Attendance Boundary Modification  
Board Presentation  
March 24, 2026

# Building Forward

Denton ISD is committed to continuous improvement — ensuring every student has access to high-quality instruction in well-resourced, efficiently operated schools.

## School Improvement Process

A structured, data-driven approach to evaluate and elevate student outcomes across campuses.

## Improvement Strategies

Targeted instructional strategies designed to close gaps and accelerate achievement for all learners.

## Reduced Support Personnel

The reductions to outside the classroom support, lead us to distributing our limited personnel resources to areas of greatest need.

## Maximizing Resources

Repurposing Paloma Creek Elementary to ensure efficient use of facilities and redirect resources where they are needed most.

**Secondary boundary lines will NOT be impacted**
