ITEM	DESCRIPTION	COST	TOTAL
I - Gen Contract	*Labor and materials to build an addition to the existing 16 foot by 8 foot by 8 foot tall press box. *The new addition will be approximately 16 feet by 8 feet by 8 feet tall, and its construction and the building materials used will match the existing press box as much as possible. *Price includes painting the entire press box area above the roof line. The entire press box will now measure approximately 32 feet by 8 feet by 8 feet tall. Back wall of press box is taller on the backside and new paint will extend to the lower roof. *Press Box addition will utilize the existing stairway for access. Access will flow through existing press box. A doorway will be placed between the new press box and the old press box. *Press Box Windows will be hinged type to match. *Roof rail budget is \$500 ***Add \$1000 to add 4 approximately-6 foot by 4 foot sliding windows*** *This bid is rough and based on my interpretation of the Project, once exact specifications are determined and plans are drawn and submitted to the building department the price may be subject to change	6,000.00	6,000.00
I - Gen Contract	Fabricate a metal entry feature to the football stadium. *Proposal includes 2 4 inch by 4 inch by 10 metal posts with a 5 foot by 10 foot 3D type HT Logo mounted above the posts 10 feet in the air	3,100.00	3,100.00
I - Gen Contract	Labor and Materials to complete approximately 170 feet of fence at baseball field outfield, and paint to match, and build and install 2 rolling gates	5,750.00	5,750.00
		TOTAL	\$14,850.00
