

Equipment List

These are the photo-based estimates we developed. New value means the cost of a comparable replacement today, not necessarily the original purchase price. The net column assumes a 25% seller's commission.

Power tools and shop equipment

#	Item	Qty	New comparable	Used/private sale	Auction hammer	Net after 25%

Hand tools and practical auction lots

The photographs do not show enough markings to price every loose wrench or socket individually, so these are grouped into sensible sale lots.

#	Item or proposed lot	New comparable	Used/private sale	Auction hammer	Net after 25%
18	Screwdrivers, locking pliers and miscellaneous small hand tools	\$70–\$130	\$25–\$60	\$10–\$25	\$8–\$19
19	Combination, adjustable and ratcheting wrenches	\$100–\$220	\$45–\$100	\$20–\$50	\$15–\$38
20	Loose SAE/metric sockets, adapters and small extensions	\$100–\$200	\$35–\$80	\$15–\$40	\$11–\$30
21	Ratchets, breaker bars, speed handles and long extensions	\$120–\$260	\$60–\$140	\$30–\$80	\$23–\$60
22	Pliers, files, wire strippers, air blow gun and specialty tools	\$70–\$140	\$25–\$60	\$10–\$30	\$8–\$23
23	Work gloves and miscellaneous safety supplies	\$25–\$50	\$5–\$15	\$0–\$10	\$0–\$8

Generators, storage and lifting equipment

#	Item	Qty	New comparable	Used/private sale	Auction hammer	Net after 25%
24	Honda EU3000is 3,000-watt inverter generator, assuming operational	1	\$2,000–\$2,400	\$800–\$1,200	\$600–\$950	\$450–\$713
25	Black Jack 2¼-ton trolley jack, two stands and molded case	1 kit	\$90–\$110	\$30–\$55	\$20–\$45	\$15–\$34
26	Heavy steel jobsite storage box, approximately 48 × 24 inches	1	\$750–\$1,125	\$125–\$250	\$75–\$180	\$56–\$135
27	Power Pro/Pacific-style 7,500-watt diesel generator, needs work	1	\$1,900–\$2,500	\$250–\$500	\$150–\$400	\$113–\$300

Total estimated values

Valuation basis	Low estimate	High estimate
Comparable new replacement value	\$6,895	\$9,730
Used/private-sale value	\$2,033	\$3,600
Auction hammer total, properly separated into lots	\$1,315	\$2,590
Estimated seller proceeds after 25% commission	\$986	\$1,943

A reasonable midpoint estimate would be approximately **\$1,950 in total auction bids**, producing about **\$1,465 to the seller after a 25% commission**. The Honda generator accounts for a large share of that total, so confirming that it starts and produces power would materially affect the final result.
