

**NORTH SLOPE BOROUGH SCHOOL DISTRICT
MEMORANDUM**

TO: Esther Evikana, President
Members of the Board

THROUGH: David Vadiveloo, Superintendent *D.Vadiveloo*

FROM: Reginald Santos, Director Information Technology *RS*

DATE: March 2, 2026

SUBJECT: **Contract Over \$50K – FY26 Award Recommendation
USDA RUS DLT Grant (AK0740-E16) Distance Learning Equipment Procurement, Solutionz, Inc. Memo No: SB26-129 (Action Item)**

NSBSD Policy Manual:

BP 3300 Expenditures/Expending Authority: The Superintendent or designee may purchase supplies, materials, and equipment in accordance with the law. The Superintendent or designee shall not authorize any proposed expenditure that exceeds the major budget classification allowance against which the expenditure is the proper charge unless an amount sufficient to cover the purchase is available in the budget for transfer.

BP 3311, Bids: The District shall purchase equipment, supplies and services on a competitive bidding basis when required by law and whenever it appears to be in the best interest of the District to do so. Prior to any purchase, the District should review the federal funding award or grant to determine if it requires compliance with OMB's procurement procedures.

BP 3312, Contracts: The Superintendent or designee may enter into contracts and memoranda of agreement on behalf of the district. All contracts and memorandums of agreement with a dollar value of \$50,000 or greater must be approved by the School Board.

BP 3440, Inventories: The Superintendent or designee shall provide for the proper control and conservation of district property.

2025-2029 NSBSD STRATEGIC PLAN

Financial & Operational Stewardship:

Goal 7: Standardize high-functioning, efficient, student-focused operations.

Issue Summary:

The North Slope Borough School District (NSBSD) is seeking Board approval to award the procurement and installation of distance learning and audio-visual equipment to Solutionz, Inc. under the USDA Rural Utilities Service (RUS) Distance Learning and Telemedicine (DLT) Grant (Award AK0740-E16).

Background:

NSBSD conducted a competitive procurement process in compliance with 2 CFR 200.318–327 and 7 CFR Part 1734.

The Request for Proposals (RFP) was:

- Publicly posted on the NSBSD website

- Advertised on RFP distribution platform (RFPDB.com) to expand vendor reach
- Open for 28 calendar days, exceeding minimum federal requirements

The RFP outlined detailed specifications and required pricing aligned with the USDA-approved Appendix A – Line Item Budget.

At the close of the solicitation period, one (1) responsive proposal was received.

Evaluation:

The proposal was evaluated using the criteria published in the RFP, including cost, compliance, experience, and responsiveness.

Key findings:

- Proposal is **substantially compliant** with all technical and functional requirements
- Pricing is **aligned with USDA-approved budget (Appendix A)**
- Vendor demonstrates **proven experience**, including successful completion of prior NSBSD DLT projects
- Minor clarifications are being obtained to confirm warranty and turnkey implementation

The proposal received a total evaluation score of **97 out of 100**.

Cost Reasonableness:

Although only one proposal was received, NSBSD determined the cost to be reasonable based on:

- Alignment with the USDA-approved line-item budget
- Consistency with prior DLT project pricing
- Market familiarity with similar AV and distance learning systems

Grant Funds:

This project is funded through:

- **USDA RUS DLT Grant (AK0740-E16)**
- **Total Grant Project Budget - \$1,101,905.49**
- **NSBSD Cash Match (15%) - \$150,000.00**
- No additional local funds required beyond approved matching components

Compliance with BP 3311:

This procurement complies with **NSBSD Board Policy BP 3311 – Bids**, as well as federal procurement requirements, including:

- Full and open competition
- Public advertisement
- Objective evaluation criteria
- Documentation of cost reasonableness

Proposed Motion:

“I move that the NSBSD Board of Education approve the award of the USDA RUS DLT Grant (AK0740-E16) Distance Learning Equipment procurement contract to Solutionz, Inc., in accordance with the terms outlined in the Request for Proposals.”

Moved by _____ Seconded by _____

RE: RUS DLT GRANT BID 2026 – Distance Learning Equipment

Dear Mr. Santos,

Solutionz, Inc. is pleased to submit this proposal in response to the **North Slope Borough School District RUS DLT Grant Bid 2026 – Distance Learning Equipment** Request for Proposal.

We have reviewed the RFP requirements, technical specifications, and the USDA RUS DLT Approved Line Item Budget (Appendix A) and propose a complete, turn-key audiovisual and distance-learning solution that meets or exceeds all functional, performance, and compliance requirements. The proposed systems support distance learning instruction, Zoom video conferencing, live streaming, recording, inter-school collaboration, and community engagement across NSBSD facilities.

Solutionz understands the logistical and operational challenges associated with deploying technology in remote Arctic communities and brings extensive experience in large-venue educational AV systems, distance learning environments, and federally funded projects. Our proposal includes all required equipment, delivery, installation, programming, commissioning, documentation, and on-site training necessary to deliver fully operational systems.

Sincerely,

Brian Tribble

ABOUT SOLUTIONZ

Solutionz delivers the most reliable, comprehensive, and best-in-class audio visual systems that empower the way you do business. We are integrators, technologists, engineers, experts, support technicians, designers and trusted friends all committed to helping you do business...better.

Founded in 2002, Solutionz has been consistently providing end-to-end A/V solutions. As the industry has continued to evolve, so have our service offerings through a series of strategic acquisitions. Through these acquisitions, we have over six decades of combined low-voltage experience, stronger partnerships and a nationwide presence to better serve any organization, no matter the size or budget.

As a top tier partner of the nation's leading A/V manufacturers (Polycom, Cisco, Crestron, AMX/Harman, Extron, Biamp – to name just a few) and through our specialized service offerings (Integrated Maintenance, Cloud-based Solutions, Managed Services, Bridging Services, Cybersecurity, and Grant Program Services) we successfully meet the needs of Fortune 500 companies, law offices, health care providers, government agencies, education institutions, and more. Solutionz is actively adding businesses to our portfolio to maintain our dominance within the industry and to grow to be the #1 systems integrator in the nation.

Solutionz was named Commercial Integrator's 2019 "Integrator of the Year" and ranked 4th on SCN's Top 50 Systems Integrators list for 2022. Our core strengths include:

- **Audiovisual systems integration**
- **Telecommunications**
- **Infrastructure cabling**
- **Premise security**
- **Information technology services**
- **Complete post-installation support and service**
- **Cybersecurity**
- **Large-scale low voltage installations, new construction and renovation projects**

- Los Angeles Business Journal 17th Largest Minority Owned Business (2020)
- NSCA Excellence in Business Award (2020)
- Commercial Integrator of the Year (2019)

MBE Classification

We are a minority business, Hispanic American owned enterprise.

Certifications and Accreditations

We are committed to the proficiency and education of our team so we can continue to deliver the expertise our clients know and deserve ([our list of certifications](#)). Many of our employees have AVIXA CTS, CTS-I and CTS-D certifications along with BICSI, OSHA, Crestron, DMC-D, DMC-E & DMC-T & Extron and more.

Financial

Financially, Solutionz is exceptionally strong, with sales volume exceeding \$150 million and increasing every quarter since our creation. Owned by founder Kirk Fernandez, Solutionz has stable resources to execute on projects across the country, regardless of size.

Our financial strength and continuity is reflected in our growing client base of numerous Fortune 100 companies, local, state, and federal government agencies, hospitals, law firms, the many branches of the U.S. Armed Forces, the US judicial court system, and a broad array of educational institutions. Solutionz enjoys solid relationships with manufacturing partners and is actively investing in the future.

WHY CHOOSE US?

Team of Experts

Solutionz brings a full team of technology experts committed to your success. We ensure that your system is designed and executed for peak performance levels. Whether building something new or adding on to an existing system, we support the most up-to-date technology standards and provide the expertise necessary for the complex requirements of today's communications architecture. With a nationwide team of technology experts, Solutionz will empower your team to communicate and operate better.

Full Scope of Technology Solutions

As a top tier partner of the Audio Visual industry's leading manufacturers, Solutionz has the buying power to offer great pricing to our customers while maintaining the highest quality products and services. Solutionz is a one stop shop for communication and collaboration tools and the network, security and infrastructure to support them. We take the complex world of technology and build trust with our clients by presenting solutions that make their business better.

Superior Service

As a leading provider of AV/IT network infrastructure support to enterprise clients, we have built a service organization that provides world-class support. With our highly-trained service professionals, Solutionz can provide both on-site and remote support and managed services, resulting in significant cost savings for your business. Our state-of-the-art Prime Call Remote Monitoring and Management provides analytics, alerts, and in some cases, self-healing AV and UC capabilities. The ability to deliver maximum system uptime and leading-edge network security is critical to the operation of your business, but controlling your budget is essential for bottom line success. By partnering with us, you get peace of mind that our service organization will keep you running around the clock, allowing you to focus on your business...better.

An Extension of Your Team

As an extension of your team, we pride ourselves not only on our professionalism and high-quality deliverables, but also on our ability to work as a team with architects, consultants, owners' representatives and all on-site trades. Solutionz is made up of technology experts experienced in project collaboration with client teams. Our Security team is ready to work with your IT team to ensure comfort levels around network security and integration, providing tools and back up support to empower performance. When appropriate, our Grants Team is here to work with your procurement team at no charge to assess if grants are available to fund your projects. Regardless of the size of your organization, Solutionz's technology experts are here to help your teams operate better.

Training

Each employee is required to receive a minimum of 40 hours of training per year. Every month, our engineering, installation and sales staff receive manufacturers training for specific audiovisual needs and requirements. These trainings can last anywhere from one to four hours. We are proud to boast that we maintain the highest trained staff in our industry. Because of our technical expertise, we have been a beta test site for many of the manufacturers we represent. Since our designers and engineers are informed on the latest technologies and developments, our designs address these trends so that your systems will be compatible with upcoming technologies in the future.

Electronic Drawing Files

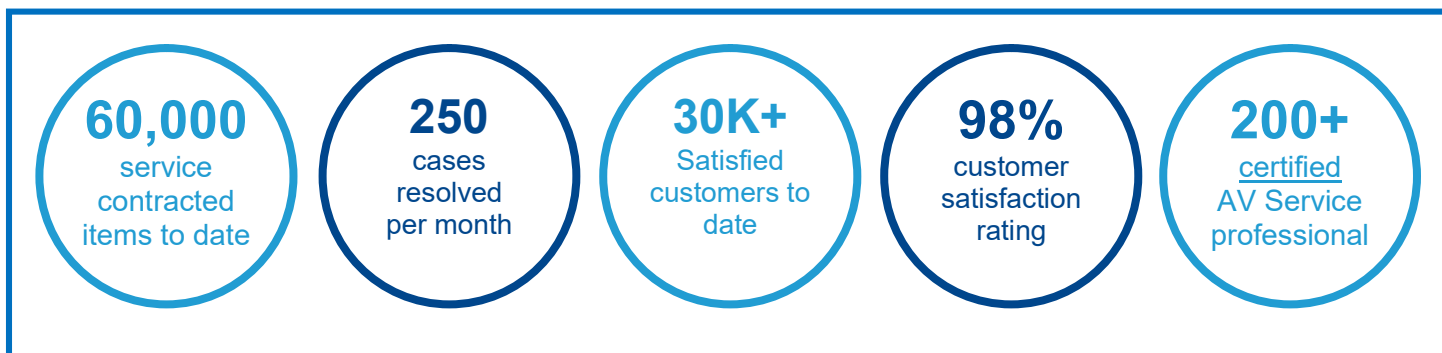

Documentation and Submittals provided for the project is phased and will typically include AV architectural drawings, conduit riser and junction box schedules, standard details and electrical requirements. Drawing submittals will be provided using AutoCAD, on disc or pre-plotted. AV drawings will match an existing architectural, AutoCAD or drawing title block format already in use. These requirements need to be provided to us before drafting begins. All fees quoted for this project include one drawing package revision. Client requested revisions above this will be treated as a change order.

Testing

We utilize the highest quality testing equipment with the fullest scope of testing & configuration capabilities. Our primary audio testing equipment is Sencore. All field personnel are trained and proficient in the use of all necessary test equipment. The following is a partial listing of our test equipment:

<u>Equipment</u>	<u>Brand</u>	<u>Model</u>	<u>Serial #</u>
Sound Level Meter	Sencore	SP295C	6715325
Tone/Pink Noise Generator	Sencore	SP295C	6715325
AC Impedance Bridge	Tenma	72-6947	n/a
Oscilloscope	Fluke	123 Scope Meter	DM7114033
Multimeter	Fluke	76	67440797
Cable Tester	Megger	NA	31004639
Multi-frequency Computer RGB	Extron	VTG-300	795977025
Test Pattern Generator			
CAT 5 Tester	Fluke	Micro Scanner Pro	47D05C00201

98% Overall Customer Satisfaction with service and support from Prime Call Services

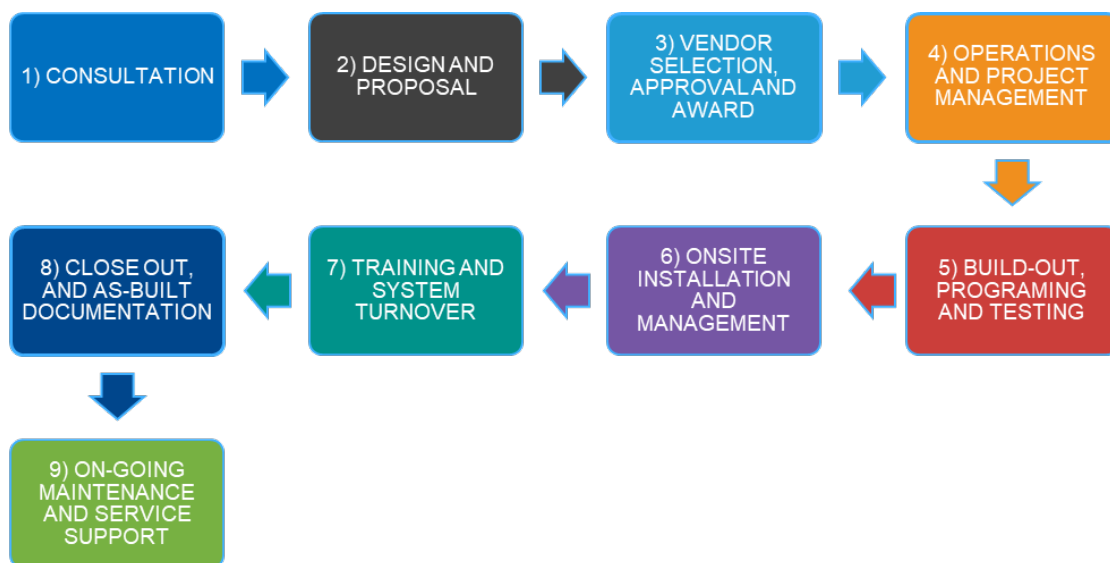

PROCESS

Whether large or small, we approach all our projects with the same care and attention. Depending upon the client's specific needs or size of the deployment, we tailor a custom process that meets the project requirements.

Our sales team will work in conjunction with our engineering team to perform a thorough analysis of our client's needs. During this time, we will determine requirements of the system and users, challenges with the facility, and other relevant data to create a right-sized solution. Our Engineering team will put together our design, bill of materials, and all the required information to create a custom proposal. Our sales team will work with clients to refine the proposal as needed. Once an agreement has been reached, your project will be assigned to a project manager who will communicate with all stakeholders until completion. The next critical phase of our process is fully integrating, configuring, and testing your system prior to installation. When this phase is completed, and the Project Manager has signed off, our integration and operations team(s) will work through the onsite installation of your project.

After the system is installed and configured, we will perform a final test out of the system. After the final test is completed, a turnover walkthrough is scheduled with the client. During this time, we will discuss the specific functions of your system(s), available services and maintenance, and the processes for placing a service call. Once the client has been handed over the system, we will perform the final invoicing of the system.

Upon completion, Solutionz will turn over all AS-BUILT documentation, electronic literature, and uncompiled copies of all programs that were created for this project. As part of our proposal, a maintenance agreement will be offered to keep your systems running at an optimum level. Maintenance agreements are tailored to your needs with specified response times, preventative visits, varying levels of phone support, etc. By having this unified approach, all clients will receive the best experience possible, tailored to their expectations, with a system that has been designed with their needs in mind.

Prime Call Integrated Maintenance

Includes 24/7/365 helpdesk support, unlimited on-site technical support, software updates and security patches upon release, parts replacement, legacy protection, control code protection and scheduled preventive maintenance visits for all hardware components in AV enabled spaces, regardless of original integrator.

Prime Call Codec & Infrastructure Maintenance

Offering 24-hour service testing facilities, unlimited training and technical support, as well as the easiest to use service program on the market.

Prime Call Remote Monitoring & Management

Prime Call Remote Monitoring and Management (RMM) simplifies AV and UC management and saves time, money, and potential for business disruptions. Prime Call RMM capabilities are affordable, scalable, software-based services easy to install on existing networks or in the cloud.

Prime Call Adoption & Digital Training Services

Provides customized digital training skills to increase user proficiency and maximize adoption of new technologies.

Prime Call On Site

A full-time dedicated technician for onsite technical support of all AV and UC systems.

GRANT PROGRAM SERVICES (GPS)

Every year, millions of dollars are awarded to schools, government agencies, healthcare organizations, and other public entities for the purchase and implementation of new technologies, including visual communication solutions. Solutionz Grant Program Services (GPS) is a value-added grant seeking service provided at no cost or obligation to grant eligible customers such as schools, libraries, museums, state and local governments and non-profit organizations.

Your Solutionz GPS team will include a Solutionz Sales Executive, Grant Program Manager, and a Grant Expert. We partner with you throughout the entire grant application process to ensure a successful outcome.

Once we identify your needs and the appropriate funding source, your Solutionz GPS team will provide you with an explanation of the overall process, including your organization's roles and responsibilities, and a schedule of activities that need to be completed to secure the funding. Your Solutionz GPS team will assist from beginning to end and help navigate and map the course.

Finding and securing viable funding sources is easier than you thought!

Solutionz GPS team specializes in programs for:

- **Healthcare**
- **First Responders**
- **Education**
- **State & Local Government**

Grant Readiness

Reviewing your organizations "grant readiness" is the first step in pursuing outside funding. Solutionz GPS targets the right grant by researching funding sources that fit your needs including:

- **Local and State Grants**
- **Federal Grants**
- **Private Foundations**
- **Existing Funding Streams**

TOP FIVE BENEFITS OF GRANT PROGRAM SERVICES (GPS)

1. Broad knowledge of funding programs
2. Expert one-on-one consultations
3. Identification of potential funding sources
4. Support through application process
5. Proposal evaluation, review, and submission

K-12 Education

Solutionz has always had a strong presence in K-12 integration. As one of the largest K-12 integrators in the United States, Solutionz serves our Education clients at the highest levels, not only an integrator of technology, but a consultant and partner in furthering education-based technologies. With hardware, software, training support and services, we have helped school districts across the country develop strategic initiatives for hybrid learning environments.

For onsite installations, our K12 Education team has developed a process that automates and simplifies the required workflow to optimize productivity. Understanding that schools have limited time frames, we roll out technology at a pace that is easy to manage and be trained on while still hitting critical deadlines. Our commitment to all facets of technology from planning through deployment, training and maintenance gives our Education clients a complete quality experience.

Higher Education

Solutionz is a strong technology partner to colleges and universities across the nation. Whether in person or online, incorporating video and mobile technology into higher education is an important part of the overall learning experience. From lecture capture, remote learning, and hybrid classrooms, to learning labs and huddle rooms with laptop hookups, cameras, speakers and monitors, Solutionz helps higher education raise the bar with the latest technologies.

State, Local and Federal Governments

Creating a cohesive enterprise solution for government and military applications that yields tangible, reliable and secure results requires efficiency, power and simplicity. Solutionz has provided thousands of Government organizations the benefits of collaborating in AV and UC enabled environments. Whether recording a deposition, videoconferencing with the Department of Defense or broadcasting a city council meeting, government agencies rely on secure audiovisual technologies to communicate. Solutionz brings efficiency, convenience and security to legal, military and other government agencies across the globe. We have the expertise to provide solutions to those required to purchase off GSA70 and GSA58i and have provided enterprise AV solutions to some of the largest government entities.

Healthcare

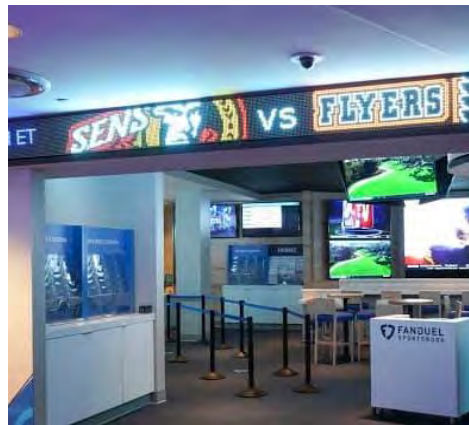

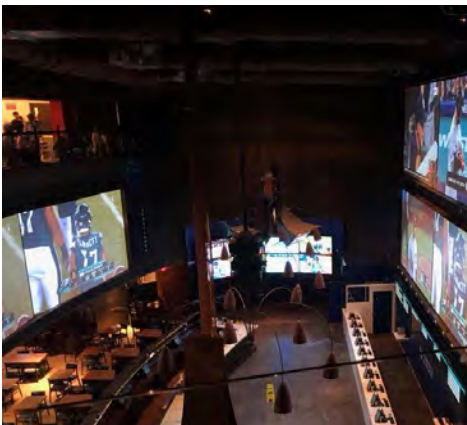

As demands increase for better healthcare at lower costs, telemedicine plays a key role in making access to quality care more practical and affordable. With Solutionz's expertise, healthcare organizations depend on audiovisual solutions to reduce costs and improve care. Live digital video allows healthcare professionals to observe and diagnose illnesses in real time, without forcing patients to commute long distances. IP video networks connect specialists, clinics, consultants and patients, extending quality healthcare into remote areas. Medical professionals also appreciate the accessibility of training, professional certification classes and conferences through AV deployments. Solutionz is leading the way with partners specializing in secure telemedicine technologies, proud to help expand both the quality and reach of healthcare.

Commercial/Enterprise

Solutionz is focused on empowering businesses through customized designs, installations and services. As experts in Audio Visual technologies, we partner with our clients to best meet their needs and their budgets by providing secure solutions including tools for collaboration, conferencing, presentation, instruction, broadcast, and recording.

Our team works with our clients on all phases of the project from concept through execution. Each system is tailored to function properly in client spaces, adjusting for variables of room design, lighting and acoustics. Our in-house Project Management team allows us to efficiently leverage the expertise of our nationwide Solutionz team and our industry partners while delivering your project on time and on budget.

A FEW OF OUR CUSTOMERS

Our goal with every project is to give clients the feeling that the entire process from consultation to installation and training was an “Excellent Experience”. While maintaining a competitive price, Solutionz focuses attention on the entire customer experience from the time that we are first contacted, until each customer has a complete working system that meets or exceeds their expectations and is connected to our award-winning support services.

We are committed to ensuring that each project meets our standards of professionalism, appreciation, communication, timeliness, appearance, and quality. The formula for this success certainly starts with commitment from the executive level, but no company on the planet can achieve consistent customer satisfaction without a strong foundation of highly qualified, committed, professional employees that are supported by a positive company culture. With this solid foundation in place, combined with support from our world-class manufacturing partners, we ensure the continued success of our associates and our customers.

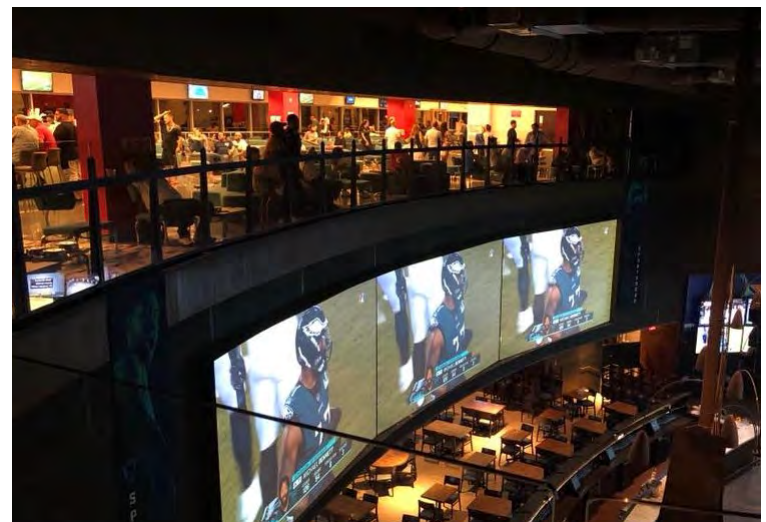

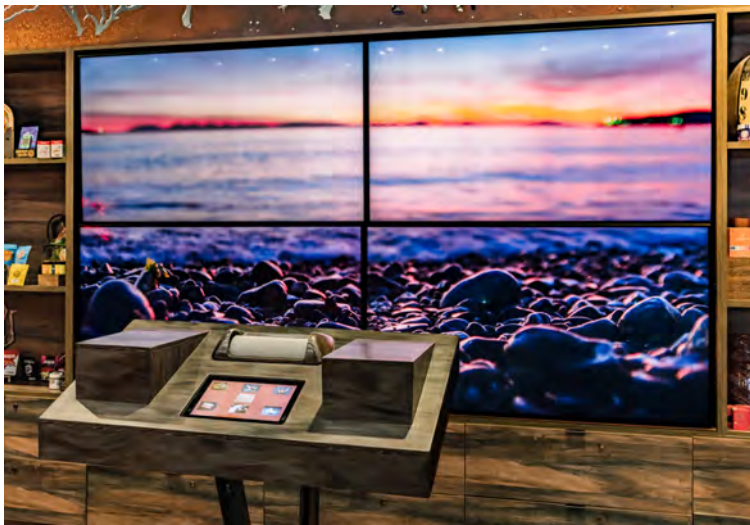

A Few of Our Customers

“Our Prime Call Support Engineer was AWESOME! It was very comforting to know that there are companies out there that really do care about their customers and that Customer Service is not a lost art. I truly appreciated the constant follow up calls and support at its finest.” — Impiego, LLC, 2017

65% of our clients and customers are Fortune 500 companies!

PROJECT PICTURES

TECHNICAL NARRATIVE

RUS DLT Grant Bid 2026 – Distance Learning Equipment
North Slope Borough School District

1. System Overview

Solutionz proposes a fully integrated, turn-key audiovisual and distance learning solution designed to support instructional delivery, video conferencing, live streaming, recording, inter-school collaboration, and community engagement across North Slope Borough School District facilities.

Each system is designed to operate as a **self-contained, rack-based solution**, utilizing standardized architectures and consistent user interfaces to simplify operation, maintenance, and long-term support across geographically remote Arctic school sites.

The proposed systems are engineered to meet or exceed all functional and performance requirements outlined in Section III of the RFP and align with the USDA RUS DLT Approved Line Item Budget (Appendix A).

2. Gymnasium Distance Learning Systems

(Anaktuvuk Pass, Atqasuk, Nuiqsut, Point Lay, and Ipalook Gym)

Each gymnasium will be equipped with a large-format audiovisual system designed to support athletics, assemblies, instructional programming, staff training, and community events.

Video Display and Presentation

- A **13,000-lumen WUXGA laser projector** paired with a **motorized large-format projection screen** provides high-brightness, high-resolution visuals suitable for gymnasium environments with ambient light.
- Presentation sources include local HDMI inputs, wireless presentation capability, and distance learning content.

Video Conferencing and Camera Coverage

- Each system includes a **dedicated Zoom Room compute platform** with **Logitech Tap touchscreen control**, operating in native Zoom Room mode.
- **Multiple PTZOptics NDI-enabled PTZ cameras** provide full court and audience coverage with programmable presets for instructional, athletic, and event use.
- A **PTZ joystick controller** enables precise manual control when required.

Live Production, Streaming, and Recording

Live production capability is provided through a professional video production switcher architecture supporting:

- Live camera switching
- Recording of instructional and event content
- Live streaming to approved platforms
- Integration with Zoom for hybrid events

RØDECaster Video Statement (NDI Architecture)

Solutionz proposes the use of the **RØDECaster Video production switcher** as an approved equivalent to traditional HD video switchers combined with external NDI-to-HDMI conversion hardware.

The RØDECaster Video:

- Directly accepts **up to four native NDI camera inputs**, eliminating the need for separate NDI-to-HDMI converters
- Reduces system complexity, cabling, and points of failure
- Maintains full live switching, recording, and streaming functionality
- Fully complies with the RFP requirement for an “HD video switcher or approved RØDECaster Video production switcher capable of direct NDI integration”

This approach improves system reliability and operational simplicity while meeting or exceeding all RFP performance requirements.

Audio Systems

- Wireless handheld and bodypack microphones support instruction, announcements, and performances.
- Digital signal processing (DSP) provides microphone mixing, echo cancellation, and audio routing.
- Bluetooth and auxiliary audio inputs support local media playback.
- Audio integrates with installed or supplemental gymnasium loudspeaker systems for clear speech intelligibility and reinforcement.

Control and User Experience

- Touchscreen control provides intuitive access to system power, source selection, camera presets, and audio control.
- All head-end equipment is housed in a **secure, locking equipment rack**.

3. Fred Ipalook Elementary School – Multipurpose Room

The Multipurpose Room system expands upon the gymnasium architecture to support assemblies, performances, instructional delivery, and community meetings.

- Large-format projection and PTZ camera coverage support stage and audience views.
- The system utilizes the same **NDI-based production and switching architecture**, including RØDECaster Video, for consistency and ease of operation.
- Expanded audio reinforcement includes multiple microphone types and DSP processing suitable for performance and presentation environments.
- Touchscreen control and PTZ joystick operation provide flexible system control.

4. Fred Ipalook Elementary School – Distance Learning Music Room

The Distance Learning Music Room is designed to support remote music instruction, collaboration, recording, and performance sharing.

- A high-brightness laser projector provides instructional display.
- **Two interactive flat-panel displays** support collaborative instruction and content review.
- Multiple PTZ cameras capture instructors, students, and performance areas.
- Professional audio capture and DSP processing are optimized for music instruction environments to accurately reproduce vocals and instruments.
- The system supports live conferencing, recording, and playback for synchronous and asynchronous learning.
- All equipment is fully integrated and commissioned as a complete instructional environment.

5. Installation, Integration, and Commissioning

Solutionz will provide a complete turn-key installation including:

- Equipment staging and logistics coordination for remote Alaska sites
- Professional installation and mounting
- System configuration, programming, and commissioning
- Testing and verification of all system functions
- Secure rack integration and cable management

NSBSD IT staff involvement is limited to network connectivity and software configuration support, consistent with the RFP.

6. Training, Documentation, and Support

- On-site operational training will be provided for designated staff.
- Complete system documentation will be delivered, including as-built drawings and equipment manuals.
- All systems include a **minimum three (3) year warranty on parts and labor**, with clearly defined support and service procedures.

INSTALLATION PLAN, TIMELINE & LOGISTICS

(Evaluation Criterion #4 – 10%)

North Slope Borough School District – RUS DLT Grant 2026

Installation Planning and Risk Mitigation

(Evaluation Focus: Feasibility, clarity, and reduction of execution risk)

Solutionz recognizes that installation activities within remote Arctic communities require deliberate planning to minimize risk, cost, and unnecessary return travel. Given the complexity and logistical constraints associated with these sites, Solutionz will initiate the project with a **formal launch call** involving North Slope Borough School District stakeholders.

The objectives of the launch call are to:

- Confirm that the proposed system designs align exactly with NSBSD expectations and site-specific needs
- Validate room usage assumptions, workflows, and operational requirements
- Identify and resolve any required design adjustments prior to procurement and deployment

This upfront validation process is specifically intended to **reduce the likelihood of return trips**, which are not desirable due to the travel, scheduling, and cost impacts associated with remote installations.

Shipping Strategy and Seasonal Logistics

(Evaluation Focus: Practical logistics for remote Alaska sites)

Solutionz will manage all equipment shipping, staging, and logistics for the project, with delivery methods tailored to seasonal access and site location.

For coastal sites and summer installation windows:

- Equipment will be shipped to **Seattle, Washington**
- Staged and consolidated for **barge transport**
- Delivered to school sites during the **summer barge season**

For inland school locations, Solutionz will coordinate with NSBSD to determine the most appropriate delivery method based on timing and accessibility. Depending on seasonal conditions, delivery may include:

- **Ice road transport** during winter months when available
- **Local or regional air freight services** for winter or time-sensitive deliveries

This flexible logistics approach ensures equipment arrives safely and on schedule while accommodating the realities of Arctic transportation infrastructure.

Project Management and Local Coordination

(Evaluation Focus: Scheduling, coordination, and execution control)

A dedicated Solutionz Project Manager will oversee all aspects of scheduling, logistics, and coordination throughout the project lifecycle. Project management responsibilities include:

- Coordinating with NSBSD to determine site prioritization and installation sequencing
- Working with local resources to schedule deliveries and confirm site readiness
- Coordinating technician travel, lodging, and on-site transportation

Solutionz will collaborate with local contacts and community resources to arrange **transportation for technicians** between lodging and job sites, ensuring efficient use of on-site time and minimizing disruption.

On-Site Installation and Technician Accommodations

(Evaluation Focus: Realistic deployment planning)

Solutionz technicians will be scheduled for on-site work based on delivery timing, site readiness, and seasonal access. When working in village locations, technicians will utilize **teacher housing** or other locally approved accommodations, coordinated in advance through NSBSD and local resources.

This approach reflects Solutionz's experience working in remote communities and supports predictable, efficient installation schedules.

Installation Timeline and Site Prioritization

(Evaluation Focus: Flexibility and alignment with district needs)

Solutionz acknowledges that final installation timelines and site prioritization are best determined by the **North Slope Borough School District**. The sequencing of installations, including which sites are prioritized for **summer installations versus other seasons**, will be defined collaboratively with NSBSD.

Solutionz will remain flexible and responsive to district-directed priorities, adjusting mobilization and staffing plans as needed to align with site access, academic calendars, and community considerations.

Summary of Installation Approach

(Evaluation Focus: Overall clarity and feasibility)

Through early design validation, season-appropriate shipping strategies, close coordination with local resources, and flexible scheduling driven by NSBSD priorities, Solutionz will deliver an installation process that is:

- Controlled and well-coordinated
- Minimizes unnecessary travel and return visits
- Appropriate for remote Arctic environments
- Aligned with district-defined timelines and priorities

WARRANTY, SUPPORT & SERVICE RESPONSIVENESS

(Evaluation Criterion #5 – 10%)

North Slope Borough School District – RUS DLT Grant 2026

Warranty Coverage

(Evaluation Focus: Coverage, duration, and risk mitigation)

Solutionz will provide a **minimum three (3) year warranty on parts and labor**, meeting and exceeding the minimum warranty requirements outlined in the RFP. Warranty coverage commences upon system acceptance and includes all equipment, installation workmanship, and system integration components provided under this proposal.

Manufacturer warranties are fully supported and administered by Solutionz as part of a unified warranty program, reducing the administrative burden on North Slope Borough School District staff and ensuring a single point of accountability.

This comprehensive warranty structure is intended to protect NSBSD's investment and ensure reliable long-term system performance across all deployed sites.

Support and Service Model

(Evaluation Focus: Responsiveness and practicality for remote sites)

Solutionz recognizes that rapid resolution of technical issues is particularly important in remote Arctic communities where on-site resources are limited. As such, Solutionz provides a **tiered support model** designed to resolve issues efficiently while minimizing unnecessary travel.

Support services include:

- Remote troubleshooting and diagnostics
- Configuration adjustments and programming support
- Coordination of repair or replacement of defective equipment
- Escalation to on-site service only when remote resolution is not feasible

This approach prioritizes system uptime while reducing disruption and logistical complexity.

Hardware Replacement and Service Coordination

(Evaluation Focus: Continuity of operations)

In the event of equipment failure covered under warranty, Solutionz will coordinate hardware replacement in accordance with manufacturer warranty terms and project-specific service procedures. Replacement equipment will be shipped using the most appropriate logistics method based on site location and seasonal access.

For issues requiring on-site intervention, Solutionz will coordinate service visits in alignment with NSBSD schedules, site accessibility, and seasonal logistics to ensure effective resolution while managing travel efficiently.

Ongoing Support and Post-Installation Assistance

(Evaluation Focus: Long-term reliability and partnership)

Following system acceptance, Solutionz will remain available to provide ongoing support, including:

- Assistance with operational questions
- Support for software or configuration updates
- Guidance related to system usage for instructional and community events

This ongoing support model ensures that NSBSD staff can confidently operate and maintain the systems throughout the warranty period and beyond.

Summary of Warranty and Support Approach

(Evaluation Focus: Overall confidence and clarity)

Solutionz's warranty and support approach is designed to:

- Meet or exceed RFP warranty requirements
- Provide clear, responsive support pathways
- Minimize downtime and unnecessary site visits
- Account for the logistical realities of remote Alaska locations

By combining comprehensive warranty coverage with a practical, remote-first support model, Solutionz delivers a service framework that supports long-term system reliability and aligns with the operational needs of the North Slope Borough School District.

EXPERIENCE & REFERENCES

(Evaluation Criterion #3 – 15%)

North Slope Borough School District – RUS DLT Grant 2026

Relevant Experience Summary

Solutionz has extensive experience delivering **USDA RUS Distance Learning and Telemedicine (DLT) Grant-funded projects** across **remote and rural Alaska**, supporting K-12 education, community organizations, and Alaska Native institutions. Our experience includes multi-site deployments, large-format instructional technology, video conferencing systems, and custom solutions engineered for challenging environmental and logistical conditions.

The following projects demonstrate Solutionz's ability to successfully plan, deploy, and support distance learning and collaboration systems in geographically isolated locations like those served by the North Slope Borough School District.

Southeast Island School District (SISD) – Alaska

USDA RUS DLT Grant Project

Solutionz delivered a **district-wide technology refresh** for Southeast Island School District across multiple schools located in geographically dispersed island communities. The project required careful coordination of logistics, shipping, and scheduling across remote sites.

Project elements included:

- Deployment of **Promethean interactive boards** in all classrooms to support modern instruction and digital curriculum integration
- Implementation of **zSpace virtual reality learning systems** to enhance STEM instruction and provide immersive educational experiences for geographically isolated students

These upgrades were completed with close coordination across multiple island locations and are supported by Solutionz's **remote training and troubleshooting services**, ensuring long-term system usability and instructional continuity.

Everett Cook

Technology Director

Southeast Island School District

Phone: 907-828-8254 ext. 217

Email: ecook@sisd.org

Kodiak Area Native Association (KANA) – Alaska

USDA RUS DLT Grant Project

Solutionz has supported the Kodiak Area Native Association through multiple **conference room modernization initiatives** funded under a USDA RUS DLT Grant, enhancing communication and service delivery for Alaska Native beneficiaries.

Completed systems included:

- Conference rooms utilizing **Crestron control systems**
- **Biamp DSP** for audio processing
- **Shure and Audio-Technica microphones**
- **ClearTouch interactive flat-panel displays**

These rooms were configured to support **reliable hybrid meetings, telehealth program operations**, and collaboration between KANA locations and partner organizations across Alaska, with a focus on dependable operation in remote environments.

Inupiat Community of the Arctic Circle (ICAS) / Qargi Academy – Alaska

USDA RUS DLT Grant Project

Solutionz recently partnered with the **Inupiat Community of the Arctic Circle (ICAS)** to support distance learning initiatives for **Qargi Academy** under a USDA RUS DLT Grant. The organization is taking a **scalable, pilot-based approach** to distance learning deployment.

Initial project elements include:

- A **mobile distance learning cart** utilizing **Crestron Flex, Crestron AirMedia, ViewSonic displays**, and **AVTEQ mobile furniture**
- Design and build of **two custom video conferencing suitcase systems**, incorporating **Starlink connectivity** and ruggedized components engineered to operate in **below-freezing temperatures** and harsh outdoor environments

These portable systems are housed in rugged protective cases and are intended to support **field-based and outdoor video conferencing**, demonstrating Solutionz's ability to engineer non-traditional solutions tailored to Arctic operating conditions.

Reference Contact:

Mark Roseberry

Education Director / School Administrator

Inupiat Community of the Arctic Circle (ICAS) / Qargi Academy

Experience Alignment Summary

Across these projects, Solutionz has demonstrated the ability to:

- Successfully deliver **RUS DLT-funded projects**
- Operate in **remote, rural, and Arctic Alaska environments**
- Coordinate complex logistics across islands, inland sites, and seasonal access routes
- Deploy both **standardized AV systems** and **custom engineered solutions**
- Provide ongoing remote training, support, and troubleshooting

This experience directly aligns with the technical, logistical, and operational requirements of the North Slope Borough School District and supports Solutionz's ability to execute the proposed distance learning systems under this RFP.

COMPLIANCE MATRIX

RUS DLT Grant Bid 2026 – Distance Learning Equipment
North Slope Borough School District

1. General & Scope Compliance

RFP Requirement	RFP Ref.	Solutionz Response	Status
Turn-key delivery	Sec. II	Complete solution: equipment, install, programming, commissioning, training, documentation	✓
Equipment procurement & delivery	Sec. II.1	All equipment sourced, staged, and delivered by Solutionz	✓
Installation & integration	Sec. II.2	Professional installation and system integration included	✓
Programming & commissioning	Sec. II.3	Configuration, testing, and commissioning included	✓
On-site training	Sec. II.4	On-site operational training provided	✓
Documentation & as-builts	Sec. II.5	As-built drawings and manuals provided	✓
Minimum 3-year warranty	Sec. II.6 / IV	≥3-year parts and labor warranty	✓
Remote Alaska logistics	Sec. II.7	Shipping, travel, staging, and coordination included	✓

2. Gymnasium AV Systems (All Gym Sites)

RFP Requirement	RFP Ref.	Solutionz Response	Status
13,000-lumen laser projection	Sec. III	13,000-lumen WUXGA laser projectors provided	✓
Motorized projection screen	Sec. III	Large-format motorized screens provided	✓
Zoom Room platform	Sec. III	Dedicated Zoom Room compute with Logitech Tap	✓
PTZOptics NDI cameras	Sec. III	Multiple PTZOptics NDI PTZ cameras per gym	✓
Full court & audience coverage	Sec. III	Preset PTZ coverage for court and audience	✓
Live production switching	Sec. III	RØDECaster Video production switching	✓
Live streaming & recording	Sec. III	Integrated live streaming and recording	✓

Wireless microphones	Sec. III	Handheld and bodypack wireless microphones	✓
Bluetooth / auxiliary audio	Sec. III	Bluetooth and auxiliary audio inputs provided	✓
DSP audio processing	Sec. III	Biamp DSP processing integrated	✓
Touchscreen control	Sec. III	Touchscreen control with routing and presets	✓
Secure equipment rack	Sec. III	All head-end equipment rack-mounted and secured	✓

3. RØDECaster Video – Equivalency Statement

RFP Requirement	RFP Ref.	Solutionz Response	Status
HD switcher or RØDECaster Video	Sec. III	RØDECaster Video provided as approved option	✓
Direct NDI camera integration	Sec. III	Native NDI ingest (up to four cameras)	✓
No external NDI converters	Sec. III	External NDI-to-HDMI converters eliminated	✓
No loss of functionality	Sec. III	Full switching, streaming, recording maintained	✓

4. Fred Ipalook Elementary – Multipurpose Room

RFP Requirement	RFP Ref.	Solutionz Response	Status
Large-format projection	Sec. III.5	Laser projection with motorized screen	✓
Zoom conferencing	Sec. III.5	Zoom Room with Logitech Tap	✓
Multiple PTZ cameras	Sec. III.5	Stage and audience PTZ coverage	✓
Live production & streaming	Sec. III.5	RØDECaster Video production system	✓
Wireless mics & DSP audio	Sec. III.5	Wireless microphones with DSP processing	✓
Touchscreen & PTZ joystick	Sec. III.5	Touchscreen + joystick control	✓
Secure rack installation	Sec. III.5	Locking equipment rack	✓

5. Fred Ipalook Elementary – Distance Learning Music Room

RFP Requirement	RFP Ref.	Solutionz Response	Status
Dedicated DL music space	Sec. III.6	Purpose-built distance learning music room	✓

Laser projection	Sec. III.6	Laser projection for instruction	✓
Two flat-panel displays	Sec. III.6	Two instructional flat-panel displays	✓
PTZ camera integration	Sec. III.6	PTZ cameras for instruction and performance	✓
Professional audio capture	Sec. III.6	Music-grade audio capture and DSP	✓
Recording & playback	Sec. III.6	Recording and playback supported	✓
Fully commissioned system	Sec. III.6	Complete integration and commissioning	✓

6. Warranty, Support, and Administrative

RFP Requirement	RFP Ref.	Solutionz Response	Status
Service & repair terms	Sec. V	Defined service and support procedures	✓
Pricing validity (90 days)	Sec. X	Pricing valid \geq 90 days	✓
SAM compliance	Sec. VIII	Not listed on SAM exclusion list	✓
Federal procurement compliance	Sec. VII / XIV	Complies with 2 CFR 200 & 7 CFR 1734	✓
Insurance acknowledgment	Sec. XV	Ability to meet insurance requirements acknowledged	✓
Electronic submission	Sec. VIII	Submitted electronically as required	✓

ADMINISTRATIVE & CERTIFICATIONS

North Slope Borough School District
RUS DLT Grant Bid 2026 – Distance Learning Equipment

Vendor Information

Vendor Name: Solutionz, Inc.

Business Address: 16751 Knott Avenue, La Mirada, CA 90638

Primary Contact: Brian Tribble, Senior Account Manager

Phone: 404-323-4975

Email: btribble@solutionzinc.com

Solutionz, Inc. is authorized to submit this proposal and, if awarded, to enter into a contract with the North Slope Borough School District.

Federal and Regulatory Compliance

Solutionz acknowledges and affirms that this proposal complies with all applicable federal, state, and local procurement requirements, including but not limited to:

- **2 CFR 200.318–327** (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards)
- **7 CFR Part 1734** (USDA Rural Utilities Service Distance Learning and Telemedicine Program requirements)

Solutionz further acknowledges that pricing and scope are aligned with the **USDA RUS DLT Approved Line Item Budget (Appendix A)** and that no unauthorized deviations have been proposed.

SAM.gov Certification

Solutionz, Inc. certifies that it is **not listed on the Federal System for Award Management (SAM) exclusion list** and is eligible to participate in federally funded projects.

Insurance Acknowledgment

Solutionz acknowledges its ability to comply with the insurance requirements outlined in the RFP, including but not limited to:

- Workers' Compensation insurance in accordance with the laws of the State of Alaska
- Public and protective liability insurance meeting the coverage limits specified in the RFP

Certificates of Insurance will be provided **upon notice of award** and prior to commencement of work, as required.

Proposal Validity

Solutionz confirms that all pricing submitted in this proposal shall remain valid for a minimum of **ninety (90) days** from the proposal submission deadline, in accordance with RFP requirements.

Exceptions and Deviations

Solutionz has reviewed the RFP in its entirety and submits this proposal **without exception** to the administrative, technical, or contractual requirements set forth therein. Any approved equivalent products proposed are clearly identified and meet or exceed the performance specifications outlined in the RFP.

Submission Acknowledgment

Solutionz acknowledges that submission of this proposal constitutes acceptance of the terms, conditions, and requirements contained within the **RUS DLT Grant Bid 2026 – Distance Learning Equipment** Request for Proposal.

Line-Item Budget Worksheet

North Slope Borough School District

Line Item #	Site Number & Name	Description	Unit Cost	# of Units	Extended Cost

DISTANCE LEARNING AND TELEMEDICINE
GRANT AGREEMENT

dated as of December 16, 2025 between

NORTH SLOPE BOROUGH SCHOOL DISTRICT,
as Grantee

and

THE UNITED STATES OF AMERICA
as Grantor

DISTANCE LEARNING AND TELEMEDICINE GRANT AGREEMENT

THIS DISTANCE LEARNING AND TELEMEDICINE GRANT AGREEMENT (this “Agreement,”) dated as of December 16, 2025, between **NORTH SLOPE BOROUGH SCHOOL DISTRICT**, as Grantee (hereinafter the “Grantee,”) a Public Body existing under the laws of Alaska, and the **UNITED STATES OF AMERICA**, as Grantor (hereinafter the “Government,”) acting through the Administrator of the Rural Utilities Service (“RUS.”)

WHEREAS, the Grantee has applied for financial assistance (“Application”) to RUS to finance a Project providing distance learning and/or telemedicine services in rural areas as described in a scope of work plan (the scope of work plan and any revisions thereto, all as approved in writing by RUS, hereinafter the “Scope of Work Plan;”)

WHEREAS, RUS is willing to extend financial assistance, in the form of a grant (the “Grant”) to the Grantee, pursuant to Title VII of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. § 950aaa), the Notice of Funding Opportunity (“NOFO”) published on www.grants.gov on January 6, 2025, and all applicable federal regulations, on the terms and conditions stated herein; and

WHEREAS, the Grantee is willing to secure its other obligations to RUS on the terms stated herein;

THEREFORE, for and in consideration of the premises and the mutual covenants herein contained, the parties agree and bind themselves as follows:

ARTICLE I - DEFINITIONS

SECTION 1.1 Definitions

The terms defined herein include both the plural and the singular. Unless otherwise specifically provided, all accounting terms not otherwise defined herein shall have the meanings assigned to them, and all determinations and computations herein provided for shall be made in accordance with Accounting Requirements.

“Accounting Requirements” shall mean compliance with U.S. Generally Accepted Accounting Principles (GAAP) acceptable to RUS as well as compliance with the requirements of 2 C.F.R. part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (and by adoption, 48 C.F.R. § 31.2 of the Federal Acquisition Regulations).

“Advance” or “Advances” shall mean an advance or advances made by RUS pursuant to this Agreement.

“Application” shall have the meaning as defined in the second paragraph hereof.

“DLT Regulations” shall mean the specific RUS Regulations promulgated at 7 C.F.R. part 1734, *Distance Learning and Telemedicine Loan and Grant Program*, as amended from time to time.

“Expiration Date” shall have the meaning as defined in Section 3.1(b) hereof.

“Laws” shall have the meaning as defined in Section 2.1(e) hereof.

“Matching Contribution” shall have the meaning as defined in Section 4.2(d) hereof.

“Project” shall have the meaning as defined in Section 3.2(a) hereof.

“Release of Funds Date” shall mean the date funds are first made available as evidenced by the notice sent by the Agency to the Awardee.

“RUS Regulations” shall mean the rules, regulations and bulletins of general applicability published by RUS from time to time, as such rules, regulations and bulletins exist at the date of applicability thereof, and shall also include any rule and regulations of other Federal entities which RUS is required by law to implement. Any reference to specific RUS Regulations shall mean the version of and cite to such regulation effective at the date of applicability thereof.

“Scope of Work Plan” shall have the meaning as defined in the second paragraph of this Agreement.

ARTICLE II - REPRESENTATIONS AND WARRANTIES

SECTION 2.1 Representations and Warranties of Grantee

Recognizing that RUS is relying hereon, the Grantee represents and warrants, as of the date of this Agreement, as follows:

- (a) *Organization; Power, Etc.* The Grantee: (i) is the type of organization specified in the first paragraph hereof, duly organized, validly existing, and in good standing under the laws of the State identified in the first paragraph hereof; (ii) is duly qualified to do business and is in good standing in each jurisdiction in which the transaction of its business make such qualification necessary; (iii) has all requisite and legal power to own and operate its assets and to carry on its business and to enter into and perform its obligations under this Agreement; (iv) has duly and lawfully obtained and maintained all material licenses, certificates, permits, authorizations and approvals which are necessary to the conduct of its business or required by applicable Laws; and (v) is eligible to obtain the financial assistance from RUS contemplated by this Agreement.
- (b) *Authority.* The execution, delivery and performance by the Grantee of this Agreement and the performance of the transactions contemplated hereby have been duly authorized by all necessary action and do not violate any provision of law or any charter, articles of incorporation, organizational documents or bylaws of the Grantee or result in a breach of, or constitute a default under, any agreement, security agreement, note or other instrument to which the Grantee is a party or by which it may be bound. The Grantee has not received any notice from any other party to any of the foregoing that a default has occurred or that any event or condition exists that with the giving of notice or lapse of time or both would constitute such a default.
- (c) *Consents.* No consent, approval, authorization, order, filing, qualification, license, or permit of any governmental authority is necessary in connection with the execution, delivery, performance or enforcement of this Agreement, except such as have been obtained and are in full force and effect.
- (d) *Binding Agreement.* This Agreement is, when executed and delivered, the legal, valid, and binding obligation of the Grantee, enforceable in accordance with its terms, subject only to limitations on enforceability imposed in equity or by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting creditors' rights generally.
- (e) *Compliance with Laws.* The Grantee is in compliance in all material respects with all federal, state and local laws, rules, regulations, ordinances, codes and orders (collectively, “Laws.”)

- (f) *Information Submitted with Application.* All information, reports, and other documents and data submitted to RUS in connection with the Application were, at the time the same were furnished, complete, and correct in all material respects. Any financial statements or data submitted to RUS in connection with the Application present fairly, in all material respects, the financial position of the Grantee and the results of its operations in conformity with Accounting Requirements. Since the date thereof, there has been no material adverse change in the financial condition or operations of the Grantee.
- (g) *Principal Place of Business.* The principal place of business and chief executive office of the Grantee is at the address specified in Schedule I hereto.
- (h) *Ratification.* By executing this Agreement, the Grantee affirms and ratifies all statements, representations and written documents that it has submitted to RUS in connection with the Grant.
- (i) *Recipient and Subrecipient Reporting.* The Grantee has the necessary processes and systems in place to comply with the reporting requirements for first-tier, sub-awards, and executive compensation under the Federal Funding Accountability and Transparency Act of 2006, unless Grantee is exempt from such reporting requirements pursuant to 2 C.F.R. part 170.

ARTICLE III - THE GRANT

SECTION 3.1 Grant Amount and Expiration Date

- (a) *Grant Amount.* RUS agrees to make and the Grantee agrees to accept, on the terms and conditions stated in this Agreement, the Grant, in the maximum amount specified in Schedule I hereto.
- (b) *Expiration Date.* The Grant, and the obligation of RUS to advance the Grant, or any portion thereof, shall expire on a date three (3) years from the Release of Funds date (the “Expiration Date”). No portion of the Grant will be advanced by RUS to the Grantee after the Expiration Date. RUS, in its sole discretion, may approve a one-time extension of the Expiration Date, not to exceed 12 months, provided that the Grantee notify RUS, in writing at least ten days prior to the Expiration Date, of the reasons and need for an extension, together with a suggested, revised Expiration Date.

SECTION 3.2 Project

- (a) *Grant Purpose.* The Grant has been made solely to finance the project specifically described in the Application and Scope of Work Plan (hereinafter the “Project”) to furnish or improve distance learning and/or telemedicine services in rural areas.
- (b) *Changes to Project.* The Grantee shall obtain the prior written approval of RUS for any material change to the scope, budget, design, construction, delivery of services, or objectives of the Project, including, but not limited to any changes to discrete budget line items, or the amount of Grant funds allocated thereto, within the overall Project. Such approved material changes shall be set forth in a revised Scope of Work Plan submitted to RUS.

ARTICLE IV - CONDITIONS OF FUNDING

SECTION 4.1 General Conditions

In connection with the execution and delivery of this Agreement, each of the following conditions shall be satisfied (all documents, certificates and other evidence of such conditions are to be satisfactory to RUS in its discretion):

- (a) *Legal Matters.* All legal matters incident to the consummation of the transactions hereby contemplated shall be satisfactory to counsel for RUS.
- (b) *Executed Grant Agreement.* RUS shall receive duly executed originals of this Agreement.
- (c) *Articles of Incorporation, Charter, Bylaws and Organizational Documents.* With respect to corporate and cooperative grantees, RUS shall have received copies of the Grantee's articles of incorporation or charter and bylaws. With respect to limited liability companies or similar grantees, RUS shall have received copies of the Grantee's organization documents.
- (d) *Authorizations.* RUS shall have received evidence satisfactory to it that all documents and proceedings of the Grantee necessary for duly authorizing the execution, delivery and performance of this Agreement have been obtained and are in full force and effect.
- (e) *Approvals.* RUS shall have received evidence satisfactory to it that the Grantee has duly registered when and where required by law with all state, Federal and other public authorities and regulatory bodies and obtained all authorizations, certificates, permits, licenses, franchises and approvals necessary for, or required as a condition of, the validity and enforceability of this Agreement and for the construction and operation of the Project.
- (f) *Opinion of Counsel.* For Grants in the amount of \$500,000 or more, RUS shall receive an opinion of counsel for the Grantee, licensed in the Grantee's state of incorporation, in form and content acceptable to RUS.
- (g) *ACH.* That Grantee agrees to use of the Automated Clearing House (ACH) Payment System that deposits funds directly into the bank account Grantee designates.

SECTION 4.2 Conditions to Advances

The obligations of RUS to approve any Advance of the Grant is subject to the satisfaction of each of the following conditions precedent on or before the date of such Advance (all documents, certificates and other evidence of such conditions precedent are to be satisfactory to RUS in its discretion):

- (a) *Continuing Representations and Warranties.* That the representations and warranties of the Grantee contained in this Agreement be true and correct on and as of the date of such Advance as though made on and as of such date.
- (b) *Requisitions and Supporting Documentation.* That RUS shall have received not more frequently than once a month, a completed Standard Form 270, *Request for Advance or Reimbursement* (hereinafter "Request for Advance,") bearing the original signature of the officer, employee, or agent of the Grantee authorized to receive, disburse, or receive and disburse the Grant, and supporting documentation from the Grantee in accordance with RUS Regulations and DLT Regulations. All Advances shall be limited to the minimum amounts required for the Grantee's immediate disbursement needs and shall be requested by the Grantee only for actual immediate cash requirements of the Grantee. All Advances shall either be provided on a reimbursement basis, supported by documentation including, but not limited to, paid invoices, employee timesheets or lease agreements, or based on unpaid invoices for eligible grant purposes.

- (c) *Certification of Authority.* That RUS has received from the Grantee a duly authorized and executed certification of authority designating an officer, employee, or agent of the Grantee as the person or persons authorized to execute and submit, on behalf of the Grantee, the Request for Advance.
- (d) *Matching Contribution.* Evidence that the Grantee has provided or made provision for the entire matching contribution, as defined and set forth in 7 C.F.R. § 1734.22 (“Matching Contribution,”) to the Project as set forth on Schedule I, or that the Grantee has provided or made provision for a pro rata Matching Contribution in an amount at least equal to the percentage (as specified in Schedule I) of the requested Advance, which evidence may be in the form of documentation including, but not limited to, paid invoices, employee timesheets, lease agreements, or bank deposit slips.
- (e) *Compliance with Agreement.* That the Grantee is in material compliance with the Agreement.
- (f) *Additional Documents.* The Grantee agrees to provide RUS with such additional documents as RUS may request.
- (g) *Additional Conditions.* The Grantee has met all additional conditions specified in Schedule I hereto.

ARTICLE V - AFFIRMATIVE COVENANTS

SECTION 5.1 Generally

Unless otherwise agreed to in writing by RUS, while this Agreement is in effect, the Grantee shall duly observe each of the affirmative covenants contained in this Article V.

SECTION 5.2 Use of Advances

The Grantee shall expend the Grant funds only for approved purposes as set forth in the DLT Regulations, the Scope of Work Plan, the Request(s) for Advance, and in accordance with the Accounting Requirements. The Grant shall not be expended to cover any costs incurred in connection with the Project prior to the date of receipt by RUS of the Application. The Grantee acknowledges that RUS approval for any Request for Advance shall not be a waiver of any provision or requirement contained or cited herein, but shall be subject to a subsequent compliance review.

SECTION 5.3 Unused and Disallowed Advances

- (a) The Grantee shall return to RUS forthwith all or any advanced portion of the Grant not disbursed by the Grantee for the Project or not needed to complete the Project with any interest earned.
- (b) The Grantee shall reimburse RUS for any advanced funds whose original expenditure has been disallowed by a RUS grant audit. Disallowances shall be satisfied, as directed by RUS, by either administrative offset against requests for Advances or repaying the disallowed amount directly to the United States Treasury.

SECTION 5.4 Financial Books

- (a) The Grantee shall maintain, at its premises, such books, documents, papers, or other records and supporting documents, including, but not limited to, invoices, receipts, and bills of sale, adequate to identify the purposes for which, and the manner in which Grant and other funds were expended on the Project. The Grantee shall maintain all such records and copies of forms or financial reports, submitted to RUS in connection with the Grant, for

the longest of: (i) three years from the date the Grantee submits its final Project Performance Activity Report; (ii) three years from resolution of disputed items with RUS; or (iii) three years from disposition of property acquired with Grant funds during the term of the Grant.

- (b) The Grantee will maintain complete, accurate, and current disclosure of the financial results of each Project in accordance with the DLT Regulations and Accounting Requirements. The source and application of funds shall be readily identified by the continuous maintenance of updated records, with all accounting records being supported by source documentation. Established procedures shall be used for determining the reasonableness, allowability, and allocation of costs in accordance with the DLT Regulations and the Accounting Requirements.

SECTION 5.5 Rights of Inspection and Compliance Reviews

- (a) The Grantee shall afford RUS, the Office of Inspector General of USDA and the General Accounting Office, through its representatives, reasonable opportunity, at all times during business hours and upon prior notice, to have access to and right to inspect the Project, and any and all books, records, accounts, including electronic books, records, accounts and electronic mail messages, regardless of the physical form or characteristics, and any and all invoices, contracts, leases, payrolls, canceled checks, statements and other documents and papers of every kind belonging to or in any way pertaining to the Grant and to make copies or extracts therefrom.
- (b) The Grantee shall afford RUS, reasonable opportunity, at all times during business hours and upon prior notice, to conduct a compliance review to determine compliance with this Agreement and to determine whether expenditures and disbursements of the Grant were for approved purposes, and/or in accordance with the Grantee's Request(s) for Advance and the supporting documentation thereto.

SECTION 5.6 Annual Audits

- (a) Non-Federal Entities, which include Grantees that are States, local governments, Indian tribes, institutions of higher education, or nonprofit organizations, shall provide RUS with an audit pursuant to 2 C.F.R. part 200, Subpart F (Audit Requirements). The Grantee must follow subsection 200.502 in determining federal awards expended. All RUS loans impose an ongoing compliance requirement for the purpose of determining federal awards expended during a fiscal year. In addition, the Grantee must include the value of new federal loans made along with any grant expenditures from all federal sources during the Grantee's fiscal year. Therefore, the audit submission requirement for this program begins in the Grantee's fiscal year that the loan is made and thereafter, based on the balance of federal loan(s) at the beginning of the audit period. All required audits must be submitted within the earlier of: (i) 30 calendar days after receipt of the auditor's report; or (ii) nine months after the end of the Grantee's audit period.
- (b) For all other entities, Grantees shall provide RUS with an audit within 120 days after the as of audit date in accordance with 7 C.F.R. part 1773, Policy on Audits of RUS Borrowers. Note that with respect to Advances that contain loan funds, the audit is required after an Advance has been made, and, thereafter, from the close of each subsequent fiscal year until the loan is repaid in full. With respect to Advances that only contain grant funds, the audit is required until all grant funds have been expended or rescinded. While an audit is required, Grantees must also submit a report on compliance and internal controls over financial reporting, as well as a report on compliance with aspects of contractual agreements and regulatory requirements.

SECTION 5.7 Project Performance and Financial Reporting

- (a) *Annual Financial Report and Project Performance Activity Report.* No later than January 31st of the following year in which all or any portion of the Grant is first advanced and continuing in subsequent years until completion of the Project, the Grantee must submit the following information to RUS, as directed by the agency:
 - (i) An annual, completed SF 425-Federal Financial Report; and
 - (ii) An annual Project Performance Activity Report, which contains the following:
 - (A) a comparison of actual accomplishments to the objectives established for the period;
 - (B) a description of any problems, delays, or adverse conditions which have occurred, or are anticipated, and which may affect the attainment of overall Project objectives, prevent the meeting of time schedules or objectives, or preclude the attainment of particular Project work elements during established time periods, accompanied by a statement of action taken or planned to resolve the situation; and
 - (C) objectives and timetables established for the next reporting period.
- (b) *Final Financial Report and Final Project Performance Activity Report.* No later than one hundred twenty (120) days after the Expiration Date, termination of the Grant, the Project completion, or the final disbursement of the Grant by the Grantee, whichever event occurs first, the Grantee must submit a Final SF 425-Financial Report and a Final Project Performance Activity Report which only covers an evaluation of the success of the Project in meeting the objectives of the program.

SECTION 5.8 Miscellaneous Information to be Provided to RUS

The Grantee shall furnish to RUS such information regarding the condition, financial or otherwise, or operations of the Grantee as RUS may, from time to time, reasonably request.

SECTION 5.9 Obligations with Respect to the Construction, Operation and Maintenance of the Project

- (a) *Project Management and Operation.* The Grantee shall be responsible for managing the day-to-day operations of the Project and will operate the Project in an efficient and economic manner as well as maintaining the Project in good repair. The Grantee shall provide the service described in the Application and, if the Project is owned, leased, or operated by participants other than the Grantee, the Grantee shall monitor such participants and ensure the Project is operated in accordance with representations in the Application.
- (b) *Construction in Accordance with Scope of Work Plan.* The Grantee shall cause the Project to be constructed and completed in accordance and within the time frame and budget set forth in the Scope of Work Plan approved by RUS.
- (c) *Procurement Requirements.* The Grantee shall conduct all procurement transactions in accordance with 2 CFR §§ 200.317-326, unless it has received written approval otherwise.
- (d) *General Insurance Requirements.* In addition to the fidelity bond coverage required in Subsection 4.1(h), the Grantee shall take out and maintain insurance on the Project and any other property acquired with the Grant in accordance with 2 C.F.R. § 200.310.

SECTION 5.10 Compliance with Laws

The Grantee will comply with all applicable federal statutes, regulations and requirements that

govern the Application, the Project, and use of federal grant funds for this Grant.

SECTION 5.11 Additional Project Funding

The Grantee shall ensure that adequate funding is in place to complete the Project and will, after obtaining the prior written approval of RUS, obtain loans or funds or receive binding commitments for supplemental funding in an amount needed to ensure completion of the Project.

SECTION 5.12 Matching Contribution

The Grantee shall provide the entire Matching Contribution prior to the end of the term of this Agreement and in accordance with 2 C.F.R. § 200.306, if applicable.

SECTION 5.13 SAM Registration and Unique Entity Identifier

The Grantee shall comply with the additional requirements set forth in Attachment 1 regarding System for Award Management (SAM) and Unique Entity Identifier. For the purposes of this Agreement the term “you” in Attachment 1 shall mean “Grantee” as defined hereunder. The Grantee’s Unique Entity Identifier is listed in Schedule I hereto.

SECTION 5.14 Subawards and Executive Compensation

The Grantee shall comply with the additional requirements set forth in Attachment 2 regarding Subawards, if not restricted under Section 6.4, and Executive Compensation. For the purposes of this Agreement the term “you” in Attachment 2 shall mean “Grantee” as defined hereunder.

SECTION 5.15 Buy American

- (a) *Funding to Non-Federal Entities.* Awardees that are Non-Federal Entities, defined pursuant to 2 CFR 200.1 as any State, local government, Indian tribe, Institution of Higher Education, or nonprofit organization, shall be governed by the requirements of Section 70914 of the Build America, Buy America Act (BABAA) within the IJA. Any requests for waiver of these requirements must be submitted pursuant to USDA’s guidance available online at <https://www.usda.gov/ocfo/federal-financial-assistance-policy/USDABuyAmericaWaiver>.
- (b) *Funding to All Other Entities.* Awardees that are not Non-Federal Entities shall be governed by the Agency’s Buy American requirement at 7 CFR part 1787. Any requests for waiver of these requirements must be submitted pursuant to those regulations.

SECTION 5.16 Additional Affirmative Covenants

The Grantee shall comply with the additional affirmative covenants set forth in Schedule I hereto.

ARTICLE VI - NEGATIVE COVENANTS

SECTION 6.1 General

Unless otherwise agreed to in writing by RUS, while this Agreement is in effect, the Grantee shall duly observe each of the negative covenants set forth in this Article VI.

SECTION 6.2 Contracts

The Grantee shall not, without the prior written consent of RUS, enter into any contract or contracts for the operation or maintenance of the Project and shall not enter into any contract for the use by others of the Project.

SECTION 6.3 Historic Preservation

The Grantee shall not, without the prior written consent of RUS, use any Advance to construct any facility which shall involve any district, site, building, structure or object which is included in, or eligible for inclusion in, the National Register of Historic Places maintained by the Secretary of the Interior pursuant to the Historic Sites Act of 1935 and the National Historic Preservation Act of 1966.

SECTION 6.4 Prohibition Against Internal Confidentiality Agreements

- (a) The Grantee shall not require its employees, contractors, or subrecipients to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting them from lawfully reporting that waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.
- (b) The Grantee shall notify its employees, contractors, or subrecipients that the prohibitions and restrictions of any internal confidentiality agreements that may currently be in effect that are inconsistent with paragraph (a) of this section are no longer in effect.
- (c) The prohibition in paragraph (a) above does not contravene requirements imposed by a Federal department or agency governing the nondisclosure of classified information.
- (d) If RUS determines that the Grantee is not in compliance with paragraph (a) or (b) of this section:
 - (1) RUS shall cease to make Grant funds available under this Agreement and shall prohibit the Grantee's use of Grant funds under this award; and
 - (2) RUS may pursue other remedies available due to the Grantee's material failure to comply with award terms and conditions.

SECTION 6.5 Additional Negative Covenants

The Grantee shall comply with the additional negative covenants set forth in Schedule I hereto.

ARTICLE VII – TERMINATION, SUSPENSION AND OTHER REMEDIES

SECTION 7.1 Termination of the Grant

- (a) *Termination of the Grant by RUS.* RUS, in its sole discretion, may terminate the Grant, in whole or part if:
 - (i) RUS does not receive this Agreement, duly executed on behalf of the Grantee, within one hundred twenty (120) days from the date hereof;
 - (ii) all conditions to the Grant, and all conditions to advance are not satisfied within one hundred twenty (120) days from the date hereof;
 - (iii) RUS has determined that the Grantee has failed to materially comply with the terms and conditions of this Agreement;
 - (iv) RUS has determined the award no longer effectuates the program goals or agency priorities;

- (v) In the case of a partial termination by the Grantee, the RUS has determined that the remaining portion of the award will not accomplish the purposes for which the award was made;
 - (vi) any representation or warranty made by the Grantee in the Application, Scope of Work Plan, request for Advance, this Agreement, any certification, or other supporting documentation thereunder, shall prove to be incorrect in any material respect at the time made;
 - (vii) the Grantee shall forfeit or otherwise be deprived of its charter, articles of organization, franchises, permits, easements, consents, or licenses required to carry on any material portion of its business, or an event occurs which can reasonably be expected to result in its dissolution or termination;
 - (viii) a court having proper jurisdiction shall enter a decree or order for relief with respect to the Grantee in an involuntary case under any applicable bankruptcy, insolvency, or other similar law now or hereafter in effect: (A) appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator, or similar official or (B) ordering the winding up or liquidation of its affairs; or the Grantee shall commence a voluntary case under any applicable bankruptcy insolvency or other similar law now or hereafter in effect, or consent to the appointment or taking possession by a receiver, liquidator, assignee, custodian or trustee, of a substantial part of its property, or make any general assignment for the benefit of creditors; and/or
 - (ix) Grantee has filed for dissolution or liquidation, or upon the dissolution or liquidation of the Grantee.
- (b) *Termination of the Grant by the Grantee.* The Grantee may terminate the Grant by providing written notification to RUS, setting forth the reasons for such termination, the effective date, and, in the case of a partial termination, the portion of Grant funds to be terminated. In the case of a partial termination, if RUS determines that the remaining portion of the Grant will not accomplish the Project, then RUS may terminate the Grant in its entirety, and request reimbursement of all advanced Grant funds.
 - (c) *Mutual Termination of the Grant.* RUS and the Grantee may mutually agree, in writing, to terminate the Grant upon certain conditions, specifying the effective date of the termination, and in the case of a partial termination of the Grant, any unadvanced portion of the Grant to be terminated and any advanced portion of the Grant to be returned to RUS.
 - (d) *Effect of Termination.* Upon termination of the Grant: (1) the Grantee shall not incur any new obligations after the effective date of the termination with respect to the Grant, (2) the Grantee shall cancel as many outstanding obligations as possible, and seek to mitigate the costs of any outstanding obligations, and (3) any unadvanced portion of the Grant not required for Approved Purposes shall not be available for advance by RUS and any advanced portion of the Grant not required by the Grantee for Approved Purposes or for completion of the Project shall be immediately returned to RUS.
 - (e) *Notice of Termination.* Written notice of termination shall be sent to the Grantee as provided for in Section 8.1 hereof, setting forth the reason(s) for termination, which termination shall be effective as of the date of receipt of such notice.

SECTION 7.2 Suspension of Advances

RUS may suspend the Grant, in whole or in part, for the reasons specified in Section 7.1 hereof as a basis for Grant termination.

- (a) *Suspension Procedure.* RUS shall issue to the Grantee a suspension notice stating the reasons for the suspension, any corrective action required to be taken by the Grantee and the effective date of the suspension. The suspension shall remain in effect until the Grantee has taken all corrective actions required by RUS and RUS terminates the suspension.
- (b) *Effect of Suspension.* New obligations shall not be incurred by the Grantee during the suspension, following the date of notice of suspension, unless specifically authorized by RUS, in writing. RUS will allow necessary allowable costs which the Grantee could not reasonably avoid during the suspension, if the obligations were properly incurred prior to the date of the suspension and not in anticipation of the suspension or termination. During the suspension, appropriate adjustments shall be made to the Grant by RUS in order that credit not be given to the Grantee for disbursements made in payment of unauthorized obligations incurred by the Grantee during the suspension. RUS may also make adjustments by disallowing all or part of the costs of the Project that are not in compliance with this Agreement or RUS may withhold subsequent Advances.

SECTION 7.3 Misrepresentation and Misappropriation

- (a) Upon a determination by RUS that the Grantee did not utilize the Grant in the manner and exclusively for the Project as approved by RUS, RUS may, in its sole discretion:
 - (i) Disallow all or a part of the expenditures and disbursements of the Grant and require the Grantee to deposit such funds in an account to be applied toward other approved Project purposes or to reimburse the Government;
 - (ii) Suspend making Advances; and/or
 - (iii) Take any other action RUS determines to be necessary including, without limitation, exercising any right or remedy available herein or at law.
- (b) If any representation or warranty made by the Grantee in the Application, Scope of Work Plan, request for Advance, this Agreement, any certification, or other supporting documentation thereunder shall prove to be incorrect in any material respect at the time made, RUS may, in its sole discretion:
 - (i) Suspend making Advances;
 - (ii) Require the Grantee to reimburse the Government for all or any part of the Grant;
 - (iii) Terminate the Grant; and/or
 - (iv) Take any other action RUS determines to be necessary including, without limitation, exercising any right or remedy available herein or at law.

ARTICLE VIII - MISCELLANEOUS

SECTION 8.1 Notices

All notices, requests and other communications provided for herein including, without limitation, any modifications of, or waivers, requests or consents under, this Agreement shall be given or made in writing (including, without limitation, by telecopy) and delivered to the intended recipient at the "Address for Notices" specified below; or, as to any party, at such other address as shall be designated by such party in a notice to each other party. Receipt of all such communications shall be deemed to have occurred when transmitted by telecopier or personally delivered or, in the case of a mailed notice, upon receipt, in each case given or addressed as provided for herein. The Addresses for Notices of the respective parties are as follows:

RUS
Rural Utilities Service
United States Department of Agriculture
1400 Independence Avenue, S.W.
Washington, D.C. 20250-1590
Attention: Administrator

Grantee
See Schedule I

With a copy to:

See Schedule I

With a copy to:

See Schedule I

SECTION 8.2 Expenses

To the extent allowed by law, the Grantee shall pay all costs and expenses of RUS, including reasonable fees of counsel, incurred in connection with the enforcement of the Agreement or with the preparation for such enforcement if RUS has reasonable grounds to believe that such enforcement may be necessary.

SECTION 8.3 No Waiver

No failure on the part of RUS to exercise, and no delay in exercising, any right hereunder shall operate as a waiver thereof nor shall any single or partial exercise by RUS of any right hereunder preclude any other or further exercise thereof or the exercise of any other right.

SECTION 8.4 Governing Law

This Agreement shall be governed by and construed in accordance with applicable federal law, and in the absence of controlling federal law, by the laws of the State identified in the first paragraph herein, except those that would render such choice of law ineffective.

SECTION 8.5 Successors and Assigns

- (a) This Agreement shall be binding upon and inure to the benefit of the Grantee and RUS and their respective successors and assigns, except that the Grantee may not assign or transfer its rights or obligations hereunder without the prior written consent of RUS.
- (b) Pursuant to federal claims collection laws, RUS' claims hereunder may be transferred to other agencies of the United States of America; in the event of such transfer, all security interests, rights and remedies hereby granted or conferred on RUS shall pass to and inure to the benefit of any such successor agency.

SECTION 8.6 Complete Agreement; Waivers and Amendments

Subject to RUS Regulations, this Agreement is intended by the parties to be a complete and final expression of their agreement. However, RUS reserves the right to waive its rights to compliance with any provision of this Agreement. No amendment, modification, or waiver of any provision hereof, and no consent to any departure of the Grantee herefrom, shall be effective unless approved in writing by RUS in the form of either a RUS Regulation or other writing signed by or on behalf of RUS, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given.

SECTION 8.7 Headings

The headings and sub-headings contained in the titling of this Agreement are intended to be used for convenience only and do not constitute part of this Agreement.

SECTION 8.8 Severability

If any term, provision or condition, or any part thereof, of this Agreement shall for any reason be

found or held invalid or unenforceable by any governmental agency or court of competent jurisdiction, such invalidity or unenforceability shall not affect the remainder of such term, provision or condition nor any other term, provision or condition, and this Agreement shall survive and be construed as if such invalid or unenforceable term, provision or condition had not been contained therein.

SECTION 8.9 Schedules and Attachments

Each Schedule and Attachment attached hereto and referred to herein is each an integral part of this Agreement.

SECTION 8.10 Authority of Representatives of RUS

In the case of any consent, approval or waiver from RUS that is required under this Agreement, such consent, approval or waiver must be in writing and signed by an authorized RUS representative to be effective. As used in this section, "authorized RUS representative" means the Administrator of RUS, and also means a person to whom the Administrator has officially delegated specific or general authority to take the action in question.

SECTION 8.11 Amendment of Laws and RUS Regulations

Nothing contained herein shall restrict in any way RUS' right to amend, rescind or supplement any of the RUS Regulations or to seek such changes to existing Laws.

SECTION 8.12 Interest on Disallowed Amounts

Disallowed and reimbursable Advance amounts hereunder shall accrue interest payable to RUS from the date RUS delivers to the Grantee a written demand for payment. Interest shall accrue at a rate equal to the lesser of (a) twelve percent (12%) per annum or (b) the maximum interest rate permissible by law. Termination of the Grant will not affect the right of RUS to disallow expenditures and recover, in full, any amount on the basis of a subsequent audit or other review or the Grantee's obligation to return any disallowed expenditures.

SECTION 8.13 No Third-Party Beneficiary

This Agreement is exclusively between RUS and the Grantee and does not nor is intended to create any privity of contract with any other party not a party hereto, nor to imply a contract in law or fact. Any funds advanced by RUS to the Grantee are intended to finance the Grantee's Project. Any approvals given by RUS to the Grantee are solely for the benefit of RUS. RUS is not obligated to advance grant funds on any contract, or otherwise, between the Grantee and any other party, nor intends to assume, at any time, direct obligations for payment for work, goods, or other performance under such contracts. The obligation to pay any amounts due under such contracts is solely the responsibility of the Grantee. Nothing herein, express or implied, is intended to, or shall confer upon, any other person any right, benefit, or remedy of any nature whatsoever under or by reason of the Grant Agreement between RUS and the Grantee.

SECTION 8.14 Disposition of Grant Property

Unless otherwise agreed to in writing by RUS, any and all dispositions of Grant property shall be made in accordance with federal regulations at 2 C.F.R. part 200.

SECTION 8.15 Term

This Agreement shall remain in effect until one of the following three events has occurred:

- (a) The Grantee and RUS replace this Agreement with another written agreement;
- (b) All of the Grantee's obligations under this Agreement have been discharged; or

(c) This Agreement has been terminated pursuant to the provisions of Article VII hereof.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed as of the day and year first above written.

ATTACHMENT 1

SYSTEM FOR AWARD MANAGEMENT AND UNIVERSAL IDENTIFIER REQUIREMENTS

A. Requirement for System for Award Management

Unless you are exempted from this requirement under [2 C.F.R. § 25.110](#), you as the recipient must maintain current information in SAM. This includes information on your immediate and highest level owner and subsidiaries, as well as on all of your predecessors that have been awarded a Federal contract or Federal financial assistance within the last three years, if applicable, until you submit the final financial report required under this Federal award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another Federal award term.

B. Requirement for Unique Entity Identifier

If you are authorized to make subawards under this Federal award, you:

- a. Must notify potential subrecipients that no entity (*see* definition in paragraph C of this award term) may receive a subaward from you unless the entity has provided its Unique Entity Identifier to you. Subrecipients are not required to obtain an active SAM registration, but must obtain a Unique Entity Identifier.
2. May not make a subaward to an entity unless the entity has provided its Unique Entity Identifier to you.

C. Definitions

For purposes of this award term:

1. ***System for Award Management (SAM)*** means the Federal repository into which a recipient must provide information required for the conduct of business as a recipient. Additional information about registration procedures may be found at the SAM Internet site (currently at <http://www.sam.gov>).
2. ***Unique Entity Identifier*** means the identifier assigned by SAM to uniquely identify business entities.
3. ***Entity*** includes non-Federal entities as defined [2 C.F.R.200](#) and also includes all of the following for the purposes of this part:
 - a. A foreign organization;
 - b. A foreign public entity;
 - c. A domestic for-profit organization; and
 - d. A Federal agency.
4. ***Subaward*** has the meaning given in [2 C.F.R. 200.1](#).
5. ***Subrecipient*** has the meaning given in [2 C.F.R. 200.1](#).

ATTACHMENT 2

REPORTING SUBAWARDS AND EXECUTIVE COMPENSATION.

- a. Reporting of first-tier subawards.
 1. Applicability. Unless you are exempt as provided in paragraph d. of this award term, you must report each action that obligates \$25,000 or more in Federal funds that does not include Recovery funds (as defined in section 1512(a)(2) of the American Recovery and Reinvestment Act of 2009, Pub.L. 111-5) for a subaward to an entity (see definitions in paragraph e. of this award term).
 2. Where and when to report.
 - i. You must report each obligating action described in paragraph a.1. of this award term to <http://www.fsrs.gov>. PLEASE NOTE: Currently underway is a consolidation of eight federal procurement systems, including the Sub-award Reporting System (FSRS), into one system, the System for Award Management (SAM). Therefore, please note that the Sub-award Reporting System (FSRS) will soon be consolidated into and accessed through SAM.gov.
 - ii. For subaward information, report no later than the end of the month following the month in which the obligation was made. (For example, if the obligation was made on November 7, 2010, the obligation must be reported by no later than December 31, 2010.)
 3. What to report. You must report the information about each obligating action that the submission instructions posted at <http://www.fsrs.gov> specify.
- b. Reporting Total Compensation of Recipient Executives.
 1. Applicability and what to report. You must report total compensation for each of your five most highly compensated executives for the preceding completed fiscal year, if--
 - i. the total Federal funding authorized to date under this award is \$25,000 or more;
 - ii. in the preceding fiscal year, you received--
 - (A) 80 percent or more of your annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. § 170.320 (and subawards); and
 - (B) \$25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. § 170.320 (and subawards); and
 - iii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/execomp.htm>.)
 2. Where and when to report. You must report executive total compensation described in paragraph b.1. of this award term:
 - i. As part of your registration profile at <http://www.sam.gov>.
 - ii. By the end of the month following the month in which this award is made, and annually thereafter.
- c. Reporting of Total Compensation of Subrecipient Executives.
 1. Applicability and what to report. Unless you are exempt as provided in paragraph d. of this award term, for each first-tier subrecipient under this award, you shall report the names and total compensation of each of the subrecipient's five most highly compensated executives for the subrecipient's preceding completed fiscal year, if--
 - i. in the subrecipient's preceding fiscal year, the subrecipient received--

- (A) 80 percent or more of its annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 C.F.R. § 170.320 (and subawards); and
- (B) \$25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts), and Federal financial assistance subject to the Transparency Act (and subawards); and
- ii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at <http://www.sec.gov/answers/execomp.htm>.)
- 2. Where and when to report. You must report subrecipient executive total compensation described in paragraph c.1. of this award term:
 - i. To the recipient.
 - ii. By the end of the month following the month during which you make the subaward. For example, if a subaward is obligated on any date during the month of October of a given year (i.e., between October 1 and 31), you must report any required compensation information of the subrecipient by November 30 of that year.
- d. Exemptions
 - If, in the previous tax year, you had gross income, from all sources, under \$300,000, you are exempt from the requirements to report:
 - i. Subawards, and
 - ii. The total compensation of the five most highly compensated executives of any subrecipient.
- e. Definitions. For purposes of this award term:
 - 1. Entity means all of the following, as defined in 2 C.F.R. part 25:
 - i. A Governmental organization, which is a State, local government, or Indian tribe;
 - ii. A foreign public entity;
 - iii. A domestic or foreign nonprofit organization;
 - iv. A domestic or foreign for-profit organization;
 - v. A Federal agency, but only as a subrecipient under an award or subaward to a non-Federal entity.
 - 2. Executive means officers, managing partners, or any other employees in management positions.
 - 3. Subaward:
 - i. This term means a legal instrument to provide support for the performance of any portion of the substantive project or program for which you received this award and that you as the recipient award to an eligible subrecipient.
 - ii. The term does not include your procurement of property and services needed to carry out the project or program (for further explanation, see 2 C.F.R. part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*).
 - iii. A subaward may be provided through any legal agreement, including an agreement that you or a subrecipient considers a contract.
 - 4. Subrecipient means an entity that:
 - i. Receives a subaward from you (the recipient) under this award; and
 - ii. Is accountable to you for the use of the Federal funds provided by the subaward.

5. Total compensation means the cash and noncash dollar value earned by the executive during the recipient's or subrecipient's preceding fiscal year and includes the following (for more information see [17 C.F.R. § 229.402\(c\)\(2\)](#)):
- i. Salary and bonus.
 - ii. Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.
 - iii. Earnings for services under non-equity incentive plans. This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.
 - iv. Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.
 - v. Above-market earnings on deferred compensation which is not tax-qualified.
 - vi. Other compensation, if the aggregate value of all such other compensation (e.g. severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds \$10,000.
