

District Improvement Plan

DCIT Sub-Committees:

Curriculum

Discipline

College and Career Readiness

Professional Development & Calendar

Special Programs

Dropout/Completion Rate

Oversight

Merging of Two Documents

- DCIT recreated the district's improvement plan, as requested by the school board last year.
- Previously, the district's improvement plan did not follow the format that the state has.
- The new District Improvement Plan does follow the state format. It is easier to read and is accessible to everyone.

DCIT's Job

- The job of each individual committee was to review the District Improvement Plan and identify sections that pertain to their committee.
- Once this information was found each committee needed to make any necessary adjustments.
- All committees met numerous times throughout the school year to discuss findings and how to create a simplified document without losing the core of it.

A Work In Progress

- The District Improvement Plan is not a final document. It is indeed a work in progress that will continue to vary in order to meet the needs of our students. Modifications will also be made as state standards change, and our educators' needs develop.
