 Background information: The Optional Flexible School Day Program provides flexible school hours with additional support and interventions to students who are at risk of dropping out of a traditional school or have decided they want to continue past their 4th year of high school. Many of these students are unable to attend school in a traditional setting due to work and family commitments, improves student performance by increasing the number of students successfully completing courses thus reducing the dropout rate at all high schools, increases student attendance by offering students the opportunity to participate in a flexible school day, increases the number of students re-enrolling to complete their high school education by offering flexible school hours, and provides effective transition services to post-secondary education and/or career of choice through continued monitoring of course progress, attendance, and assessment performance.
