Re: HS Board Report

When asked about the start of the year all I can say is that it's been the best one yet. With the combination of staffing (in all areas) as well as our student body, we've had a great start to the year. It's been impressive to see our students step up and lead already at the start of the year, ensuring that students are connected and feel pride in our school. I'm very proud of them.

In addition I'm very proud of my entire staff. They've once again made adjustments and changes to how and what they are teaching to benefit our students. It's really inspiring to see in person.

A few notes to be aware of:

- Open house was very well attended. Students, parents, and staff were excited to get going again.
- Students and staff are getting used to the 7-period schedule. Overall - mixed reviews on 7-period day versus the block schedule we had last year. .
- The new eligibility rules are in place. In doing so we've started up our M-Th study table for students that need additional support in classes or those students in activities that are struggling.
- LakerTime is back up and running. Working on the implementation of an interactive scheduler so that students can be assigned to a certain place during LakerTime.

A couple of other items for your information.

- Fall activities are underway and students are having fun. It's nice to have people around and excitement in the air.
- Met with all students at the beginning of the year - our focus this year is #Believe.
- Homecoming is coming up the week of October 4th!
- Safe School meeting is in October. Expecting it to be in-person at HLWWHS.

Thank you for your support so far this year. We appreciate seeing you at our events and activities. Please let me know if you have any questions.
