

Bennet Community Builders Assn.

Preschool & Younger Playground Equipment

2

Introduction

- **The Bennet Community Builders Association is working with the City of Bennet to lead fundraising for the installation of new playground equipment for the Bennet City Park.**
- **This new equipment will be focused for use by preschool and younger children.**
- **The existing playground set will remain for the enjoyment of older children.**

3

Selection Criteria

- **Designed for use by preschool and younger children**
- **ADA accessible**
- **Vendor can complete installation**
 - **Possibility of using other contractors for grade work and concrete**
- **Equipment price range \$15 - \$25K MSRP**
- **Local vendor presence**

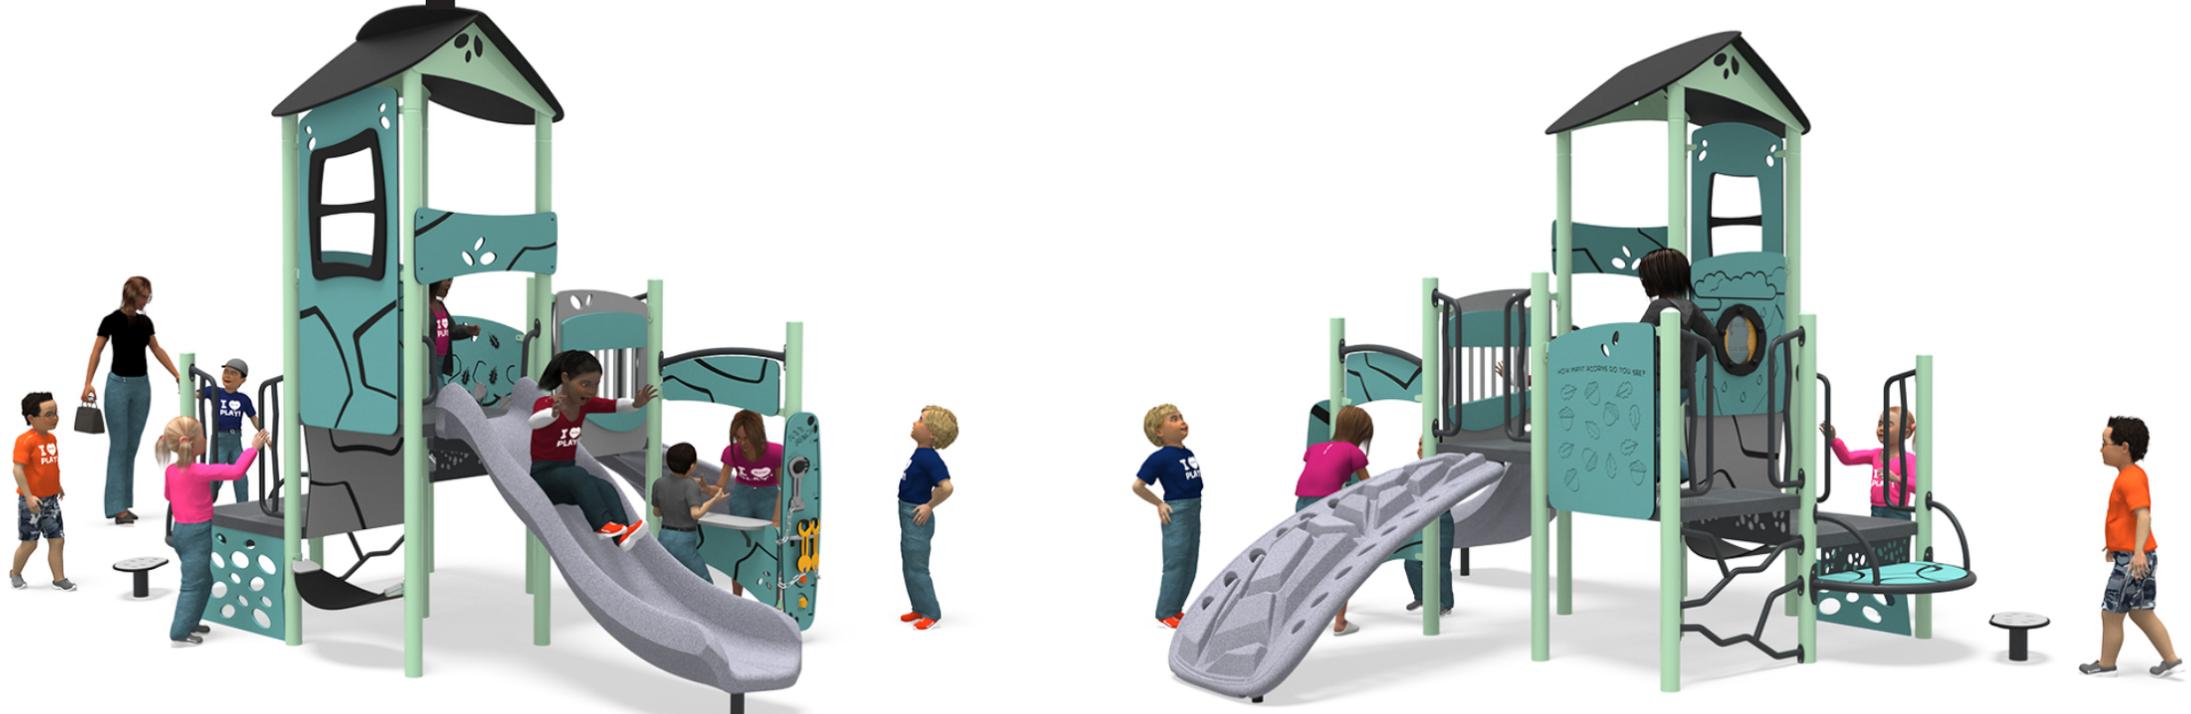

4

Decision Direction

- **Two predominate concepts for this equipment are on the market:**
- **Traditional**
 - **Many sets are a shorter version of the large playset in the park with platform fall heights in the 3 – 4 foot range verses 5 foot for sets targeted towards older children.**
- **Ground Level**
 - **Alternates are smaller themed playsets that are at ground level with some features a couple feet high max.**

Example Set – Traditional

Model	SY-3431
MSRP	\$23,800
Play Events	11
Capacity	39 Kids

K2

Conclusion

- **The Bennet Community Builders Association's playground committee is favoring the ground level playsets**
- **Fits need for small children – current gap**
- **Less grade work in park**
- **Unique offering for Bennet City Park**
- **Will the Bennet City Council approve installation of a ground level style play system in the park?**
