Background Information

Duncanville ISD partners with Methodist Charlton Medical Center, the Texas Workforce Commission (TWC), an Employment Services Provider (ESP), and a Long-Term Service Provider (LTSP) to operate a Project SEARCH–modeled vocational transition program for students with intellectual and/or developmental disabilities.

The agreement establishes expectations for student safety, confidentiality (HIPAA/FERPA), background checks, drug screening, liability coverage, and program fidelity to the national Project SEARCH model.

The term of the agreement begins April 1, 2026, and ends March 31, 2027, with automatic annual renewal unless terminated by either party with 90 days’ notice.

This partnership strengthens Duncanville ISD’s transition services and expands opportunities for students to gain competitive employment skills in a hospital setting.
