Continuous Improvement Plan

The Board recognizes that the key work of school boards is to establish and promote a clear vision of student achievement as the top priority of the district. The district will accomplish this through continued evaluation and improvement of its programs. ~~Student achievement will be defined by the district and include, but not be limited to, assessment results, student attendance and drop-out rates and diploma attainment.~~

The superintendent will ensure development and implementation of a comprehensive, collaborative planning and self-evaluation process that engages the school community in the district's goal setting and continuous ~~student achievement~~ improvement program efforts.

The district's program will be consistent with Oregon Department of Education requirements and reflected in school and district continuous improvement plans.

The district ~~Board~~ will, in striving for continuous improvement ~~of student achievement~~, annually review district and individual school data on student achievement and, prioritize, allocate and realign resources as necessary. The district will annually review and report test results and progress to the community.

The superintendent will develop administrative regulations as needed to implement this policy.
