed physician, dentist, chiropractor, optometrist or psychologist or Christian Science practitioner living and residing in Wisconsin, who is listed in the Christian Science Journal. The time period for which the certification is valid may not exceed thirty (30) days.

Obtaining Religious Instruction

Students may wish to obtain religious instruction outside the school during the required school period. The time period or periods of absence shall be determined by the school attendance officer. Such absences must be at least 60 minutes but not more than 180 minutes per week. Requests for absence under this paragraph shall be denied if the student fails to attend religious instruction after requesting to be absent from regular school. The supervisor of such religious instruction shall report monthly, to the principal of the school regularly attended, the names of the students who attended such weekly religious instruction. See Board Policy 5223 - Absences for Religious Instruction for further details.

Permission of Parent or Guardian

The student may be excused by their parent or guardian before the absence for any or no reason. A student may not be excused for more than ten (10) days under this paragraph and must complete any course work missed during the absence. Examples of reasons for being absent that should be counted under this paragraph include, but are not limited to, the following:

1. professional and other necessary appointments (e.g., medical, dental, and legal) that cannot be scheduled outside the school day
2. to attend the funeral
3. legal proceedings that require the student's presence
4. college visits
5. job fairs
6. vacations

Parents are encouraged not to take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents should discuss the matter with the student's teacher(s) to make necessary arrangements.

Religious Holiday

The student wishes to observe a religious holiday consistent with the student's creed or belief.

Suspension or Expulsion

The student has been suspended or expelled.

Program or Curriculum Modification

Students may be excused from regular school attendance to participate in a program or curriculum modification leading to high school graduation or a high school equivalency diploma as provided by State law.

High School Equivalency – Secured Facilities

A student may be excused from regular school attendance to participate in a program leading to a high school equivalency diploma in a secured correctional facility, a secured child caring institution, a secure detention facility, or a juvenile portion of a county jail. The student and their parent or guardian must agree that the student will continue to participate in such a program.

Child at Risk

The student is a “child at risk” as defined under State law and is participating in a program at a technical college on either a part-time or full-time basis leading to high school, as provided under State law.

Election Day Official

A high school student age sixteen (16) or seventeen (17) is permitted to be excused to serve as an election official provided that the following criteria are met: (1) the student has the permission of their parent to serve as an election official on election day; (2) the student has signed up and the municipal clerk has informed the principal that the student has been assigned to serve in this capacity; and (3) the student has at least a 3.0 grade point average or equivalent, or has met alternative criteria established by Board, if any. The principal shall promptly notify the municipal clerk or the board of election commissioners of the municipality that appointed the child as an election official if the child no longer has at least a 3.0 grade point average or the equivalent, or no longer meets the established alternative requirements. A student's absence to serve as an election official under this policy shall be treated as an excused absence. Where possible students are encouraged to provide advance notice as much as possible. Students are responsible for completing any missed school work and responsible for making appropriate arrangements to do so.

Virtual Access

The student is unable to access virtual instruction programming due to a temporary disruption in the student's access to necessary technological systems (i.e. internet outage, computer failure, software malfunction, etc.) as communicated by the student's parent.

A student may be excused from school, as determined by the School Attendance Officer, for the following reasons:

- Quarantine of the student's home by a public health officer.
- Illness of an Immediate Family Member
- An emergency that requires the student to be absent because of family responsibilities or other appropriate reasons.
- Work at Home Due to Absence of Parents
 - To work at home due to the absence of the student's parents. Absences under this section shall not exceed five (5) days nor be granted to any student younger than sixteen (16) years of age.
- Severe Weather Conditions

- In the parent's reasonable judgment, weather conditions are a danger to the health and welfare or safety of the student.
- Sounding Taps
 - A student in grades 6-12 may be excused for the purpose of sounding "Taps" during military honors funeral for a deceased veteran.

Truancy

“Truancy” means any absence of part or all of one or more days from school during which the school attendance officer, principal, or teacher has not been notified of the legal cause of such absence by the parent or guardian of the absent pupil, and also means intermittent attendance carried on for the purpose of defeating the intent. Wisconsin Statute 118.16(c).

“Habitual truant” means a pupil who is absent from school without an acceptable excuse for part or all of five or more days on which school is held during a school semester. Wisconsin Statute 118.16(a).

When a student is truant or habitual truant, the School Attendance Officer shall ensure that all applicable provisions of the School District’s Truancy Plan are carried out. Citations may be issued by the Tomahawk Police Department to students who are truant from school.

Parent/Guardian Responsibilities

It is the responsibility of the student’s parent or guardian to ensure that their child attends school regularly. Parents are expected to provide an excuse for all absences.

Student Responsibilities

Students are required to attend all classes and other school activities on their daily schedule, unless they have been excused from school.

Unexcused Absences

Unexcused absences demonstrate a deliberate disregard for the educational program and are considered a serious matter. The Principal will determine on a case-by-case basis the appropriate methods to deal with unexcused absences. The following methods may be considered and are not limited to:

- Counseling the student;
- Requiring the student to make-up lost time;
- Requiring the student to make-up course work and/or examinations, as permitted under this Guideline;
- Conferring with the student’s parents;
- Suspending the student from school;
- Referring the student to an appropriate agency for assistance.

It is the student’s responsibility to clear up any discrepancies in attendance. It is the responsibility of the parent/guardian to provide reasons for student absences and the school’s responsibility to determine if the absence is excused or unexcused.

Administrative action to address unexcused absences shall be in accord with due process as defined in Board Policy 5611 - Due Process Rights, the Student Code of Conduct, and other applicable Board Policies.

Late Arrival and Early Dismissal

It is necessary that a student be in attendance throughout the school day in order to benefit fully from

the educational program of the District.

The Board recognizes, however, that from time-to-time compelling circumstances require that a student be late to school or dismissed before the end of the school day.

As an agent for the education of the children of this School District, the Board shall require that the school be notified in advance of such absences by written (including email) and/or personal (phone or face-to-face) request of the student's parent, who shall state the reason for the tardiness or early dismissal. Justifiable reasons shall be determined by the Building Principal or Associate Principal.

No student who has a medical disability which may be incapacitating may be released without a person to accompany the student.

No student shall be released to anyone who is not authorized such custody by the parents.

Parent/Guardian Attendance Responsibilities

It is the responsibility of the student's parent or guardian to ensure that their child attends school regularly. Parents are expected to provide an excuse for all absences.

Student Attendance Responsibilities

Students are required to attend all classes and other school activities on their daily schedule, unless they have been excused from school.

Upon returning to school, if the parent or guardian of the student did not call in an excused absence, they must provide a note explaining the reason for the absence. The office must receive the guardian communication within two (2) school days of the absence or the absence may remain unexcused.

Students must obtain an admit slip from the school office for all classes missed the previous day(s) PRIOR TO first hour class. Students should report to the office immediately upon arrival to school.

Students Leaving School During the School Day

In order for a student to leave the building during the school day, a parent/guardian must first contact the school office prior to a student leaving their assigned location. Students are to sign-out in the school office prior to leaving school for any reason other than a school sponsored activity. ***Calls during the school day to arrange for leaving must be made from the high school office phone with permission.**

No staff member shall permit or cause any student to leave school prior to the regular hour of dismissal except with the knowledge and approval of the Principal and with the knowledge and approval of the student's parents.

No student will be released to any government agency without proper warrant or written parental permission except in the event of an emergency as determined by the Principal.

Make-Up Course Work and Examinations

A student whose absence from school was excused or unexcused shall be permitted to make-up course work and examinations missed during the absence when they return to school. It is the student's responsibility to contact their teachers to determine what course work and examinations must be made up. Teachers shall have the discretion to assign substitute course work and examination. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be commensurate with the length of the absence, unless extended by the Principal based

upon extenuating circumstances.

Unexcused Absences

Credit in a course or subject shall not be denied solely because of a student's unexcused absence from school.

A student whose absence from school was unexcused shall be permitted to make-up course work and quarterly, semester or grading period examinations missed during the absence if the student is at risk of receiving no credit in a course or subject if the work is not made up.

Subject to the immediately preceding two paragraphs, credit may, but is not required to be given for the completion of make-up work. Further, credit for make-up work may be given only after the student has satisfied consequences imposed for unexcused absences. The extent to which make-up credit is given shall be determined on a case-by-case basis by the Principal and the respective teachers.

If make-up work is allowed, it is the student's responsibility to contact their teachers to determine what course work and examinations must be made-up. Teachers shall have the discretion to assign substitute course work and examinations. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be commensurate with the length of the absence, unless extended by the Principal based upon extenuating circumstances.

Tardiness

Students who are not in their assigned location class when the bell rings are considered tardy. All students who are tardy to school must report to the school office to sign in. When a staff detains a student after class, the teacher shall issue a late pass for the student's next class. Individual staff will enforce disciplinary procedures for tardies. Repeated tardiness will result in referral to administration and further disciplinary action.

Student Behavior

A major component of the educational program is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards.

Expected Behaviors

Each student shall be expected to:

- abide by Federal, State, and local laws as well as the rules of the school;
- respect the civil rights of others;
- act courteously to adults and fellow students;
- be prompt to school and attentive in class;
- work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, sex, sexual orientation, race, or ethnic background;
- complete assigned tasks on time and as directed;
- help maintain a school environment that is safe, friendly, and productive;
- act at all times in a manner that reflects pride in self, family and in the school.

Lunchroom Expectations:

- Students are expected to report to lunch by the end of the 4 minute passing period.
- Students will remain in the cafeteria after finishing lunch.

- Students may use the grass area directly outside the cafeteria with permission from a supervising staff member. Weather permitting.
- Students are expected to use good table manners and clean up after themselves when finished.
- Students must have permission from a staff member to leave the cafeteria prior to lunch ending.
- Talking, visiting and use of building within the above limitations is permitted and acceptable. However, we encourage students to refrain from loud and boisterous conduct, which would be disrupting normal business proceedings in nearby classrooms.

Prohibited Use or Possession of Intoxicants, Drugs, or Paraphernalia

The administration and staff recognize that the misuse of drugs is a serious problem with legal, physical, and social implications for the entire school community.

As the educational institution of this community, our school strives to prevent drug abuse and help drug abusers by educational, rather than punitive, means.

For purposes of this policy, "drugs" shall mean:

- all dangerous controlled substances as so designated and prohibited by Wisconsin statute;
- all derivatives of hemp, **including Delta-8-THC, Delta-9-THC, Delta-10-THC, Delta-11-THC, THC-O, and all other forms that cause psychosis; in all forms of delivery (i.e. inhalation, ingestion, injection, etc.)** except those permitted by the school in accordance with Board Policy 5330 – Administration of Medications/Emergency Care;
- all chemicals which release toxic vapors;
- all alcoholic beverages;
- any prescription or patent drug, except those for which permission to use in school has been granted pursuant to Board policy;
- "look-alikes"
- essential oils and oil like products that may be mistaken for a drug;
- anabolic steroids;
- any other illegal substances so designated and prohibited by law.

The use, possession, concealment, or distribution of any drug, drug look-alike and any drug-paraphernalia at any time on school property or at any school-related event is prohibited. Disciplinary sanctions, up to and including expulsion and referral for prosecution, will be imposed on students who violate the school's drug abuse guidelines. (Board Policy 5530 – Student Use or Possession of Intoxicants, Drugs, or Paraphernalia)

Use of Tobacco/Nicotine Prohibited

The Board is committed to providing students, staff, and visitors with a tobacco and smoke-free environment. The negative health effects of tobacco and nicotine use for both users and non-users, particularly in connection with second hand smoke, are well-established. In addition, students less than eighteen (18) years of age are generally prohibited by law from purchasing or possessing cigarettes and other tobacco products.

It shall be a violation of School District policy for any student of the School District to possess, use, consume, display, promote, or sell any tobacco products, tobacco industry brand, tobacco-related devices, imitation tobacco products, or electronic smoking or vaping devices, regardless of content, at any time on school property or at off-campus, school-sponsored events. Specifically, in policy the term "tobacco product" means any product containing, made, or derived from tobacco or that contains nicotine, whether synthetic or natural, that is intended for human consumption, whether chewed, smoked, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, or any

component, part, or accessory of a tobacco product, including but not limited to, cigarettes; electronic smoking devices; cigars; little cigars; cheroots; stogies; periques; granulated, plug cut, crimp cut, ready rubbed, and other smoking tobacco; pouches, snuff; snuff flour; cavendish; plug and twist tobacco; fine-cut and other chewing tobacco; shorts; refuse scraps, clippings, cuttings and sweepings of tobacco, and other kinds and forms of tobacco. (Board Policy 5512 – Use of Tobacco and Nicotine by Students)

The use of other products containing nicotine, such as nicotine patches and nicotine gum is also prohibited except when a student provides documentation from a licensed medical practitioner that the student's use of non-tobacco nicotine products is being medically supervised for the cessation of a nicotine addiction and the student complies with Board Policy 5330 - Administration of Medication/Emergency Care.

Students who fail to abide by the policy will be subject to the following consequences:

- The first violation by a student of the no tobacco use policy results in a one to a three-day suspension and referral to legal authorities.
- The second violation results in a two to a five-day suspension and referral to legal authorities.
- The third violation results in a two to a five-day suspension and referral to legal authorities.
- The fourth violation may result in a suspension and referral to the school board for expulsion.

Student Code of Classroom Conduct

The school is committed to maintaining an orderly and safe academic atmosphere. Teachers are expected to create a positive learning environment and to maintain proper order in the classroom. Students are expected to behave in the classroom in a manner that allows teachers to effectively carry out their lessons and allows students to participate in classroom learning activities. Students are also expected to abide by all rules of behavior established by the school and their classroom teachers.

Such rules of behavior include a prohibition on knowingly making false statements or knowingly submitting false information during a sex discrimination complaint process, including intentionally making a false report of sexual harassment or submitting a false formal complaint. Providing false information is a violation of the Student Code of Conduct.

To ensure adherence to these expectations and principles, the Board has adopted a Code of Classroom Conduct, which applies to all students. (Board Policy 5500 - Student Code of Classroom Conduct)

Grounds for Removal of a Student from Class

Disturbances that interrupt the learning process cannot be permitted by any teacher. A teacher may temporarily remove a student from the teacher's class if the student violates the Code of Classroom Conduct. Additionally, the student may be removed from the class for a longer period of time at the discretion of the Principal. A student removed from class may also be placed in an alternative education setting.

Removal of a student from class for violating the Code of Classroom Conduct or placement of the student in an alternative educational setting does not prohibit the school from further disciplining the student for the conduct that caused removal or placement including, but not limited to, suspending or expelling the student.

It is neither possible nor necessary to specify every type of improper or inappropriate behavior for

which a teacher may remove a student from class. Provided below, however, are examples of reasons a student may be removed from class. A teacher may remove a student from class for conduct or behavior that:

- A. would result in suspension or expulsion under the Board's policies and procedures;
- B. violates the behavioral rules and expectations of the school;
- C. is dangerous, disruptive or unruly. Such behavior includes, but is not limited to, the following:
 - 1. possession or use of a weapon or look-alike or other item that might cause bodily harm to persons in the classroom;
 - 2. being under the influence of alcohol or controlled substances or otherwise violating the District alcohol and drug policy;
 - 3. behavior that interferes with a person's work or school performance or creates an intimidating, hostile, harassing, or offensive classroom environment;
 - 4. arguing, taunting, baiting, inciting or encouraging an argument or disruption or group posturing to provoke altercations or confrontations;
 - 5. disruption or intimidation caused by gang or group symbols or gestures, or gang or group posturing to provoke altercations or confrontations;
 - 6. pushing, striking, or other inappropriate physical contact with a student or staff member;
 - 7. interfering with the orderly operation of the classroom by using, threatening to use or counseling others to use violence, force, coercion, threats, intimidation, fear, or disruptive means;
 - 8. using dress or appearance in a manner that presents a danger to health or safety, causes interference with work, or creates classroom disorder;
 - 9. restricting another person's freedom to properly utilize classroom facilities or equipment;
 - 10. repeated classroom interruptions, confronting staff argumentatively, making loud noises, or refusing to follow directions;
 - 11. throwing objects in the classroom;
 - 12. repeated disruptions or violations of classroom rules, or excessive or disruptive talking;
 - 13. behavior that causes the teacher or other students fear of physical or psychological harm;
 - 14. willful damage to or theft of school property or the property of others; or
 - 15. repeated use of profanity.
- D. interferes with the ability of the teacher to teach effectively. Such conduct includes, but is not limited to, the following:
 - 1. repeated reporting to class without bringing necessary materials to participate in class activities; or
 - 2. possession of personal property by school rules or otherwise disruptive to the teaching and learning of others.
- E. shows disrespect or defiance of the teacher, exhibited in words, gestures or other behavior; or
- F. is inconsistent with class decorum and the ability of others to learn. Such behavior includes, but is not limited to, sleeping in class, blatant inattention, or other overt or passive refusal or inability to engage in class activities.

Procedure for Student Removal from Class

When a student is removed from class, the teacher shall send or escort the student to the Principal and inform the Principal of the reason for the student's removal from class. The teacher shall provide the

Principal with a written explanation of the reasons for the removal of the student within twenty-four (24) hours of the student's removal from class.

The Principal will generally give the student an opportunity to briefly explain the situation. The Principal shall then determine the appropriate educational placement for the student.

Parent/Guardian Notification Procedures

The Principal shall provide the parent or guardian of a student removed from class-with written notice of the removal and the reason(s) for the removal. The notification shall be made as soon as practicable, but no later than two (2) school days after the student's removal from class. The notice shall also include the reasons for the student's removal and the placement made by the Principal. If the removal from class and change of educational placement involves a student with a disability, the parent notification shall be made consistent with State and Federal laws and regulations applicable to disabled students.

If the student removed from a class is subject to disciplinary action up to and including suspension or expulsion for the particular classroom conduct and/or other disciplinary incidents the parent shall also be notified of the disciplinary action in accordance with legal and policy requirements.

Students with Disabilities

A student with a disability under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act, and 115.758, Wis. Stats., may be removed from class and placed in an alternative educational setting only to the extent authorized under the laws.

Definitions

“Student” means any student enrolled in the District, an exchange student, or a student visitor to the District’s schools.

“Teacher” means a person holding a license or permit issued by the State Superintendent whose employment by a school district requires that the teacher hold that license or permit.

“Class” or “classroom” means any class, meeting or activity which students attend, or in which they participate while in school under the control or direction of the School District. This definition of “class” includes, without limitation, regular classes, special classes, resource room sessions, labs, library time, counseling groups, assemblies, study halls, lunch, or recess. “Class” also includes regularly scheduled School District-sponsored extracurricular activities, either during or outside of school hours. Such activities include, by example and without limitation, School District sponsored field trips, after-school clubs, and sporting activities.

Other Forms of Discipline

It is important to remember that the school's rules apply at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

Ultimately, it is the building administration’s responsibility to keep things orderly. In all cases, the school shall attempt to make discipline prompt and equitable and to have the punishment match the severity of the incident.

Informal Discipline

Informal discipline takes place within the school. Examples include:

- Conference between the student and teacher, student and counselor, or student and administration.
- Detention and/or other corrective discipline.
- Notification of parent/guardian by phone and/or letter.
- Parent conference with a teacher, principal or other administrator
- Change of seating or location;
- Lunch-time detention
- In-school restriction;

Detentions

A student may be detained after school or asked to come to school early by a teacher, after giving the student and their parents one day's notice. The student or their parents are responsible for transportation. Detentions may be given for many reasons. Examples include:

1. Tardiness to school or in between classes.
2. Unexcused absence.
3. Misconduct in the study hall, library, classroom, corridors, in any school-related activity and on the school grounds.

Only the assigning staff member or administrator may excuse the student from serving their detention. Detentions will be assigned to be served prior to the start of the school day, after school, or lunchtime. Students who are assigned detention and fail to appear will be reported to the office. If the student is unable to serve detention at the designated time he/she is to report to the office to make arrangements for serving at another time. **Detention takes precedence over all other school lunchtime activities.** Failure to serve detention by a reasonable deadline may result in the student being suspended and further disciplinary action.

Suspension and Expulsion

Board Policy 5610 – Suspension and Expulsion authorizes the use of suspension and/or expulsion as follows:

A. Suspension

1. Duration and Grounds for Suspension

The Principal or a person designated by the Principal may suspend a student for up to five (5) school days or, if a notice of expulsion hearing has been sent, for up to fifteen (15) consecutive school days or ten (10) consecutive school days if the student is eligible for special education services under Chapter 115, Wis. Stats., if the suspension is reasonably justified and based upon any of the following misconduct:

- a. Noncompliance with school or Board rules;
- b. Knowingly conveying any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives;
- c. Conduct by the student while at school or while under the supervision of a school authority that endangers the property, health or safety of others;
- d. Conduct while not at school or while not under the supervision of a school authority that endangers the property, health or safety of others at school or under the supervision of a school authority;
- e. Conduct while not at school or while not under the supervision of a school authority that endangers the property, health or safety of any employee or School Board member of the District in which the student is enrolled.

- f. Under paragraphs c, d, and e above, conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property.

The District Administrator, or any Principal or teacher designated by the District Administrator shall suspend a student if the student possessed a firearm while at school or while under the supervision of a school authority.

The suspension period applies to “school days.” Thus, a suspension period does not include weekend days or vacation days.

2. Suspension Procedure

Prior to being suspended, on the day of the alleged infraction or as soon thereafter as is practicable, the student will be advised orally or in writing of the reason for the proposed suspension and given an opportunity to explain their conduct.

The Principal, within their discretion, may also inform the student’s parents or guardian of the reason for the proposed suspension prior to suspending the student.

3. Notice of Suspension

The parent or guardian of a suspended minor student shall be given prompt written notice of the suspension and the reason for the suspension by mail and by sending a copy of the notice home with the student. Oral notice may also be given to the student’s parent or guardian; however, it will be confirmed in writing.

4. Sending a Student Home on the day of the Suspension

Generally, the student should remain in school on the day of the suspension until school is dismissed for the day. Except as provided below, if the situation requires that the student be removed from the premises before school is dismissed, the Principal shall attempt to contact the student’s parent or guardian to request that the parent/guardian pick up the student. If the parent/guardian is unable to pick up the student, the student should remain under the school’s supervision until school is dismissed, or in the event law enforcement is involved, under law enforcement supervision.

5. Opportunity to Complete School Work

A suspended student shall not be denied the opportunity to complete coursework or take any assessments missed during the suspension period. Procedures and timelines will be at the discretion of the teacher.

6. Reference to the Suspension in the Student’s Record

The student’s suspension from school shall be entered in the student’s record as required by the rules adopted by the Board concerning the content of student records.

The suspended student or the student’s parent or guardian may, within five (5) school days following the commencement of the suspension, have a conference with the District Administrator or designee, who shall be someone other than a Principal, administrator or teacher in the suspended student’s school, to discuss removing reference to the suspension from the student’s records. The decision made by the District Administrator or designee is final.

Reference to the suspension in the student’s school record shall be removed if the Administrator finds that: the student was suspended unfairly or unjustly; the suspension was inappropriate, given the nature of the alleged offense; or the student suffered undue consequences or penalties as a result of the suspension.

The Administrator shall make a finding within fifteen (15) days of the conference.

7. Co-Curricular or Extra-Curricular Participation

A student's participation in co-curricular or extra-curricular activities during a suspension shall be determined on a case by-case basis.

B. Expulsion

1. Grounds for Expulsion

The Board may expel a student only when it is satisfied that the interest of the school demands the student's expulsion and it finds that the student: repeatedly refused or neglected to obey the rules established by the School District; knowingly conveyed or caused to be conveyed any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives; engaged in conduct while at school or while under the supervision of a school authority that endangered the property, health or safety of others; engaged in conduct while not at school or while not under the supervision of a school authority that endangered the property, health or safety of others at school or under the supervision of a school authority or endangered the property, health or safety of any employee or Board member of the School District in which the student is enrolled; or was at least sixteen (16) years old and had repeatedly engaged in conduct while at school or while under the supervision of a school authority that disrupted the ability of school authorities to maintain order or an educational atmosphere at school or at an activity supervised by a school authority and that such conduct did not otherwise constitute grounds for expulsion.

Under this section, conduct that endangers a person or property includes threatening the health or safety of a person or threatening to damage property.

2. Expulsion for Bringing a Firearm to School

The Board shall expel a student from school for not less than one (1) year whenever it finds that the student brought a firearm to school or, while at school or while under the supervision of a school authority, possessed a firearm, unless the Board finds that the punishment should be reduced based upon the circumstances of the incident. Any such finding by the Board shall be in writing.

3. Expulsion Hearing

Prior to expelling a student, the Board shall provide the student with a hearing. Prior written notice of the expulsion hearing must be sent separately both to the student and their parent(s) or guardian(s) if the student is a minor; otherwise just to the student. The notice will comply with the requirements of State law.

The student, or the student's parent if the student is a minor, has the right to request a closed hearing or the Board may choose to close the hearing. The student and, if the student is a minor, the student's parent or guardian may be represented at the hearing by counsel.

4. Expulsion Order

The Board shall reduce its decision to writing in the form of a written order. If expulsion is ordered, the order must state the length of time that the student is to be expelled. The order should also state specific findings of fact and conclusions of law in support of the decision.

5. Student Records

The student's expulsion from school shall be entered in the student's record as required by the rules adopted by the Board concerning the content of student records.

Discipline of Disabled Students

Students with disabilities will be entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.).

Search and Seizure

Search of a student and their possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the safety of others or as otherwise permitted by law.

Desks and lockers are public property and school authorities may make reasonable regulations regarding their use. The School District retains ownership and possessory control of student desks and lockers and the same may be searched at random by school personnel at any time. A showing of reasonable cause or suspicion is not a necessary precondition to a search under this paragraph. Students shall not have an expectation of privacy in lockers, desks, or other school property as to prevent examination by a school official.

All computers located in classrooms, labs and offices of the School District are the School District's property and are to be used by students, where appropriate, for educational purposes. The School District retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the School District's computer system, network, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.

Review of such information may be done by the School District with or without the student's knowledge or permission. The use of passwords does not guarantee confidentiality, and the School District retains the right to access information in spite of a password. A student's refusal to permit such access may be grounds for disciplinary action.

No strip searches will be conducted by any employee of the School District, but may be conducted by law enforcement officials, if deemed necessary.

The Principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever a staff member or chaperone has individualized reasonable suspicion to believe the student has consumed or is under the influence of an alcoholic beverage while on school premises or while participating in a school-sponsored activity. If the student refuses to take the test, the Principal will inform the student that refusal to participate implies admission of guilt leading to disciplinary action consistent with this handbook.

Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated. (Board Policy 5771 – Search and Seizure)

Student Right of Expression

Our school recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet the following school guidelines:

- A. A material cannot be displayed if it:
 - 1. is obscene to minors, libelous, indecent, or vulgar;
 - 2. advertises any product or service not permitted to minors by law;

3. intends to be insulting or harassing;
 4. intends to incite fighting or presents a likelihood of disrupting school or a school event; or
 5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it causes or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.
- B. Materials may not be displayed or distributed during class periods, or during passing times between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the appropriate staff member twenty-four (24) hours prior to display.

Distribution or display by any student of prohibited nonschool-sponsored material or in violation of the school's approval process will be halted, and the student(s) involved will be subject to disciplinary action.

Dress and Appearance

The Board recognizes that each student's mode of dress and appearance is a manifestation of personal style and individual preference. The Board will not interfere with the right of students and their parents to make decisions regarding their appearance, except when their choices interfere with the educational program of the schools.

Accordingly, the District Administrator shall establish such dress and appearance guidelines as are necessary to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to academic purposes. Such guidelines shall prohibit student dress or appearance practices that:

- A. present a hazard to the health or safety of the individual student or to others in the school; including by way of communicating threats of harm or depictions of harmful conduct directed at others;
- B. interfere with school work, create disorder, or disrupt the educational program; including dress that promotes or depicts illegal activity, such as illegal drug use, underage alcohol consumption, or similar activities;
- C. cause excessive wear or damage to school property.

Such guidelines shall also apply to the dress requirements for members of the athletic teams, bands, and other school groups when representing the District at a public event. Where appropriate, a uniform or specific dress requirement shall be used for students when representing the District as described.

The District Administrator shall develop administrative guidelines to implement this policy which:

- A. the principal shall serve as the initial arbiter of student dress and appearance within the building or at school-sponsored events or activities;
- B. Before taking action to enforce dress code requirements, including by requiring that a student

remove, cover, or otherwise conceal the item or depiction at issue, the principal shall determine whether the item constitutes protected speech insofar as the item independently makes a statement of a discernable nature to the observer by depiction, words, or combination of the two that does not require separate explanation.

Expressive dress may not be protected speech if it involves:

- A. obscenity;
- B. language or depictions intended to incite violence or foment hatred of others.

Dress that is protected speech may still be prohibited if it is likely to cause a substantial disruption to the educational environment. This may include dress that includes the use of vulgarity, discriminatory language including racial or ethnic slurs, negative stereotypes, violence, or other communication when the clear intent is to invoke strong reactions in observers so as to impair the ability of teachers and/or students to engage in educational pursuit.

No protected speech may be prohibited on the basis of disagreement by District officials with the specific point of view expressed if the topic is otherwise permitted (e.g. permitting depictions of support for one political party, but prohibiting depictions of support for the other).

- A. Instruct staff members to demonstrate, by example and precept, personal neatness, cleanliness, propriety, modesty, and good sense in attire and appearance;
- B. Ensure that all administrative guidelines impose only minimum and necessary restrictions on the exercise of the student's taste and individuality.

Students who violate the foregoing rules will not be admitted to class and may be subject to additional consequences.

If the inappropriate dress cannot be removed or concealed, the student may be sent home after contact is made with the student's parent.

Care of Property

Students are responsible for the care of their own personal property. The school will not be responsible for the loss of personal property. Valuables such as jewelry or irreplaceable items should not be brought to school. The school may confiscate such items and return them to the student's parents.

The Board authorizes the imposition of fines for the loss, damage, or destruction of School District-owned, borrowed or leased equipment, computing devices, school records, apparatus, musical instruments, library materials, textbooks, and for damage to School District buildings or facilities. Therefore, if a student damages or loses school property, the student or their parents will be required to pay for the replacement or damage. If the damage or loss was intentional, the student will also be subject to discipline according to the Code of Conduct, and may be referred to law enforcement. (Board Policy 5513 - Care of District Property)

Student Due Process Rights

The Board recognizes the importance of safeguarding a student's constitutional rights, particularly

when subject to the District's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following guidelines in Policy 5611 - Due Process Rights:

A. Students subject to suspension:

The suspended student, and if a minor, the parent of the suspended minor student shall be given prompt notice of the suspension and the reason for the suspension. The student or the student's parents may within five (5) school days following the beginning of the suspension, have a conference with an Administrator. This conference will serve as the opportunity for the student to respond to the charges against the student. If the Administrator finds that the student was suspended unfairly or unjustly or that the student suffered undue consequences as the result of suspension, the student's record shall be expunged. (Board Policy 5610 – Suspension and Expulsion)

B. Students subject to expulsion:

Prior to expelling a student, the Board must hold a hearing. A student and their parent must be given written notice of the intention to expel and the reasons therefore, at least five (5) days prior to the date of the hearing. The hearing is the opportunity for the student and their parents to appear with a representative or legal counsel before the Board to answer the charges. The Board will keep written minutes of the hearing. The hearing will be closed. The student and/or their parents may appeal the expulsion consistent with 120.13, Wis. Stats. (Board Policy 5610 – Suspension and Expulsion)

SECTION V - TRANSPORTATION

Bus Transportation

To/From School

Bus transportation is provided for all eligible students. The bus schedule and route is available by contacting the Tomahawk Bus Company at (715) 453-3000.

Students will ride only assigned school buses and will board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the Tomahawk Bus Company.

A change in a student's regular assigned bus stop may be granted for a special need, if a note from a parent is submitted to the Tomahawk Bus Company stating the reason for the request and the duration of the change and the bus company approves. (Board Policy 8600 - Transportation)

Field Trips

Students participating in an approved field trip must have a “parent/guardian” permission form on file in the office prior to participation in this activity. All students participating in field trips must ride the bus to and from the activity.

Co-Curricular Activities

All students participating in co-curricular activities must ride the bus to and from the activity/ contest. Students may ride home with their parents only if the parent completes the Transportation Liability Waiver form located in the High School office or on Skyward. Parents taking their child home from an activity/contest must sign out with the coach before leaving the event. The student must ride home with his/her parents, not parents of friends, relatives, siblings, etc.. The administration may make an exception to this rule if unusual circumstances are communicated by the parent.

Bus Conduct

Students who are riding to and from school on transportation provided by the school are required to follow some basic safety rules. The driver is responsible for student safety and may assign seating or direct the student in any reasonable manner to maintain that safety.

The following behaviors are expected of all students:

Previous to loading (on the road and at school)

Each student shall:

- be on time at the designated loading zone;
- stay off the road at all times while walking to and waiting for the bus;
- line up single file off the roadway to enter;
- wait until the bus is completely stopped before moving forward to enter;
- refrain from crossing a highway until the bus driver signals it is safe;
- go immediately to a seat and be seated.

It is the parents' responsibility to inform the bus driver when their child will not be boarding the bus. The bus will not wait.

During the trip

Each student shall:

- remain seated while the bus is in motion;
- keep head, hands, arms, and legs inside the bus at all times;
- not litter in the bus or throw anything from the bus;
- keep books, packages, coats, and all other objects out of the aisle;

- not eat, play games or play cards, etc.;
- not tamper with the bus or any of its equipment.

Leaving the bus

Each student shall:

- remain seated until the bus has stopped;
- cross the road, when necessary, at least ten (10) feet in front of the bus, but only after the driver signals that it is safe;
- be alert to a possible danger signal from the driver.

The driver will not discharge students at places other than their regular stop at home or at school unless s/he has proper authorization from Tomahawk Bus Company.

Cameras on School Buses

The Board has authorized the installation of video and audio surveillance equipment and District buses for the purpose of enhancing student safety and wellbeing.

If a student is reported to have misbehaved on a bus and their actions were recorded on the bus camera, the recording will be submitted to the Principal and may be used as evidence of the misbehavior. Since these recordings are considered part of a student's record, they can be viewed only in accordance with State and Federal law. (Board Policy 8600 - Transportation)

Penalties for Bus Infractions

A student who engages in misconduct on a bus shall be subject to discipline and may be deprived of

the privilege of riding on the bus.

Vehicles and Parking

Driving and parking on school property is a privilege for students. (Board Policy 5514.01) Students may drive to school with permission of their parent or guardian and school officials. Students who drive on school property and/or park on school property may have this privilege revoked for unacceptable student conduct. Inappropriate driving actions or unacceptable student conduct may result in the following:

1. Warning from staff or administration,
2. Short term loss of driving/parking privileges.
3. Long term loss of driving/parking privileges.
4. Permanent loss of driving/parking privileges.
5. Referral to the Tomahawk Police Department.
6. Detention, suspension, or expulsion.

To park a vehicle on school property a student must have the following:

1. Parent/guardian permission slip.
2. Current parking permit displayed in the lower left corner (driver's side) of the vehicle's windshield.
3. If a student wishes to drive/park multiple vehicles on school property they must register and have a permit on each vehicle.
4. All vehicles (automobile, motorcycle, atv/utv) must be parked in an identified parking space.

General Rules:

1. Students operating an automobile, motorcycle, atv/utv or snowmobile on school property shall respect classes in session.
2. Vehicles can be moved during class time only with appropriate approval by school officials.
3. The maximum speed limit is 15 m.p.h.
4. Students must park their vehicles in the back lot of the school (located on the East side of the school).
5. Students must park their vehicles within the designated spaces.
6. Students should only operate motorized vehicles on the roadway.
