Re: Lawn Care Recommendation 2022

I would like to recommend Andy's Lawn Care for the 2022 lawn care season for HLWW School District. Andy's is our current vendor and has provided lawn care services for us for a few years now. They continue to do a very good job with our facilities. They are a local based company and support the district with a low-cost alternative to lawn care maintenance. We received four estimates in total however Andy's is not only the lower cost option they also know our grounds and are great to work with.

Thank you for your consideration of this request.

Joe McKee  
Buildings and Grounds Director
