

MIDWAY INDEPENDENT SCHOOL DISTRICT EXTRACURRICULAR BEHAVIOR MANAGEMENT PLAN

1. EXTRACURRICULAR ACTIVITIES: GENERAL PROVISIONS

What is an Extracurricular Activity?

- Any University Interscholastic League (UIL), School District, or campus-sponsored or related public performances, events, contests, demonstrations, displays, club activities, athletics, whether on- or off- campus.
- Any elected offices and honors (such as student council and homecoming queen);
- All activities, which are those held in conjunction with a credit-bearing class, but that may take place outside of school and outside of the school day (such as band and choir);
- All national organizations (such as National Honor Society or Future Farmers of America)

Why are Extracurricular Activities Important?

- They promote self-discipline, responsibility, leadership, teamwork, self-confidence, commitment, and student wellness.
- They enhance and enrich curricular educational offerings.
- They offer participants the opportunity to be leaders and role models on campus and in the community.
- They enable participants to represent the School District in a positive manner.

2. JURISDICTION

Who is Subject to the Extracurricular Behavior Management Plan?

- Any student who participates in one or more extracurricular activities is subject to the Extracurricular Behavior Management Plan. A student is subject to the Extracurricular Behavior Management Plan from the time he/she is selected for, elected to, or otherwise joins an extracurricular activity and continues to be subject to the Extracurricular Behavior Management Plan from that point forward unless or until the student no longer participates in extracurricular activities. Participation in extracurricular activities is a privilege, not a right.

When Does the Extracurricular Behavior Management Plan Apply?

- The privilege of representing the School District carries with it a greater responsibility to conduct oneself with respect and dignity, and to serve as a role model for all students. Consequently, extracurricular activity participants are expected to comply with the Extracurricular Behavior Management Plan at all times, regardless of location. This includes both on and off-campus conduct as well as evenings, weekends, holidays, and summer vacation. The plan literally applies 24 hours a day, 7 days a week, 365 days a year.

3. CONDUCT EXPECTATIONS

What is Expected of Extracurricular Activity Participants?

The District retains discretion to address student expectations for conduct even though the conduct may not be specifically included below. Participants in extracurricular activities are representatives of the School District, and must conduct themselves in a manner that reflects positively on the School District at all times.

Specifically, they must:

- Comply with the rules of the district as stated in the Student Handbook, Code of Conduct, and School Board Policies.
- Be aware that students cannot participate in a scheduled event until an ISS/OSS placement is complete.
- Be present for a minimum of four periods of the school day in order to participate. Extenuating circumstances may be considered.
- Avoid alcohol and drugs. Possession or use is prohibited. All students will participate in mandatory drug testing.
- Avoid tobacco in any form (smoking, dipping, chewing, etc.)
- Possession or use is prohibited.
- Comply with directives. Insubordination and disrespect to coaches/sponsors may result in suspension from the team/organization.
- Be responsible for use of all equipment and its return to the school in the best possible condition.
- Travel to the activity/event with the team. Exceptions for extenuating circumstances may be requested in advance, in writing or by direct verbal request from the parents. Student may sign out with a parent only at the end of the event; otherwise, they must travel home with the team.
- Meet and maintain eligibility criteria as mandated by the U.I.L. and/or club or organization bylaws.
- Remove themselves from situations where prohibited activities are occurring. Students in attendance at an event/party which includes prohibited activities may be found in violation if they knowingly remain at a location/event where prohibited activities are occurring. A student alleged to be in violation of this policy will have an opportunity to respond in an informal, oral conference with an administrator.

What Conduct is Prohibited for Extracurricular Activity Participants?

The District retains discretion to address student misconduct even though the conduct may not be specifically included below. Committing the following offenses, regardless of the location, will result in disciplinary actions initiated by the coach/sponsor/school official, and the suspension from extracurricular activities:

- Illegal possession, consumption, distribution, or sale of alcoholic beverages, tobacco products, or controlled substances.
- Violent and/or aggressive acts.
- Behavior that results in criminal charges by law enforcement agencies. This includes any behavior that is verified as a violation of law.
- Positive results from a mandatory drug test. A positive drug test will result in the suspension of 20% of scheduled events. Conduct which results in the treatment of a drug test as positive (refusal to submit test, leaving the campus after learning of selection for testing, tampering, etc.) will also result in the assessment of a 20% suspension. A student who receives a positive test, either from results of tests or conduct shall submit to testing on the next three testing occasions. A second positive test (or conduct treated as a positive test) will result in a 40% suspension of all scheduled events. A third positive test will result in suspension from extracurricular events for 1 calendar year. **A positive drug test result will require students to participate in drug educational counseling, minimum of 3 hours. Counseling will be provided at student's home campus, at no charge to student.**

Please note: The standards of this plan are independent of the Student Code of Conduct. Violations of these standards of behavior that are also violations of the Student Code of Conduct may result in a student being disciplined under both standards.
