Budget Initiatives and Assumptions 2026-2027

The Tentative Budget is a collaborative process across the whole District. Administration, Department and Building Leaders work together to develop a budget that aligns with the District's Vision, Strategic Plan and Learning Together metrics.

The following are some of the major initiatives for each department that will be used in the development of the Tentative Budget. Please remember that, as we presented at the Board Meetings, some of these programs are not just additional expenses as they have either revenue increases and/or cost savings/staffing shifts to offset those program costs. Per the budget calendar we plan to have a Tentative Budget for FY2026-2027 for review on May 18th and approval on the June 22nd meeting.

- Federal Revenue will be based on current information or last year's revenue; these amounts will be adjusted as we file our 2026-2027 grant applications.

Expenditures:

- Salaries will be based on the negotiated agreement with Libertyville Education Association (LEA), the 2026-2027 staffing plan, and other staff increases/adjustments based on board approval for ESP and Administration on March 16, 2026.
- Benefits are based on salary levels for TRS/IMRF, renewal rates for NIHIP which are a 13.9% increase for HMO Plans, a 4.8% increase for Dental, and a 9.7% increase for the PPO Plans, and coverage elections.
- Purchased Services are based on prior budgets, specific needs, or estimates such as the following:
