

BOARD REPORT

TECHNOLOGY

April 2026

I have finalized our E-Rate for the year. This gives us back 90% of our internet and wireless switches that we purchase.

We have a lot of testing this month and it is going well.

We are continuing to do Cyber Security practices.

I am working on adding a green screen at Bluffview to use it for morning announcements like the High School

I am working on next year's budget.

I am continuing to add VLANS to put wireless access points on their own network and continuing to improve our wireless infrastructure.

I am updating our network map to easily locate problem ports on switches and to see what device is plugged into each port.

I am updating firmware on security camera NVR's.

I am testing out new security camera software.

I am going through all of the classrooms to make sure everything is working properly and updating where we can.

I am fixing all day to day problems as needed.

I welcome any questions or comments from you. I can be reached at school at x2142, on the cell at 618-301-0487, or by email at laldridge@dupo196.org
