Agenda Category: General Function Board of Education Meeting: 05/05/2026

Item Title: Instructional Materials Allotment and X Action  
TEKS Certification 2026-2027 Information  
Discussion

**BACKGROUND:**

In compliance with TEC 31.04, school districts must certify annually to the State Board of Education and the commissioner that students have access to instructional materials covering all Texas Essential Knowledge and Skills (TEKS) for each required content area. The district must submit the titles of all district-purchased curricula, instructional materials, and supplemental resources used to ensure 100% TEKS coverage. This certification affirms the district’s adherence to all applicable regulations related to TEKS requirements and the use of State Instructional Materials and Technology Allotment (IMTA) funds.

**FISCAL IMPLICATIONS:**

There is no cost to the district.

**RECOMMENDATION:**

Recommend approval to submit the 2026-2027 Allotment & TEKS Certification Form. This is at no cost to the District.

# Survey Prework Form

## 2026–27 Certification of Provision of Instructional Materials

In accordance with [Texas Education Code \(TEC\) §31.1011](#) local school systems are required to annually certify to the State Board of Education (SBOE) and TEA commissioner that students have access to instructional materials covering all Texas Essential Knowledge and Skills (TEKS) for all required subjects, except physical education.

Additionally, school systems are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under the (i) the Children's Internet Protection Act (Pub. L. No. 106-554); (ii) TEC, Section [28.0022](#); (iii) Section [43.22](#), Penal Code; and (iv) any other law or regulation that protects students from obscene or harmful content. The Certification 2026–27 Survey includes a section for school systems to certify they meet this requirement.

TEA utilizes the following tools for the Certification of Provision of Instructional Materials process:

- **Certification 2026–27 Prework Form:** The prework form is a fillable and printable PDF intended to mirror the online survey and provide guidance for successful survey completion. The prework form should be completed offline and presented to the board of trustees or governing body for ratification and signatures.
- **Certification 2026–27 Survey:** The survey is a web-based application where school systems will submit the responses collected on the Certification 2026–27 Prework Form and upload the signature page.
  - The Certification 2026–27 Survey will be open for submissions beginning **Tuesday, February 17, 2026.**

The 2026–27 Certification of Provision of Instructional Materials process requires:

- The completion of the Certification 2026–27 Prework Form,
- Ratification by the local school system's board of trustees or governing body in an open, public-noticed meeting, and
- Submission of the Certification 2026–27 Survey and upload the last page of the ratified Certification 2026–27 Prework Form.

TEA recommends that local school systems complete the prework form and survey by **May 1, 2026**. The prework form and survey can be found on the [Certification of Provision of Instructional Materials](#) web page.

The state online instructional materials ordering system, EMAT, will close for annual maintenance on March 31, 2026, and is scheduled to reopen on May 15, 2026. Completion of the Certification process **is required** to regain access to allotment funds when EMAT reopens.

Certification 2026–27 Survey submissions received after May 15, 2026, are typically processed within five business days of receipt, and access to allotment funds in EMAT will follow.

## Certification of Provision of Instructional Materials Process Steps

1. **Review the Certification 2026–27 Prewrite Form:** Print the fillable Certification 2026–27 Prewrite Form on the [Certification of Provision of Instructional Materials](#) web page.
2. **Gather information:** The form may require consultation with content area leaders or other local school system staff.
3. **Complete Certification 2026–27 Prewrite Form:** Complete the prework form by hand or digitally.
4. **Schedule and obtain needed signatures:** Coordinate placement of the Certification 2026–27 Prewrite Form on the agenda of an open, publicly noticed board meeting and secure formal ratification by the local school system’s board of trustees or governing body.
5. **Submit Certification 2026–27 Survey:** Complete the online Certification 2026–27 Survey by answering the questions. Inside the survey, upload the last page of the signed and ratified Certification 2026–27 Prewrite Form from step 4.

The survey will be open for submissions beginning Tuesday, February 17, 2026, and will be located on the [Certification of Provision of Instructional Materials](#) web page.

## Additional Supports

For the Certification of Provision of Instructional Materials process, local school systems are highly encouraged to:

- View detailed Instructional Materials Review and Approval (IMRA) reports for all instructional materials reviewed through the IMRA process at [im.tea.texas.gov](http://im.tea.texas.gov).
- Refer to the IMRA List of [SBOE-Approved Instructional Materials](#) and [SBOE-Rejected Instructional Materials](#).
- Attend the TEA webinar about the Certification of Provision of Instructional Materials process for 2026–27 on **Tuesday, February 17th, at 11:00 a.m. CST**. [Registration](#) is required.
- Attend TEA office hours to get help and support with the Certification of Provision of Instructional Materials process; registration is required.
  - Monday, March 2nd, at 11:00 a.m. CST | [Register on Zoom](#)
  - Thursday, March 5th, at 11:00 a.m. CST. | [Register on Zoom](#)
- View the [Certification of Provision of Instructional Materials Resource List | 2026–27](#)
- Request a copy of the previous year’s submission (if needed) by submitting a [Help Desk Ticket](#).

For questions about the Certification of Provision 2026–27 Prewrite Form, survey, or process, please submit a [Help Desk ticket](#).

## Terminology

- **Scope and Sequence:** A document that provides a brief outline of the standards and a recommended teaching order for a particular course/grade-level over the course of a school year.
- **Full-subject materials** (often referred to as Tier one or core materials): instructional material designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.
- **Supplemental materials:** Instructional materials designed to supplement core products in instruction of one or more essential knowledge and skill.
- **SBOE-Approved Instructional Materials:** SBOE-approved instructional materials are any materials that go through the IMRA process and receive approval by the SBOE. In Texas, SBOE-approved instructional materials are considered HQIM and qualify for the SBOE-Approved Instructional Materials Entitlement as outlined in Section 48.307.
- **State-Adopted Instructional Materials:** state-adopted instructional materials were reviewed and adopted in the preceding Proclamation process. These materials have not been reviewed in the IMRA process, are not considered HQIM (per the Texas definition), and are not eligible for additional HB 1605 funding entitlements.

## Qualtrics Survey and Prewrite Form Guidance

Please note that the format of the Certification 2026–27 Prewrite Form **will not** match the appearance of the official Certification 2026–27 Qualtrics Survey. While the **questions are identical**, this form uses **open-ended text boxes** for responses. In the survey, the questions will be presented with **drop-down menus** containing predefined answer choices.

To help support completion of the Certification 2026–27 Prewrite Form accurately—and to ensure responses align with the options that will appear in the survey—an [additional resource](#) is provided. The Certification of Provision of Instructional Materials Resource List provides all the instructional materials that will appear in the survey's questions with drop-down menus.

Please ensure the naming convention for the products you list on this form mirrors the naming convention on the resource list (e.g., no acronyms, no abbreviations, and the title is listed as written on the instructional material). This ensures the naming conventions refer to the accurate product and will align with the predefined answer choices provided on the survey drop-down menus.

If your local school system uses a district-developed product, or if the product you use **does not appear** in the list, you will be asked to manually enter the publisher and product name(s).

It is highly recommended to refer to [this resource](#) while completing this prework form.

## **Instructional Materials Procurement Reminder**

Beginning in the 2026–27 school year, local school systems may not locally adopt, use, or spend any funds to procure materials placed on the list of SBOE-Rejected Instructional Materials (TEC, §§31.024 and 31.106).
