Recommended
Motion:

Not applicable.

Nevis Palmer has over 22 years of experience in the field of Transportation. She began her career serving children as a bus monitor in 2002. From there Ms. Palmer moved to driving school buses and training future drivers prior to moving to dispatch.

With hard work and dedication, she was blessed to be offered a supervisor position and eventually a position as an Operation Manager.

Leading more than 60 employees and serving over 600 students and their families brings her great joy. She is thrilled to step into the Director of Transportation role and is dedicated to giving her all to serve families and make a difference in the life of CHISD scholars by providing reliable, safe, and courteous transportation.
