Re: Recommendation to Award the Churchill Domestic Hot Water System Replacement

I am recommending and seeking approval to award the Churchill Domestic Hot Water System Replacement to SysTemp Corporation for a cost of \$38,000.00. This project will be financed through the Sinking Fund. The domestic hot water system at Churchill is currently running at half of its original capacity.

Below is a list of vendors that participated in this bid:

SysTemp Corp.	Rochester Hills, MI	\$ 38,000.00
Goyette Mechanical	Flint, MI	\$ 51,606.00
Douglas Mechanical	Livonia, MI	\$ 55,000.00
Temco Mechanical	Farmington Hills, MI	\$ 110,615.00

Rationale: The hot water system at Churchill High School is failing and needs to be replaced.

Thank you for your consideration in this matter.
