

STUDENT REPRESENTATIVE BOARD REPORT

MARCH 2026

The purpose of this report is to provide an intentional opportunity to engage our Student Board Representative in a meaningful way in our work as a leadership team.

INSIGHTS, EXAMPLES, OR NON-EXAMPLES OF WORK ALIGNED WITH OUR BOARD GOALS

LEARNING:

Develop and attain local standards for high levels of integrated learning.

- It's exciting to see how the P-Tech program is flourishing and how it's opening up new doors for students.
- I appreciate the diligence of everyone who is working on the Path to B or Better for BISD and its students.

LEADERSHIP:

Foster a collaborative and strategic approach for the continuous improvement of the district.

- The Brahma 20 list that is being developed is a great way to see what it looks like to embody Family, Trust, and High Expectations as a student.
- The launch of the Hybrid Pilot Program is an organized way to see what integrating different learning options looks like for our district.

CULTURE:

Create a culture that attracts, develops, and retains exceptional individuals to be part of our district and community.

- Celebrating different organizations throughout the year keeps learning fun, and keeps students and staff motivated. e.g. FFA Week
- Inviting students and staff to be recognized makes them feel included, and fosters a sense of belonging.

COMMUNITY:

Cultivate connections in our district and community so that all feel safe, valued, and engaged in meaningful ways.

- Campuses feel secure and protected through having SRO's on every campus.
- Seeing Dr. Poenitzsch at the high school makes Bellville ISD feel more like a community

BELLVILLE BRAHMAS
LEARNERS TODAY. LEADERS TOMORROW.
