School Board ISD 2687

Subject: Food Service Distributor Recommendation

I recommend Upper Lakes Foods to serve as the District's primary food service distributor for the 2025-2026 school year. This contract would include up to three 1-year renewals.

My primary reason for recommending Upper Lake Foods is based on our satisfaction over the past four years, and they were the only company that submitted an estimate. In addition, they are our current distributor and have met our customer service expectations.

There was a marginal/slight increase in product costs from the previous year.

Thank you,

Michelle Johnson
Food Service Director
