L District-Wide Late Start-School Starts 1hour late-8:40am						

In honor of our wonderful volunteers (both parents and community), we will hold our annual "Volunteer Tea" on Wednesday, May 23rd from 12:45-1:30pm.

Thanks for all you help!

Thank You TEACHERS!

Teacher Appreciation Week is May 1-5

PTSG Coin Drive May 9-13th

Please help by sending in your loose change to school with your student. The class who raises the most change will win an ice cream party. Every Penny Counts!

PARENT VUE ACCOUNTS

Please make sure you have received information regarding your Parent Vue Accounts for next years on-line Fall registration. If you did not receive the information during your parent teacher conference students were sent home with the information in their back packs. Please be sure to use the Activation Key to create an account. You will need an active email account. If you need help setting this up please contact the office.

TEACHER'S CORNER

Inspired by the 3 R's Williams Elementary held a Re-Invention show on April 10th to honor Earth day and to culminate a school-wide unit on reducing, re-using, and recycling. The show featured student-made artistic creations using re-purposed recycled materials. Shante, a representative from SOS was present to provide prizes for the top 3 creations. Shante previously sparked interest in recycling and helping the earth by giving classroom presentations and getting each student to think ways to help the earth. Pictures of student re-invention show winners and student ideas will be on display at the Josephine County Fair this summer.

The Re-invention show has prompted further earth stewardship by Williams Elementary staff and students. We will begin a monthly bottle/can drive that will benefit future after school programs that are beneficial to our students learning and success. SOS has also provide Williams School with a blue recycle can and a bin for collecting cardboard. Students in Mrs. Wardle's class made recyclable grocery bags and student Savanna Rogers has encouraged her fellow students to recycle in the cafeteria by building a diagram to show them all the materials that are recyclable.
