

Date: March 16, 2026
To: Dr. Robert Halverson, Superintendent of Schools
East Aurora School District 131 Board of Education
From: Dr. Ami Engel, Associate Superintendent of Curriculum, Instruction, & Assessment
Subject: HS Math Curricular Resource Adoption: Algebra/Geometry/Algebra 2

The Proposal:

The HS Math Pilot Committee recommends the following curricular resource for approval by the East Aurora School District 131 Board of Education - Savvas enVision - Algebra, Geometry, and Algebra 2. The resources emphasize deep conceptual understanding of numeracy and problem-solving strategies with scaffolding that helps students build independence over time in both English and Spanish.

Justification:

The HS Math Pilot Committee was tasked with vetting products that aligned with the Illinois State Standards, the College Board Pre-AP framework, as well as provided differentiated and bilingual (English/Spanish) resources for students. After narrowing the options, the resource was piloted in classrooms and evaluated in order to arrive at the recommended curricular resource that best fits the unique needs of East Aurora's student population.

Board Policy and Past Practices:

Past practice is for the Board of Education to approve curricular resources that are recommended once the teachers have completed the pilot process and provided feedback for their top choice. Curricular resource recommendations are based on a comprehensive review and pilot implementation in the classroom with students.

Strategic Plan:

This proposal supports Strategic Goal #1 Educational Equity: East Aurora School District 131 will meet the diverse needs of all students by ensuring a safe and inclusive learning environment and Strategic Goal #4, Student Achievement: East Aurora School District 131 will ensure the academic success of all students by closing the opportunity gap.

Supporting Data:

EnVision was chosen as the pilot committee's curricular resource recommendation, based on compiled survey data where 14 out of 18 survey respondents stated they were 'likely' to 'extremely likely' to recommend adopting *enVision*.

Recommendation:

It is recommended that the Board of Education approve the proposed math curricular resources from Savvas including *Algebra, Geometry, and Algebra 2* with student and teacher resources and professional development for a combined six-year, total cost estimated at \$348,657.60.

Timeline for Decision:

April 20th 2026
