The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether compensation is paid. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants, and advisors. The school district may

elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

Equal Access to School Facilities

The school district has created a limited open forum for secondary students to conduct noncurriculum-related meetings during noninstructional time. The school district will not discriminate against or deny equal access or a fair opportunity on the basis of the religious, political, philosophical, or other content of the speech at such meetings. These limited open forum meetings will be voluntary, and student initiated; will not be sponsored by school employees or agents; employees or agents of the school will be present at religious meetings only in a nonparticipatory capacity; the meetings will not interfere with the orderly conduct of educational activities within the school; and nonschool persons will not direct, control, or regularly attend activities of student groups. All meetings under this provision must follow the procedures established by the school district.

Fees [*]

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, pens, paper, erasers, notebooks, and other personal items. Students may be required to pay certain other fees or deposits, including (not an inclusive list):

- Admission fees or charges for extracurricular activities, where attendance is optional and where the admission fees or charges, a student must pay to attend or participate in an extracurricular activity are the same for all students, regardless of whether the student is enrolled in a public or a home school.
- Cost for materials for a class project that exceeds minimum requirements and is kept by the student.
- Security deposits for the return of materials, supplies, or equipment.
- Personal physical education and athletic equipment and apparel.

- Voluntarily purchased student health and accident insurance.
- Use of musical instruments owned or rented by the school district.
- A school district-sponsored driver or motorcycle education training course.
- Transportation to and from school for students living within two miles of school.

Students will be charged for textbooks, workbooks, and library books that are lost or destroyed.

Food in the Classrooms

Students are permitted and encouraged to have water bottles in their lockers and drink water as needed. The consumption of any other beverages other than at lunchtime, is prohibited during the school day. Beverages other than water must be in bottles or unopened cans. Open cans of beverages will be confiscated and dumped. Food is to be eaten only in the lunchroom, or at designated snack time. Students may not take uneaten food from the lunchroom to their lockers during breakfast or lunch.

All baked goods and treats served in the public schools must be prepared in the building or commercially baked. Any cakes or treats brought to school in celebration of a birthday or event must follow these guidelines. This policy was established to maintain health standards as they relate to

communicable diseases and the safety of students with food allergies. Any food not meeting these standards will be taken away.

Fundraising

All fundraising activities conducted by student groups and organizations and/or parent groups must be approved in advance by the building principal. Participation in nonapproved fundraising activities is a violation of school district policy. Solicitations of students or employees by students for nonschool-related activities will not be allowed during the school day.

Interviews of Students by Outside Agencies

Students may not be interviewed during the school day by persons other than a student's parents/guardians or school district officials, employees, and/or agents, except as provided by law and/or school policy.

Parents will be notified of overdue materials by email. Parents will be asked to pay replacement costs of materials that are not returned. Written requests for payment will be issued shortly after the due date of all library materials. Money will be refunded for materials that are subsequently found and returned. Students who do not return borrowed materials or pay for replacement ones will not be eligible to participate in activity or reward days until the fees are paid or other arrangements have been made.

Lockers

Students are assigned a locker for storing books and supplies. Each student is responsible for seeing that his/her locker is always kept locked and in order. School combination locks are provided and will be returned at the end of the school year. Lost or damaged locks will cost \$7.00 to be replaced. Students are not to share lockers unless given permission by the principal due to a lack of available lockers for all students. Any interior decorating of lockers is to be in good taste or the decorations will be removed. **Students may use magnets, painters tape or other non-marking materials. Any use of transparent tape is prohibited. Students will be responsible for cleaning and restoring the locker to its original condition.** Exterior decorating of lockers and hallways is not allowed without permission from the principal. The school is not responsible for lost or stolen items. Lockers are the property of the school and school officials reserve the right to search a locker at any time.

Nondiscrimination [*]

The school district is committed to inclusive education and providing an equal educational opportunity for all students. The school district does not discriminate on the basis of race, color, creed, religion, national origin, sex, marital status, parental status, status with regard to public assistance, disability, sexual orientation, including gender identity and expression, or age in its programs and activities. The school board has designated Jennifer Borrell as the district's human rights officer to handle inquiries regarding nondiscrimination. She may be contacted at jborrell@hlww.k12.mn.us or 320-543-4646.

Notice of Violent Behavior by Students []**

The school district will give notice to teachers and other appropriate school district staff before students with a history of violent behavior are placed in their classrooms. Prior to giving this notice, district officials will inform the student's parent or guardian that the notice will be given. The student's parents/guardians have the right to review and challenge their child's records, including the data documenting the history of violent behavior.

Parent and Teacher Conferences

Parent and teacher conferences will be held two times per year. The October conferences is an open house where the parents will have the ability to meet with all of their child's teachers. February conferences are student-led and will be held at scheduled times with your child's advisor. For more information, contact the building principal.

Parent Volunteers

Parents/guardians are welcome in the schools and are encouraged to volunteer in their children's classrooms. To volunteer in the school district, parents/guardians must complete [the Volunteer and Background Check Sign-up Form](#) found on the district's website. Parents/guardians who visit the school should sign in at the office before entering a classroom. For more information, contact Tami Bangasser at tbangasser@hlww.k12.mn.us or 320-543-4660.

Pledge of Allegiance [*]

Students will recite the Pledge of Allegiance to the flag of the United States of America once each week during advisory time. Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason may elect not to do so. Students must respect another person's right to make that choice. Students will also receive instruction in the proper etiquette toward, correct display of, and respect for the flag.

School Activities/sports

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health. Formal instruction is the school district's priority.

Students who participate in school-sponsored activities are expected to represent responsibly the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline. Parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The Howard Lake Waverly Winsted School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer as applicable.

Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact activities director Joe Puncocar at jpuncocar@hlww.k12.mn.us or 320-543-4600.

There is a \$115.00 athletic/activity participation fee per activity and a maximum of \$230.00 if a student is involved in three or more activities. There is also a family cap of \$650.00. No student is denied participation due to inability to pay. Fee information is available from the Activities Director, Joe Puncocar, at the high school.

Student eligibility is based on academic success as well as a commitment of the participants to follow the high school league behavior rules. To be eligible to participate **students must receive passing grades in all classes and must be making satisfactory progress towards an on-time graduation.** Two official grade checks will be done each quarter. One at mid-quarter and one at the end of the quarter for a total of 8 checks per year.

1. Any student receiving one or more failing grades at mid-quarter or end of the quarter is ineligible for a minimum of one week. In that week the student cannot participate

At the end of the first week the student will submit an "eligibility slip" and every week thereafter, until the end of the marking period verifying eligibility. Eligibility slips are due by noon the last day of the academic week in order to be able to complete the following week. Eligibility slips will be turned in to the activities director.

- a.** Students that submit slips with passing grades from all teachers are allowed to play the next week (beginning Monday).
 - b.** Students still failing continue to be ineligible. Students who do not submit slips on time are also ineligible.
 - c.** After the initial first week, grades are checked weekly placing the emphasis on sustaining academic improvement. If the student is not passing for the week, he/she becomes ineligible for that week until an "all passing" slip is submitted.
 - d.** Students can move from eligible to ineligible on a weekly basis between mid-quarter and end of quarter as well as between mid-semester depending upon their weekly grade progress.
- 3.** Students will start each school year based on their last semester grades. There is a carryover of failing grades from one school year to the next. However, since fall athletes (Football 9-12, Volleyball 9-12, Cross Country 7-12, Cheerleading) start three weeks before school starts, those academically ineligible from the spring have no chance to make up their failing grades. Therefore, the following contest ineligibility will be followed. (Students could do credit recovery if summer school is available within the district.)

***Cross Country – 1 meet.*

***Volleyball – 1 game.*

***Cheerleading – 1 game at the beginning of the season.*

***Football – 1 scrimmage or 1 game at the beginning of the season, whichever is first.*

Note: Cross Country & Volleyball can have MSHSL competitions starting at the end of the 1st week. Football can't have a MSHSL game until the end of the 3rd week.

II. ACADEMIC ELIGIBILITY--INCOMPLETES

Students receiving an incomplete at the end of marking period will remain eligible.

- 1.** Students have ten school days after the end of the marking period to convert their incomplete to a letter grade.

2. After the 10 day period of time if the student does not complete the course, the incomplete is changed to an "F" and the student is ineligible as set forth in item I.

III. ACADEMIC ELIGIBILITY--EXCEPTIONS

Any student enrolled in the Special Education program will be considered on an individual basis. Students must be making progress towards graduation.

1. A committee formed of the activities director, principal, guidance counselor, case manager, and instructors will decide if the student is working up to his or her ability and making progress.
2. This committee will determine eligibility status.

IV. ACADEMIC ELIGIBILITY--PARTICIPATION

1. A student who is declared ineligible will be expected to participate in all practice sessions during the period of ineligibility.
2. A student who is declared ineligible will not participate in any competition or exhibition during the period of ineligibility.

- Slow dances may be played but public displays of affection will not be allowed.
- Fun will be had by all!!!

School Parties and Celebrations

Classroom parties and celebrations take place occasionally during the school year. Students may be asked to contribute a nominal amount of money to help defray expenses. This is strictly a voluntary charge. Parents who do not wish their student to participate for personal reasons should notify the classroom teacher.

Searches

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, when appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include individual student plan, alternative to suspension, suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

[Lockers and Personal Possessions Within a Locker \[*\]](#)

Under Minnesota law, school lockers are school district property. At no time does the school district relinquish its exclusive control of lockers provided for students' convenience. School officials may inspect the interior of lockers for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

[Desks](#)

School desks are school district property. At no time does the school district relinquish its exclusive control of desks provided for students' convenience. School officials may inspect the interior of desks for any reason at any time, without notice, without student consent, and without a search warrant.

[Personal Possessions and Student's Person](#)

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

Student Publications and Materials

The school district's policy is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Nonschool-sponsored publications may not be distributed without prior approval.

[Distribution of Nonschool-Sponsored Materials on School Premises \[**\]](#)

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing nonschool-sponsored material, subject to school

district regulations and procedures, at a reasonable time and place and in a reasonable manner. For detailed information, see the complete "Distribution of Nonschool-Sponsored Materials on School Premises by Students and Employees" policy (*Appendix 2*).

School-Sponsored Student Publications

The school district may exercise editorial control over the style and content of student expression in school-sponsored publications and activities. Faculty advisors shall supervise student writers to ensure compliance with the law and school district policies. Students producing official school publications and participating in school activities will be under the supervision of a faculty advisor and the school principal. "Official school publications" means school newspapers, yearbooks, or material produced in communications, journalism, or other writing classes as part of the curriculum. Expression in an official school publication or school-sponsored activity is prohibited when the material:

- Is obscene to minors;
- Is libelous or slanderous;
- Advertises or promotes any product or service not permitted for minors by law;
- Encourages students to commit illegal acts or violate school regulations or substantially disrupts the orderly operation of school or school activities;
- Expresses or advocates sexual, racial, or religious harassment or violence or prejudice;
- Is distributed or displayed in violation of time, place, and manner regulations.

Expression in an official school publication or school-sponsored activity is subject to school district editorial control over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. Official school publications may be distributed at reasonable times and locations.

Student Records [*]

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an "eligible" student is one who is 18 or older or who is enrolled in an institution of post-secondary education. For more information on the rights of parents/guardians and eligible students regarding student records, see "Student Records" (*Appendix 3*). A complete copy of the school district's "Protection and Privacy of Pupil Records" policy can be found on the district's website.

Student Surveys [*]

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. For complete information on the rights of parents/guardians and eligible students about conducting surveys, collection and use of information for marketing purposes, and certain physical examinations, see "Student Surveys" (*Appendix 4*). A complete copy of the school district's "Student Surveys" policy can be found on the district's website.

Transportation of Public School Students

The school district will provide transportation, at the expense of the school district, for all resident students. Transportation will be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break, except in certain circumstances. The school district will not provide transportation for students whose transportation privileges have been revoked or have been voluntarily surrendered by the students' parent or guardian.

Extracurricular Transportation

The school district may provide transportation for students to and from extracurricular activities. To the extent the school district provides extracurricular transportation, the district may charge a fee for transportation of students to and from extracurricular activities and optional field trips at locations other than school.

The HLWW school bus garage is located at 8700 County Road 6 SW, Howard Lake. The phone number for the bus garage is 320-543-4650. Students riding the bus will be picked up and let off only at their regular stops. Anyone wishing to ride a different bus or get off at a different stop must bring a note from home, have it signed by the principal, and presented to the bus driver.

1. Every bus rider must abide by these rules or lose the privilege to ride the bus.
2. All riders shall remain in the seats assigned to them.
3. Keep your head, hands, and arms inside the bus.
4. Scuffling, fighting, and obscene language are forbidden.
5. Bus riders will not litter the bus with food or other debris.
6. Bus driver will report any misconduct to the principal.
7. Bus driver is in complete charge while on the bus.
8. Parents will be notified if the misconduct continues. The bus rider may be denied the privilege of riding for the school year.
9. Damage to the bus other than regular usage will be paid for by the rider.
10. Be at the loading pace at the scheduled time. The driver will not wait.
11. Follow the recommended procedure when crossing the roadway.
12. Inform the driver, if possible, when the rider will be absent.
13. Cooperate with the **BUS DRIVER AT ALL TIMES**.
14. Wait in FRONT of the bus, never behind.
15. The school bus is part of the school zone, all other school rules and policies apply.

School Bus Discipline

1. Students exhibiting inappropriate behavior will be written up on a bus discipline report.
2. The first bus discipline report for minor offenses will be a warning.
3. The second bus discipline report may result in a two day bus suspension or other school discipline.
4. Subsequent bus discipline reports may result in longer bus suspensions (i.e. third bus report will result in a 3 day bus suspension).
5. After the fourth bus discipline report for minor/major offenses, a parent/student/administrator/bus driver committee (3 bus drivers) will need to meet at 8:15 a.m. to discuss and set a behavioral expectations plan for further bus riding.
6. Students who have been suspended from bus service and are participating in extracurricular activities that utilize a bus to get to an event or a practice must arrange transportation with their parents and/or guardians and receive an approval for such transportation from the Middle School Office.

Video and Audio Recording

School Buses

All school buses used by the school district may be equipped for the placement and operation of a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The school district may use a video recording of the actions of student passengers as evidence in any disciplinary action arising from the students' misconduct on the bus.

Places Other Than Buses

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property with the exception of locker rooms or restrooms.

PART II – ACADEMICS

Alternative Educational Opportunities

Some students may be at risk of not continuing or completing their educational programs. The school district provides alternative learning options for students at risk of not succeeding in school. Alternative educational opportunities may include modified curriculum and instruction, instruction through electronic media, special education services, homebound instruction, and enrollment in an alternative learning center, among others.

Extended School Day

HLWW Extended School Day is a program offered periodically during the school year. ESD's focus is to provide reading and math interventions and remediation, in small group and individual settings. In addition, students will also benefit from assistance in organization and work completion. Students are selected for this program based on their current academic performance, as well as previous MCA and STAR test data.

It is our hope that participation in this program will increase the academic success of your child. This program is not intended as a punishment, but rather an opportunity for your student to be successful.

When offered, class is held every Monday and Wednesday from 3:00 p.m. to 5:00 p.m. in the middle school. There is no cost for students to participate in this program, and a snack will be provided.

Students who fail a course at the end of a quarter will be required to attend ESD to complete their Minimum Outcome (M.O.) work. Students will be dismissed from ESD when the grade level team determines that the student can succeed without the support of ESD. Students who do not complete the M.O. work during the school year will be required to attend summer school.

Finally, parents please note that if you choose to sign your child up for this opportunity, attendance to every session is mandatory as this is an extension of the regular school day. If students miss more than two unexcused days, they will be dropped from the program.

WIN "What I Need"

WIN will take place during the advisory time Monday - Wednesday. Students will have the opportunity to see the teachers they need additional help from

Intervention

Students in need of support to master specific reading and language arts standards will be assigned two-week chunks of intervention during their exploratory period. This intervention will be provided by the student's math or language arts teacher. Students will not be responsible for their explore class during the intervention period.

Band and Choir

Band in grades 5-8 and choir in grades 6-8 are considered full year courses. Students will only be allowed to drop band and choir during the first week of school and at the end of the first semester when it has been determined that it is not in the best interest if the student to continue band/choir. The parent is required to fill out and sign the band/choir drop form. Permission will need to be given by the parent, principle and band/choir director. Concert attendance (2 per year) is required for all band/choir members.

Cheating and Plagiarism

Cheating and plagiarism are prohibited. Students who cheat or commit plagiarism on any test or assignment will be given a failing grade for that test or assignment and will be given an alternative assignment for partial credit. Students will be disciplined in accordance with the school district's "Student Discipline" policy (*Appendix 5*).

Extended School Year Opportunities

The school district provides extended school year opportunities to a student who is the subject of an Individualized Education Program (IEP) if the student's IEP team determines the services are necessary during a break in instruction in order to provide a free and appropriate public education. For more information on extended school year opportunities for students with an IEP, contact the director of special education.

Field Trips

Field trips may be offered to supplement student learning in which students voluntarily participate and, if so, students who participate may be charged. Students will not be required to pay for instructional trips that take place during the school day, relate directly to a course of study, and require student participation.

Grading Procedures

The primary purpose of grading is to communicate the academic achievement status of the students to the students, parents/guardians and teachers. Additional purposes of grading include:

- Providing information that the student can use for self-evaluation.
- Providing information that teachers can use to modify planning and instruction.
- Evaluate the effectiveness of the instructional programs.

Quarter grades will be based on two weighted categories:

Formative Assessment (Academic Practice)

Work performed when a student is still learning the material. This assessment is designed to provide direction for students and teachers. The assessment may indicate to students the need for more practice and review or confirmation that they know the material. For teachers it may indicate the need to change instructional strategies, provide additional practice opportunities, or being ready to move forward. (E.g. teacher observation, quizzes, homework, rough drafts, peer editing or notebook checks.)

Summative Assessment (Academic Achievement)

Work performed when a student has had adequate instruction and practice to be held responsible for knowing the material. It is designed to provide information to make a judgment about a student's achievement at the end of instruction. (E.g. final drafts, tests, projects, or performances.)

Grade Weighting

Grades 5 and 6

Formative Assessment: academic practice grades will count for a maximum of 30% of the quarter grade. Summative Assessment: academic achievement grades will count for a minimum of 70%.

Grades 7 and 8

Formative Assessment: academic practice grades will count for a maximum of 20% of the quarter grade. Summative Assessment: academic achievement grades will count for a minimum of 80%.

Extra Credit

Extra credit may be used but cannot exceed 5% of the Academic Practice grade. Every student will have an equal opportunity to earn the credit.

Promotion and Retention

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The superintendent’s decision will be final. The district has a variety of services to help students succeed in school. For more information, contact the principal.

Parent Right to Know [*]

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child’s classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;

2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
4. whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district will provide notice to parents if their child has been assigned to, or taught for four or more consecutive weeks by, a teacher who is not highly qualified.

Physical Education

Students are expected to participate in physical education activities unless they have a health problem. Students may be excused from physical education for three days with a parent's written request. Beyond that, a doctor's excuse is needed. A doctor's note must list a SPECIFIC date of the student's return to activity before the student can return to participation or play.

PART III – RULES AND DISCIPLINE

Attendance []**

School attendance laws of the State of Minnesota require that students must attend school regularly. Regular school attendance is important to the educational growth of students in grades five through eight. Parents are strongly encouraged to remind their students that consistent attendance and the completion of daily school assignments will result in a continuity of the instructional process, higher grades and a more enjoyable school experience.

Excused Absences

- Personal Illness – Once a student reaches seven absences due to illness in a year, parents may be notified that any additional absences will not be excused unless a school nurse verifies the illness or documentation from a doctor is provided.
- Illness in the immediate family
- Death in the immediate family
- Legal obligations
- Religious Holidays
- Family Vacations
- Prior notification of absences
- School events/sports
- Suspensions

In order to qualify for an excused absence the parent/guardian must notify the school by either contacting the middle school office at 320-543-4660 tbangasser@hlww.k12.mn.us or sending a written note the next day. Please give the following information: name of student, grade, and length of and reason for absence. Homework is in your child's Google Classroom.

Parents of students who accumulate a total of 10 absences will receive a letter to inform them of the number of absences that their student has. Students who accumulate 10 excused or unexcused absences may be asked to obtain a doctor's note for any future absences to be considered excused. If this is required and doctor's note does not accompany the future absence, the absence will be considered unexcused and will be subject to the unexcused absence policy of HLWW Middle School and County Court truancy laws.

Unexcused Absences

- An absence not recognized as an excused absence will be considered unexcused.
- Any absence without a written or verbal explanation by the parent/guardian will be considered unexcused.
- Examples of unexcused absences are: out-of-town company, shopping, taking care of younger siblings or family member, hair appointments, family trips without prior approval, or any duty/errand which can be done outside of the normal school day.

When a student has been absent for three unexcused absences or class periods, a letter will be sent home and students may be referred to county intervention services. Seven unexcused absences or class periods will be referred to Wright or McLeod County Court for habitual truancy.

Tardies

Students are expected to come to school on time. Frequent late arrivals establish a pattern that is not acceptable. A student will be marked tardy if he/she arrives after the start of the school day or the start of a class. If the arrival is 10 minutes after the start of the class period the student will be considered absent for that class for truancy purposes. Three unexcused tardies will equal 1 unexcused absence for truancy purposes. Tardies shall be excused when a note or telephone call is received by the next day from the parent/guardian explaining how the tardy was unavoidable.

- Examples of unexcused tardies are: oversleeping or being late to class for socializing in the hallway or lunchroom.
- Examples of excused tardies are: medical appointments or the bus the student is arriving on is late due to road conditions.
- Students who receive three or more tardies will be expected to make up the time missed either before school, after school, or at Saturday school.

Regular classroom attendance will help students develop successful life skills including punctuality, self-discipline and responsibility. The shared learning experiences that take place daily in the schools are a purposeful and important part of the educational process.

Bullying Prohibition [*]

The school district is committed to providing a safe and respectful learning environment for all students. Acts of bullying, in any form, by either an individual student or a group of students, are prohibited on school district property, at school-related functions or activities, on school transportation, and by misuse of technology. For detailed information, see the school district's "Bullying Prohibition" policy (*Appendix 7*).

Cell Phones and Other Electronic Communication Devices

Student phones are to be silenced and kept in their lockers from 7:55 until 3:00. Students will not be allowed to possess their phone in the classroom unless directed to do so by the teacher. Students are not to possess their phone during the lunch period. During the 4-minute passing time students may check their phone and respond to parent messages. If a student needs to contact their parent/guardian during the school day, they can request a pass from a teacher to use their device or the office phone. If parents /guardians need to communicate with their child prior to 3:00, they may contact the Middle School office.

The first and second violation of this rule will result in the student being directed to return their phone to their locker and the parent will be emailed. The third violation will result in after school detention. The fourth violation will result in a day of ISP (Individual Student Plan) and the 5th violation will be ATS (Alternative to Suspension). Violations will reset each semester.

In order to possess these devices at school the student and their parent/guardian must sign the Internet Use Agreement. Students bring these devices “at their own risk”. The School will not be responsible for lost, stolen or damaged devices. No student shall use a cell phone or camera to take photographs or video of students or staff without their prior consent while in school or on the school grounds, including the school bus. The use of any electronic device in restrooms and locker rooms is strictly prohibited.

Students also are prohibited from using a cell phone or other electronic communication device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, and gang activity. If the school district has a reasonable suspicion that a student has violated a school rule or law by use of a cell phone or other electronic communication device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search. Students who use an electronic communication device during the school day and/or in violation of school district policies may be subject to disciplinary action pursuant to the school district’s discipline policy. In addition, a student’s cell phone or electronic communication device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic communication devices that are confiscated and retained by the school district will be returned in accordance with school building procedures.

Discipline [*]

Misbehavior by one student can disrupt the learning process for many other students. In addition, students must learn to practice good safety habits, value academic honesty, respect the rights of others, and obey the law. For detailed information on the Student Code of Conduct and consequences for violations, see the “Student Discipline” policy (*Appendix 5*).

At HLWW Middle School student discipline will be educational and progressive in nature. For less serious violations the following progression of discipline will take place:

- 3 Lunch detentions
 - 2 After school detentions
 - 1 ISP (Individual Student Plan)
 - 1 ATS (Alternative to Suspension)
 - OSS (Out of School Suspension)
- Serious violations will be ISP, ATS or OSS

Individual Student Plan (ISP)

Individual Student Plan supports students who may need more intensive help by developing and meeting each student’s unique needs, while supporting school success. It also identifies services the student will need to be successful.

Students will be in an alternative setting away from their peers. They will have access to instructional materials and teachers as needed to complete their work. Students will have an alternative daily schedule, and learning experiences as they work one-on-one with behavioral interventionist or school counselor to minimize or prevent the target behavior. Restorative practices will be used to foster healthy relationships with peers and school staff.

Alternative To Suspension (ATS)

One of the top priorities of Howard Lake Waverly and Winsted Middle School is to establish a research-based alternative to Out-of-School Suspension program designed to address the academic, social, emotional, and behavioral needs of our students.

As a result, HLWW Middle School has created an Alternative to Suspension (ATS) Program. The ATS program is a multi-disciplinary approach that provides behavioral support while students maintain their current

academic progress. Our goal is to provide students with social, emotional, and behavioral strategies within a positive and proactive learning environment. The ATS Program is intended to make consequences more restorative with learning opportunities to help students grow. The program also allows students to stay in school as opposed to being sent home for out-of-school suspension. The structure of the Alternative to Suspension program consists of three components: 1) Academic, 2) Social, Emotional and Behavioral and 3) Restorative Practices.

The ATS Program is a 2-day program in which students will: work 1:1 with staff and our behavioral interventionist & school counselor. Students in ATS will receive academic time/support to stay current on classwork and receive lessons such as healthy relationships, impulse control, and empathy. Students will reflect on their behavior and understand the impact of their choices on others. Students will have the opportunity to perform service work within the school, repair relationships and share what has been learned in ATS to grow from the experience & reduce the likelihood of recurrence. If students do not complete the requirements for ATS an additional day may be needed.

Most effective discipline models call for family and parental involvement. Parents will be notified of discipline infractions and the ATS program. Upon completion of the Alternative to Suspension Program, we will meet briefly with the parent or guardian in which the student will share their presentation created during ATS prior to resuming their scheduled classes.

Students in ISP, ATS, and OSS are not eligible to practice or participate in activities or athletics on the days served.

Dress and Appearance

The district reserves the right to take appropriate action when student attire and/or grooming endangers the health, safety, or negatively influences the educational opportunity of students in the Howard Lake-Waverly-Winsted Schools. The district has established no restrictions on student dress or grooming except as follows:

- Clothing appropriate for the weather.
- Clothing that does not create a health or safety hazard.
- Clothing appropriate for the activity (i.e., physical education or the classroom)
- Clothing or grooming that does not interfere with the education process.
- Clothing that is consistent with community standards

Inappropriate clothing includes, but is not limited to the following:

- Clothing that does not cover the undergarments.
- Clothing which bears a message that is lewd, vulgar, or obscene.
- Apparel promoting products or activities that are illegal for use by minors (promotion of alcohol, tobacco, or drugs);
- Objectionable emblems, signs, words, objects, or pictures on clothing communicating a message that is racist, sexist, or otherwise derogatory to a protected minority group or which communicates gang membership.
- The wearing of any item as clothing that is not normally intended to be worn as clothing.
- Ripped or cut off shirts.
- Any apparel or footwear that would damage school property (Heelies - - shoes with wheels).

Hats and hoods are not allowed to be worn in the building from 7:55AM to 3:00PM except with the approval of the building principal.

Dismissing Students During School Hours

Students are dismissed only from the office during school hours. If you must take your student out of school, a written request should be sent to the office stating the date and time of dismissal. You must come to the office to meet your student and to sign him/her out. Students will not be released to waiting cars or to anyone who cannot identify himself/herself to the satisfaction of school personnel. If there is a change to your child's normal dismissal arrangements, or if your student will be riding a bus home with another student, that communication must take place before noon to ensure your student gets a pass. **Again, please notify the office before noon of any dismissal changes for your student.**

Drug-Free School and Workplace

The possession and use of alcohol, controlled substances, and toxic substances are prohibited at school or in any other school location before, during, or after school hours. Paraphernalia associated with controlled substances is also prohibited. The school district will discipline or take appropriate action against anyone who violates this policy.

District policy is not violated when a person brings a controlled substance that has a currently accepted medical treatment use onto a school location for personal use if the person has a physician's prescription for the substance except marijuana is not allowed on school property even if prescribed. Students who have prescriptions must comply with the school district's "Student Medication" policy. The school district will provide an instructional program in every elementary and secondary school on chemical abuse and the prevention of chemical dependency.

Harassment and Violence Prohibition [*]

The school district strives to maintain a learning and working environment free from harassment and violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. The school district prohibits any form of harassment or violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. Detailed information on the school district's "Harassment and Violence Prohibition" policy is included in this handbook (*Appendix 8*).

Hazing Prohibition [*]

Hazing is prohibited. No student will plan, direct, encourage, aid, or engage in hazing. Students who violate this rule will be subject to disciplinary action pursuant to the school district's "Student Discipline" policy. Please see the school district's "Hazing Prohibition" policy (*Appendix 9*).

Internet Acceptable Use

All school district students have conditional access to the school district's computer system, including Internet access, for limited educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district's system is a privilege, not a right. Unacceptable use of the school district's computer system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including, but not limited to, suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.

A copy of the school district's "Internet Acceptable Use" policy is available on the districts' website. Students will receive a copy of the school district's "Internet Acceptable Use" policy and are expected to understand and agree to abide by the policy as a condition of use of the school district's computer system. All students who wish to use the school district's computer system must sign the Internet Use Agreement form annually.

Tobacco-Free Schools; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction []**

School district students and staff have the right to learn and work in an environment that is tobacco free. School policy is violated by any individual's use of tobacco, tobacco-related devices, or carrying or using activated electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Students may not possess any type of tobacco, tobacco-related devices, or electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Any student who violates this policy is subject to school district discipline. For detailed information on the school district's "Tobacco-Free Environment; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction" policy, see *Appendix 10*. Contact the principal if you have questions or wish to report violations.

Vandalism

Vandalism of any district property is prohibited. Violators will be disciplined and responsible to pay for damages and may be reported to law enforcement officials.

Weapons Prohibition

No person will possess, use, or distribute a weapon when in a school location except as provided in school district policy. A "weapon" means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; airguns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; numchucks; throwing stars; explosives; fireworks; mace and other propellants; stunguns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. A weapon also includes look-alike weapons. Appropriate discipline and action will be taken against any person who violates this policy. The school district does not allow the possession, use, or distribution of weapons by students. Discipline of students will include, at a minimum: immediate out-of-school suspension; confiscation of the weapon; immediate notification of police; parent or guardian notification; and recommendation to the superintendent of dismissal for a period of time not to exceed one year. The building principal shall, as soon as practicable, refer to the criminal justice or juvenile delinquency system, as appropriate, a student who brings a firearm to school unlawfully. A student who brings a firearm to school will be expelled for at least one year, subject to school district discretion on a case-by-case basis. For a copy of the "School Weapons" policy see the district's website of the principal.

PART IV – HEALTH AND SAFETY

Accidents

All student injuries that occur at school, at school-sponsored activities, or on school transportation should be reported to the health office. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

Crisis Management

The school district has developed a "Crisis Management" policy. Each school building has its own building-specific crisis management plan. Students and parents will be provided with information as to district- and school-specific plans.

The "Crisis Management" policy addresses a range of potential crisis situations in the school district. The school district has developed general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Building plans include classroom and building evacuation procedures.

Health Information

"Students need to be healthy to be educated and educated to be healthy" - unknown

Health services information can be found on the school website: www.hlww.k12.mn.us under Departments>Health Services. You can download forms and get information on a variety of student health concerns and resources.

Visiting the Health Office

Students may visit the health office at any time during the school day to visit health office staff. The health office assistant is trained and supervised under the district Licensed School Nurse. The health office assistant will care for minor health concerns, allow the student to rest, advise the student to return to class, or call the parent, if appropriate. The health office assistant will contact the district nurse if further assessment and intervention is necessary. If the student is not feeling well enough to remain in school, the health office assistant will contact the student's parent/guardian. Students who become ill or are injured during the school day are not allowed to leave the building without permission from the parent or guardian through the school health office. Parents are expected to have a plan in place to pick up their student(s) in a reasonable amount of time. In the event of an emergency, health office staff will contact emergency medical services first, followed by the student's parent/guardian.

Keeping Your Student Home from School

Please consider these Minnesota Department of Health guidelines when deciding if your child is healthy enough to attend school.

- Fever of 100 degrees Fahrenheit or greater. Students must be fever free for 24 hours without the use of fever reducing medications before returning to school. Please do not give your child acetaminophen or ibuprofen to reduce a fever and then send them to school.
- Vomiting/Diarrhea. Please keep your child at home for 24 hours following the last episode of vomiting or diarrhea.
- Undiagnosed rash. If your child's healthcare provider determines that the rash is not contagious, they may return to school immediately. If contagious, please follow your healthcare provider's instructions.

Health Conditions

Students attending school with chronic health concerns will have an individualized health plan (IHP) on file. The IHP outlines a description of the health concerns, interventions and expected outcomes for the child to remain in school. The plan is updated annually by the licensed school nurse. The district licensed school nurse will meet with parents/guardians in person or by phone to discuss a plan of care. The parent/guardian will provide updated doctor's orders for the school year or will provide written consent for health office staff to request pertinent information from the prescribing provider(s). Updated doctor's orders should be submitted to the health office in August. Orders must be updated annually and as needed if changes are made. Submitting updated orders before the school year allows time for the licensed school nurse, health office assistants and other applicable school faculty to receive training and or make plans for your student.

Students with health concerns, such as severe allergies, seizures, diabetes or asthma, will have an emergency action plan (EAP) on file. The EAP will outline doctor's orders in the event of an emergency, prescribed emergency medications, parent/guardian contact information and the

prescribing provider's contact information. Emergency action plans will be shared with the appropriate designated school faculty in the event an emergency occurs in the classroom or on an off-campus field trip.

Medication Administration in School

We promote safe medication handling and administration. Please review Policy # 516 on our website: hlww.k12.mn.us under "District" for all details related to medication administration and management in our schools. Parents/guardians must transport all controlled substances and prescription medications, not including epinephrine pens or rescue inhalers.

Health office staff may administer prescription medication to your child during the school day. A parent/guardian must complete and return a prescription medication permission form before health office staff will initiate medication administration. This must be completed annually for recurring medications. All medications must be non-expired, labeled with your child's name and stored in the original packaging. Parents and guardians are asked to pick up any unused or expired medications at the end of the school year. Medications will be disposed of per Policy 516 if they are not collected at the end of the school year.

Only high school and middle school students may carry prescribed rescue inhalers and epinephrine auto-injectors if the parent/guardian signs the prescription medication permission form and provides an emergency action plan signed by the prescribing physician. The licensed school nurse will complete an assessment with the student required by Minnesota state statute 121A.221. The school nurse will determine the student's ability to appropriately recognize the need for the inhaler, proper administration of the inhaler and education regarding the maintenance of asthma.

If you choose to have medications such as acetaminophen, ibuprofen or moisturizing lotions available at school for your child, parents/guardians must complete the over-the-counter medication permission form and return it to the health office. This must be completed annually for recurring medications. The dosage may not be more than the manufacturer's label states. A physician signature is required if the dosage is higher than the "as directed" amount. Middle school students are not permitted to self-carry over the counter pain relief medication. Supplements not approved for children by the Food and Drug Administration are not allowed in school or on trips facilitated by the district.

Health Screenings

Health office staff, under supervision of the Licensed School Nurse, will conduct health screenings for your child. Frequency of annual screenings is based on grade level as well as student needs & Minnesota Department of Health recommendations. Screenings may include:

- Hearing
- Vision

The licensed school nurse will contact parents/guardians to discuss abnormal results and provide referral for additional medical follow-up.

Student Health Records

The health office will maintain an ongoing health record for each student enrolled. Health records will be maintained electronically in the district's student administration system. Paper copies of health records, such as shared immunization records, doctor's notes, hearing and vision screening, etc. will be maintained in a confidential file. Only authorized staff will have access to student health records. Health office staff may share individual health plans or emergency action plans with the applicable designated school faculty to promote student safety.

Immunizations

Minnesota law requires children enrolled in school to be immunized against certain diseases or file a legal exemption. Non-medical exemptions must be notarized. Medical exemptions require a signature from your child's healthcare provider. Please be sure your child's immunization information is up to date prior to the start of the school year. An immunization record or record of exemption must be on file prior to the start of the school year. For more information, please visit www.health.state.mn.us/people/immunize.

Immunization requirements to enter 7th Grade

- 3 Hepatitis B
- 5 DTaP, DT, Td (Diphtheria, tetanus, and pertussis)

- 4 Polio
 - 2 MMR (Measles, mumps, rubella)
 - 2 Varicella (Chickenpox)
- *The above vaccines are traditionally administered by the time your child starts Kindergarten.
- 1 Tdap at age 11-12 (Booster shot)
 - 1 Meningococcal

If you have any questions pertaining to your student's health, please call your child's school health office or contact the district nurse at 763-290-3889 or morgan.johnson@hlww.k12.mn.us

Visitors in District Buildings

Parents/guardians and community members are welcome to visit the schools. To ensure the safety of those in the school and to avoid disruption to the learning environment, all visitors must report directly to the Middle School office upon entering the building, with the exception of events open to the public. All visitors will be required to sign in at the Middle School office and to wear a "visitors badge" while in the building during the school day. Visitors must have the approval of the principal before visiting a classroom during instructional time. An individual or group may be denied permission to visit a school or school property, or such permission may be revoked, if the visitor does not comply with school district procedures or if the visit is not in the best interests of the students, employee, or the school district. Students are not allowed to bring visitors to school without prior permission from the principal.

2. Distribution of Nonschool-Sponsored Materials on School Premises by Students and Employees []**

I. PURPOSE

The purpose of this policy is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, nonschool-sponsored material.
- B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board adopts the following regulations and procedures regarding distribution of nonschool-sponsored material on school property and at school activities.

III. DEFINITIONS

- A. "Distribute" or "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying material, or placing material in internal staff or student mailboxes.
- B. "Nonschool-sponsored material" or "unofficial material" includes all materials or objects intended for distribution, except school newspapers, employee newsletters, literary magazines, yearbooks, and other publications funded and/or sponsored or authorized by the school. Examples of nonschool-sponsored materials include, but are not limited to, leaflets, brochures, buttons, badges, flyers, petitions, posters, and underground newspapers whether written by students or employees or others, and tangible objects.
- C. "Obscene to minors" means:
 - 1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;
 - 2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, or lewd exhibition of the genitals; and
 - 3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
- D. "Minor" means any person under the age of eighteen (18).
- E. "Material and substantial disruption" of a normal school activity means:
 - 1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, "material and substantial disruption"

is defined as any disruption which interferes with or impedes the implementation of that program.

2. Where the normal school activity is voluntary in nature (including, without limitation, school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, there must exist specific facts upon which the likelihood of disruption can be forecast, including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

- F. "School activities" means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and other theatrical productions, and in-school lunch periods.
- G. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower that individual in the esteem of the community.

IV. GUIDELINES

- A. Students and employees of the school district have the right to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, nonschool-sponsored material.
- B. Requests for distribution of nonschool-sponsored material will be reviewed by the administration on a case-by-case basis. However, distribution of the materials listed below is always prohibited. Material is prohibited that:
 1. is obscene to minors;
 2. is libelous or slanderous;
 3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended;
 4. advertises or promotes any product or service not permitted to minors by law;
 5. advocates violence or other illegal conduct;
 6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religious, or ethnic origin);
 7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school

activities, will cause the commission of unlawful acts or the violation of lawful school regulations.

- C. Distribution by students and employees of nonschool-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of distribution, the administration will consider factors including, but not limited to, the following:
1. whether the material is educationally related;
 2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline, or school activities;
 3. whether the materials can be distributed from the office or other isolated location so as to minimize disruption of traffic flow in hallways;
 4. the quantity or size of materials to be distributed;
 5. whether distribution would require assignment of school district staff, use of school district equipment, or other resources;
 6. whether distribution would require that nonschool persons be present on the school grounds;
 7. whether the materials are a solicitation for goods or services not requested by the recipients.

V. TIME, PLACE, AND MANNER OF DISTRIBUTION

- A. No nonschool-sponsored material shall be distributed during and at the place of a normal school activity if it is reasonably likely to cause a material and substantial disruption of that activity.
- B. Distribution of nonschool-sponsored material is prohibited when it blocks the safe flow of traffic within corridors and entrance ways of the school, and school parking lots. Distribution shall not impede entrance to or exit from school premises in any way.
- C. No one shall coerce a student or staff member to accept any publication.
- D. The time, place, and manner of distribution will be solely within the discretion of the administration, consistent with the provisions of this policy.

VI. PROCEDURES

- A. Any student or employee wishing to distribute (as defined in this policy) nonschool-sponsored material must first submit for approval a copy of the material to the principal at least 24 hours in advance of desired distribution time, together with the following information:
1. Name and phone number of the person submitting the request and, if a student, the room number of his or her first-period class.
 2. Date(s) and time(s) of day intended for distribution.

3. Location where material will be distributed.
 4. If intended for students, the grade(s) of students to whom the distribution is intended.
- B. Within one school day, the principal will review the request and render a decision. In the event that permission to distribute the material is denied or limited, the person submitting the request should be informed in writing of the reasons for the denial or limitation.
 - C. If the person submitting the request does not receive a response within one school day, the person shall contact the office to verify that the lack of response was not due to an inability to locate the person.
 - D. If the person is dissatisfied with the decision of the principal, the person may submit a written request for appeal to the superintendent. If the person does not receive a response within three (3) school days (not counting Saturdays, Sundays, and holidays) of submitting the appeal, the person shall contact the office of the Superintendent to verify that the lack of response is not due to an inability to locate the person.
 - E. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the school board, or the individual reviewing the material submitted.

VII. DISCIPLINARY ACTION

- A. Distribution by any student of nonschool-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted and disciplinary action will be taken in accordance with the school district's Student Discipline Policy.
- B. Distribution by any employee of nonschool-sponsored material prohibited herein or in violation of the provisions of time, place, and manner of distribution as described above will be halted and appropriate disciplinary action will be taken, in accordance with any individual contract, collective bargaining agreement, school district policies and procedures, and/or governing statute.
- C. Any other party violating this policy will be requested to leave the school property immediately and, if necessary, the police will be called.

Parents/guardians and eligible students have the following rights:

1. That a parent or eligible student has a right to inspect and review the student's education records within 45 days after the day the request for access is received by the school district. 5. Student Discipline [*]

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. AREAS OF RESPONSIBILITY

- A. The School Board. The school board holds all school personnel responsible for the maintenance of order within the school district and supports all personnel acting within the framework of this discipline policy.
- B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for

conforming to this policy, and support all school personnel performing their duties within the framework of this policy. The superintendent shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.

- C. Principal. The school principal is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- D. Teachers. All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. All teachers shall enforce the Code of Student Conduct. In exercising the teacher's lawful authority, a teacher may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.
- F. Parents or Legal Guardians. Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate regarding the behavior of their children.
- G. Students. All students shall be held individually responsible for their behavior and for knowing and obeying the Code of Student Conduct and this policy.
- H. Community Members. Members of the community are expected to contribute to the establishment of an atmosphere in which rights and duties are effectively acknowledged and fulfilled.

36. Violation of the school district's Harassment and Violence Policy;
37. Actions, including fighting or any other assaultive behavior, which causes or could cause injury to the student or other persons or which otherwise endangers the health, safety, or welfare of teachers, students, other school district personnel, or other persons;
38. Committing an act which inflicts great bodily harm upon another person, even though accidental or a result of poor judgment;
39. Violations against persons, including, but not limited to, assault or threatened assault, fighting, harassment, interference or obstruction, attack with a weapon, or look-alike weapon, sexual assault, illegal or inappropriate sexual conduct, or indecent exposure;
40. Verbal assaults or verbally abusive behavior including, but not limited to, use of words, symbols, acronyms, or language, whether oral or written, that are discriminatory, abusive, obscene, threatening, intimidating, degrading to other people, or threatening to school property;
41. Physical or verbal threats including, but not limited to, the staging or reporting of dangerous or hazardous situations that do not exist;
42. Inappropriate, abusive, threatening, or demeaning actions based on race, color, creed, religion, sex, marital status, status with regard to public assistance, disability, national origin, or sexual orientation;
43. Violation of the school district's Distribution of Nonschool-Sponsored Materials on School Premises by Students and Employees Policy;
44. Violation of the school district's one-to-one device rules and regulations;
45. Violation of school rules, regulations, policies, or procedures, including, but not limited to, those policies specifically enumerated in this policy;
46. Other acts, as determined by the school district, which are disruptive of the educational process or dangerous or detrimental to the student or other students, school district personnel or surrounding persons, or which violate the rights of others or which damage or endanger the property of the school, or which otherwise interferes with or obstruct the mission or operations of the school district or the safety or welfare of students or employees.

VII. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.
- C. Parent contact;
- D. Parent conference;
- E. Removal from class;
- F. Individual student plan (ISP)
- G. Alternative to suspension (ATS)
- H. Suspension from extracurricular activities;
- I. Detention or restriction of privileges;
- J. Loss of school privileges;
- K. In-school monitoring or revised class schedule;
- L. Referral to in-school support services;
- M. Referral to community resources or outside agency services;
- N. Financial restitution;
- O. Referral to police, other law enforcement agencies, or other appropriate authorities;
- P. A request for a petition to be filed in district court for juvenile delinquency adjudication;
- Q. Out-of-school suspension under the Pupil Fair Dismissal Act;
- R. Preparation of an admission or readmission plan;

- S. Saturday school;
- T. Expulsion under the Pupil Fair Dismissal Act;
- U. Exclusion under the Pupil Fair Dismissal Act; and/or
- V. Other disciplinary action as deemed appropriate by the school district.

VIII. REMOVAL OF STUDENTS FROM CLASS

- A. The teacher of record shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student’s parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student’s conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. “Removal from class” and “removal” mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher’s ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. “Assault” is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another. The removal shall be for a period of time deemed appropriate by the principal, in consultation with the teacher.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student’s tenth removal from class and make reasonable attempts to convene a meeting with the student’s parent or guardian to discuss the problem that is causing the student to be removed from class.

C.

When the teacher determines a student must be removed from class they will call the office to inform them that the student has been directed to go to the office. If it is not practical for the student to walk themselves the principal or designee will come to the classroom and escort the student. As soon as possible the teacher will complete an office referral in the student information system. The principal or designee in consultation with the teacher will determine the appropriate disciplinary action and contact the parent/guardian.

IX. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

- C. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening

for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the pupil's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.
6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the

evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.

7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.
8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.

4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.

13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

X. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each physical assault of a school district employee by a student within thirty (30) days of the assault. This report must include a statement of alternative educational services or other sanction, intervention, or resolution given to the student in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the student's age, grade, gender, race, and special education status.

XII. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XIII. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIV. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XV. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XVI. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

6. Student Attendance []**

I. PURPOSE

- A. The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.
- B. This policy also recognizes that class attendance is a joint responsibility to be shared by the student, parent or guardian, teacher, and administrators. This policy will assist students in attending class.

II. GENERAL STATEMENT OF POLICY

- A. Responsibilities
 - 1. Student's Responsibility

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

2. Parent or Guardian's Responsibility

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

3. Teacher's Responsibility

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

4. Administrator's Responsibility

a. It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance, and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.

b. In accordance with the Minnesota Compulsory Instruction Law, Minn. Stat. § 120A.22, the students of the school district are REQUIRED to attend all assigned classes and/or study halls every day school is in session, unless the student has been excused by the school board from attendance because the student has already completed state and school district standards required to graduate from high school, has withdrawn, or has a valid excuse for absence.

B. Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

1. Excused Absences

a. To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's

absence from school. A note from a physician or a licensed mental health professional stating that the student cannot attend school is a valid excuse.

- b. Reasonable efforts will be made by the school district to accommodate any student who wishes to be excused from a curricular activity for a religious observance. The school district will provide annual notice to students of the school district's policy relating to a student's absence for religious observance.

The following reasons shall be sufficient to constitute excused absences:

- (1) Illness.
- (2) Serious illness in the student's immediate family.
- (3) A death or funeral in the student's immediate family or of a close friend or relative.
- (4) Medical, dental, or orthodontic treatment, or a counseling appointment.
- (5) Court appearances occasioned by family or personal action.
- (6) Religious instruction not to exceed three hours in any week.
- (7) Physical emergency conditions such as fire, flood, storm, etc.
- (8) Official school field trip or other school-sponsored outing.
- (9) Removal of a student pursuant to a suspension. Suspensions are to be handled as excused absences and students will be permitted to complete make-up work.
- (10) Family emergencies.
- (11) Active duty in any military branch of the United States.
- (12) A student's condition that requires ongoing treatment for a mental health diagnosis.
- (13) Vacations with family (preapproved only, and limited up to 5 days).

[Note: State law provides that a school board may include other exemptions in the school district's attendance policy. See Minn. Stat. § 120A.22, Subd. 12. When considering whether to add other exemptions, school boards should consider the intent of the compulsory attendance law, which recognizes the educational value of regular attendance and class participation, and whether the proposed exemption is consistent with the intent of the law.]

- c. Consequences of Excused Absences

- (1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.
- (2) Work missed because of absence must be made up within 2 days for every day absent from the date of the student's return to school. Any work not completed within this period shall result in "no credit" for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

2. Unexcused Absences

a. The following are examples of absences which will not be excused:

- (1) Truancy. An absence by a student which was not approved by the parent and/or the school district.
- (2) Any absence in which the student failed to comply with any reporting requirements of the school district's attendance procedures.
- (3) Work at home.
- (4) Work at a business, except under a school-sponsored work release program.
- (5) Personal trips to schools or colleges.
- (6) Absences resulting from cumulated unexcused tardies (3 tardies equal one unexcused absence).
- (7) Any other absence not included under the attendance procedures set out in this policy.

b. Consequences of Unexcused Absences

- (1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.
- (2) Days during which a student is suspended from school shall not be counted in a student's total cumulated unexcused absences.
- (3) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.
- (4) Students with unexcused absences shall be subject to discipline in the following manner:

- (a) Students of unexcused absences will be expected to complete required coursework to obtain a passing grade, as deemed by the instructor and/or principal.
- (b) If the result of a grade reduction or loss of credit has the effect of an expulsion, the school district will follow the procedures set forth in the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

C. Tardiness

1. Definition: Students are expected to be in their assigned area at designated times. Failure to do so constitutes tardiness.
2. Procedures for Reporting Tardiness
 - a. Students tardy at the start of school must report to the school office for an admission slip.
 - b. Tardiness between periods will be handled by the teacher.
3. Excused Tardiness

Valid excuses for tardiness are:

 - a. Illness.
 - b. Serious illness in the student's immediate family.
 - c. A death or funeral in the student's immediate family or of a close friend or relative.
 - d. Medical, dental, orthodontic, or mental health treatment.
 - e. Court appearances occasioned by family or personal action.
 - f. Physical emergency conditions such as fire, flood, storm, etc.
 - g. Any tardiness for which the student has been excused in writing by an administrator or faculty member.
4. Unexcused Tardiness
 - a. An unexcused tardiness is failing to be in an assigned area at the designated time class period commences without a valid excuse.
 - b. Consequences of tardiness may include detention after 3 unexcused tardies. In addition 3 unexcused tardies are equivalent to one unexcused absence.

D. Participation in Extracurricular Activities and School-Sponsored On-the-Job Training Programs

1. This policy applies to all students involved in any extracurricular activity scheduled either during or outside the school day and any school-sponsored on-the-job training programs.
2. School-initiated absences will be accepted and participation permitted.
3. A student may not participate in any activity or program if he or she has an unexcused absence from any class during the day.
4. If a student is suspended from any class, he or she may not participate in any activity or program that day.
5. If a student is absent from school due to medical reasons, he or she must present a physician's statement or a statement from the student's parent or guardian clearing the student for participation that day. The note must be presented to the coach or advisor before the student participates in the activity or program.

III. RELIGIOUS OBSERVANCE ACCOMMODATION

Reasonable efforts will be made by the school district to accommodate any student who wishes to be excused from a curricular activity for a religious observance. Requests for accommodations should be directed to the building principal.

IV. DISSEMINATION OF POLICY

1. The school district will provide annual notice to parents of the school district's policy relating to a student's absence from school for religious observance.
2. Copies of this policy shall be made available to all students and parents at the commencement of each school year. This policy shall also be available upon request in each principal's office.

V. REQUIRED REPORTING

A. Continuing Truant

Minn. Stat. § 260A.02 provides that a continuing truant is a student who is subject to the compulsory instruction requirements of Minn. Stat. § 120A.22 and is absent from instruction in a school, as defined in Minn. Stat. § 120A.05, without valid excuse within a single school year for:

1. Three days if the child is in elementary school; or
2. Three or more class periods on three days if the child is in middle school, junior high school, or high school.

B. Reporting Responsibility

When a student is initially classified as a continuing truant, Minn. Stat. § 260A.03 provides that the school attendance officer or other designated school official shall notify the student's parent or legal guardian, by first class mail or other reasonable means, of the following:

1. That the child is truant;

2. That the parent or guardian should notify the school if there is a valid excuse for the child's absences;
3. That the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minn. Stat. § 120A.22 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minn. Stat. § 120A.34;

3. A school district attendance officer shall refer a habitual truant child and the child's parent or legal guardian to appropriate services and procedures, under Minn. Stat. Ch. 260A.

7. Bullying Prohibition [*]

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;

3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
 1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
 2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, "bullying," specifically includes cyberbullying as defined in this policy.

- B. "Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- C. "Immediately" means as soon as possible but in no event longer than 24 hours.

- D. "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:
1. Causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property;
 2. Under Minnesota common law, violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
 3. Is directed at any student or students, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- E. "On school premises, on school district property, at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.
- F. "Prohibited conduct" means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.
- G. "Remedial response" means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.
- H. "Student" means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.

- C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.

- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

- A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel

must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
- G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See MSBA/MASA Model Policy 515) in the student handbook.

VIII. NOTICE
