School Board Meeting Agenda Item

Topic: Public Comment
Presenter(s): School Board Chair

Nature of Action Requested by Board

Board action	☐
Board information or scheduled report	☒

Background Information

The school board provides community members an opportunity to provide appropriate public comment. We seriously consider all questions and concerns but follow protocols to ensure orderly, open operation of the business meeting. People wishing to comment in person must sign up prior to the start of the meeting.

Policy 206 and these guidelines will be followed during public comment:

1. State your reason for addressing the board. People may speak about district management matters for up to 3 minutes per person. When they stop speaking, their time ends even if they have not used their full 3 minutes.
2. We ask that a representative be selected to speak on behalf of any group of individuals attending for the same reason.
3. If the subject or topic is not on the agenda, board members will listen but will not discuss the topic at the meeting. The Superintendent and/or school board chair may provide a response outlining steps the school district has taken or will take to address the concerns.
4. We require that comments remain respectful and appropriate and not identify any current or former students, their families, or staff members, regardless of whether they are named. Personal attacks are unacceptable. Such remarks shall terminate a person's privilege to address the board.
