WJHS Board Report

Building Updates

The custodians are doing a phenomenal job in the building this summer. They are making great progress and the school is looking great. The gym floors are back open and also look good. The other summer projects appear to be coming along nicely as well with work on HVAC and painting being tackled in recent days.

Nine new Promethean boards will be installed soon in classrooms throughout the building, which will be a great tech upgrade for those teachers.

Several staff members came in to look over potential plans for a new addition to the building and to discuss needs and how to best use space.

Preparing for 26-27 School Year

Department heads met with administration on July 16th to prepare for the coming year.

Our WJHS Supply Drop and Schedule Walkthrough nights are being held on August 5th (last names A-L) and August 6th (last names M-Z) from 6:00-7:30pm.

We've had quite a few students around lately between boys and girls basketball open gym times and the 7th & 8th grade band camp. It has been nice to get to see our students putting in the summer work to try and be their best for the upcoming year!

Dr. Smith and I are learning the ropes together here at WJHS having many great conversations and meetings with other district staff. We're excited for all that this year will bring!

Mitch North
WJHS Principal
