RE: Google Workspace for Education Plus Renewal Recommendation

.....

Our Google Workspace for Education Plus is up for renewal. This will allow us to continue utilizing all the teaching and learning tools teachers and students rely on every day. We will be continuing with the Education Plus license as it offers all of the teacher and student tools while also providing tools that enhance the security of our Workspace domain.

As Google has introduced more functionality into their products, they have restructured their pricing, increasing our yearly cost.. We are recommending renewing Google Workspace for Education Plus for a 3 year term. To help with the price increase, Google has provided a 10% discount for year one and then adjusted to normal pricing for years two and three.

Pricing for 3 year renewal

Google Workspace for Education Plus year 1 - \$34,506.00
Google Workspace for Education Plus year 2 - \$38,340.00
Google Workspace for Education Plus year 3 - \$38,340.00

Google Workspace for Education Plus 3 year total - \$111,186.00

This will be paid for using existing technology budget funds.
