HS Board Report

- Since we last met:
 1. Speech team will have competed at Sections. Nothing to report at the time of this writing. Congrats to the team for a successful season though.
 2. All Spring Sports have started and are successfully underway. Good luck to them all this season. Weather has been a bit of a factor - but it's a normal MN spring.
 3. Safe Schools meeting was held last Friday. Large turnout from the county level. A great deal of conversation was had about student mental health needs as well as a hopeful return to normal next school year.
 4. Spring break was a much needed time for all. We were thankful to have a few days off.
