Re: Disposal of equipment

Ladies and Gentlemen of the Board,

The CTE department would like to dispose of CTE equipment starting 3/1 through the completion of the end of the 25/26 school year. The equipment is part of the Industrial Tech department and the FACS department. This equipment has reached the end of its useful life and plans are in place to replace/update the equipment being removed. Materials that may still have a market value may be sold, some equipment may be repurposed within our custodial department, much of it will be disposed of in a dumpster.

Thank you

Jon Calder  
CTE Department Chair.
