

**COSSA Board Meeting
Submitted by John Sparks
July 21, 2025**

FACILITY PROJECTS

Grounds

Maintenance included weeds being sprayed and cut. Window cleaning is in progress for the entire building. All of the floors and carpets have been cleaned.

MAJOR EQUIPMENT

HVAC

o Bauer concluded that one of the units in 107 needs to be re-wired and it will cost \$950.00 to be replaced.

This estimate is for repairs on the Cossa Modular Building in Marsing. It is going to be 767.00

SAFTY & SECURITY

Found a solution with communication between daycare and the main building. We were able to add walkie-talkies to the daycare building

The horn alarm for the outside is going to cost us \$2,495 to get installed, plus it needs to be on the blueprint by state law, which will be an extra charge of \$450.00. Crane Alarm has completed the installation. Our final inspection will be 7-16-2025.

UPCOMING PROJECTS

Landscape-

- The irrigation system still requires some repairs with the sprinklers. We are waiting for spring to fix the repairs

- **Awning**

I have been trying to find donations for dirt for our basketball court. With We can build an awning to provide shade for our students and our community.
