Re: Middle School Report

- Student led conferences are February 17th and 22nd from 3:30-8:00 each student has a 20 minute scheduled time. Each student has prepared a PowerPoint that shows their current grades, MCA and Star test data and work samples.
- The standards based grading cohort sessions have been productive. The Middle School Leadership team is planning to share this information with the rest of the teachers as work continues to move forward towards implementation.
- Our WIN and intervention time continue to work well and provide students with additional instruction opportunities.

If you have any questions about these activities or anything else please feel free to contact me.
