

Motion to Renew College Security

The College ensures that our multi-campus contracts are stable and present us the best value for price. Currently, The College has contracted with Allied Universal to manage our security needs. The college has solicited open bids for these security services and had three companies respond.

Allied Universal	\$1,224,440.32
FCS	\$1,273,531.00
Per Mar*	\$1,129,914.45

*Adjusted hours for equitable comparison.

After leadership of the college met to determine who is the best fit for our institution, we have all agreed that Allied Universal is still the best choice.

The college president recommends approval of Allied Universal to continue security services for the college.
