

DYLAN

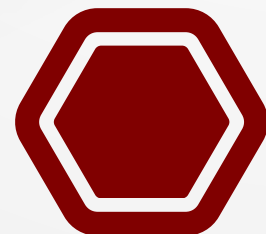

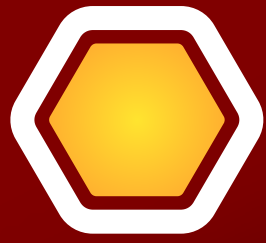

I wanted to be on SSLAC because I want everyone to be able to have a voice at HMS. I also want to expand my leadership opportunities.

DYLAN

How has the year been at HMS?

- Outdoor Ed was awesome. I loved geology and leather making. I was a little nervous to attend at first but it was a great experience.
- Switching periods has been successful even though it was a change from elementary. I've made it to class on time all year.
- I love the food in the cafeteria!

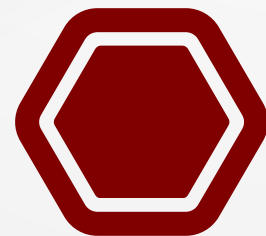

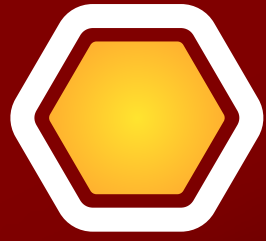

DYLAN

Activities at HMS

- Math Counts. I didn't expect it to be a state competition so I was surprised!
- Lego Club
- Track and Field

DYLAN

Observations

- Outdoor recess is important to me and sometimes I'd like to go outside when it's a little cold, but we have to stay inside.
