Board Members,

Please see the report below for the School Board Meeting on November 12, 2024

All students perform at or above expectations

Advisory lessons continue to focus on preparedness and organizational strategies to keep students on track with their academic goals.

All students feel they belong and are supported

Laker Pantry, Laker Locker- just started. Teamed up with Brittney Topliff, Tiana Freidrichs, and a special Laker gear donation from Kelsey Puncochar! Restorative Practices, and student check-ins have been heavily exercised this month!

Effective and efficient use of resources

Budgets continue to be evaluated when teacher requests come through for resources.

Demonstrate HLWW school communities as the BEST choice for students, staff and residents

I continue to work with students and staff to build a collaborative and supportive environment where students feel welcome and supported and we live up to the LAKER values.

Create and maintain a collaborative culture, focused on learning and results

Shout outs and student of the month/spotlights continue. In addition, I have started a plant delivery with a note of gratitude for positive “caught ya’s” for staff to help build a positive culture. Teachers have continued PLC work to better align and identify standards to improve programming to students.
