Re: Middle School Report

- We are pleased that the number of students and staff that have to quarantine or isolate remain low.
- Now that all of our students have settled in to their routines and our 7<sup>th</sup> and 8<sup>th</sup> graders have adjusted to being in school every day the toll of COVID and the students' needs are becoming more obvious.
- We continue to find creative ways to meet these student needs.
- This week vaccinations have become more available for our teachers.
- Plans are being finalized for MCA testing on April 19, 20 26 and 27.
