

Student Representative Report – Faith Brower

Kiita Learning Community Report. I just want to share a few things we've been working on at our school now that we have finished quarter 3 and going into 4th

On March 28th, we hosted our very first prom. It was a really big moment for us and something we're all proud of. It gave students a chance to come together, have fun, and make good memories.

Right now, we're also getting ready for graduation. It's an exciting time, and everyone's working hard to finish strong and reach that goal.

We've also been giving back to our community. Students have been helping shovel elders' ramps and walkways during TSP. It feels good to help out and show respect to the people in our community.

Thank you!
