Elementary Touchpoints

November Board Meeting, 2023

Winsted Elementary had a BEAUTIFUL day for their schoolwide field trip to Target Field. Students learned about kinetic energy, transferring of energy, reaction times, and how equipment is made (and has developed over time). Students had a chance to sit in the press box, explore the visitor's clubhouse/locker room, hear about historic Twins moments, sit behind home plate and even make the big screen. It was a fun learning experience for students, staff, and chaperones alike.

We had a great turnout for our VIP breakfasts. Estimates of in person attendance are about 950 between the two schools. Thanks to the extra help and presence from food service staff, board members and our superintendent!

PTAs are actively planning events for the year between the two campuses. Bingo is the first event, hosted at Humphrey Elementary and was held Friday, November 10.

We will start our fundraiser kick off on Tuesday, November 14 with APEX. APEX combines leadership and positive trait lessons with raising funds for school, with a fun run as the culminating event. This has been a well received approach, and our main fundraiser to support field trips, speakers, extension activities and learning experiences for students.

Fall Conferences—November 16 and 20 from 4-8 p.m. We will host our Scholastic Book Fair in conjunction with conferences, with funds earned going back into our school and classroom libraries.

The first of five music programs is scheduled for November 30 at 1 and 7 p.m. in the HLWWHS Laker Auditorium. Winsted's 3rd and 4th graders will debut their musical talents under the direction of Jana LeClaire.

Respectfully submitted—

Jen Olson
