

Incoming Message: Your Briefing Begins Now!

Whether you're new to PowerSchool or a seasoned professional, this conference delivers valuable intel, practical training, and proven strategies to help you navigate PowerSchool with confidence. From quick tips and best practice suggestions to deep-dive sessions on advanced techniques, there's something for every level of expertise.

Our mission schedule is strategically designed to support all roles—district decision-makers seeking high-level strategy and PowerSchool end-users ready for hands-on field training. Choose your level of clearance with a **Top Secret Agent - Three-Day assignment**, or if your mission window is shorter, opt for a **Field Agent - Two-Day assignment**. Looking for an extended mission? Add on our **NEW Operation Work Day** for a **Four-Day assignment**.

No matter which path you choose, every registration grants access to critical knowledge, expert guidance, and mission-ready tools.

Registration Details:

- ✓ Day-long sessions, Monday only
- ✓ Tues - Wed, choose from over 60 sessions

- ✓ Engineer smart solutions to real-world field challenges
- ✓ Absorb mission-critical intel through hands-on training

Day

LIMITED AVAILABILITY

NEW this year,
OPERATION WORK DAY,
offers end users one
additional day in a
focused, hands-on work
environment. This day is
designed to help
conference attendees
turn insights into action.
This is not another
conference day. This is
execution mode.

What to Expect:

Open work time,
MBA staff support,
optional
mini-consults
(reporting,
scheduling, data
validation,
configuration), and a
low-pressure,
collaborative
environment.
