

**Discussion and approval of water filtration system donation from Zurn Elkay
May 11, 2026**

1. Board Goals:

Domain 3: Positive school culture

2. Background:

Zurn Elkay would like to enter into a Product Donation Agreement to donate water fountain equipment to UCISD that will replace the existing water fountains at each campus (Dalton, UDLA, Batesville, Morales Junior High and Uvalde High School) and provide the replacement filters for each device for a period of 5 years. The intent of the project is to provide sustainable drinking water for all UCISD students and staff.

3. Process:

UCISD agrees to utilize their own qualified maintenance team or acquire at its own expense qualified plumbing and electrical installation services, to install the products.

4. Fiscal Impact:

The fair market value for the donated equipment is \$370,117. UCISD's maintenance staff will install the equipment and will make the necessary repairs to the existing mounted surface.

5. Recommendation:

Administration recommends the approval of entering the Product Donation Agreement with Zurn Elkay to donate water fountain equipment to UCISD that will replace the existing water fountains at each campus (Dalton, UDLA, Batesville, Morales Junior High and Uvalde High School).

6. Action Required:

Board Action Required
