Promotion and Retention of Students**

~~Students who cannot demonstrate proficiency in each subject area, or are not making adequate progress towards demonstrating proficiency at all grade levels, will be considered for retention. Teachers must notify the superintendent or designee of these students, make a recommendation to the superintendent or designee concerning their promotion/retention and hold a conference with parents. Parental decisions will be final, but when parents' decision is not in agreement with the school's recommendation, parents must sign a "release from responsibility" form to be placed in the student's file.~~

The Board is dedicated to total and continuous development of each student enrolled. The professional staff are expected to place students at the grade level best suited to them academically, socially and emotionally. Students will normally progress annually from grade to grade.

A student who cannot demonstrate proficiency in each subject area or who ~~are~~ is not making adequate progress toward demonstrating proficiency in their grade levels, may be considered for retention.

A student may be considered for promotion if the student has satisfied the requirements for the student's current grade level.

A recommendation for retention or promotion of a student will be made only after prior notification and explanation to the student's parent or guardian.

The final decision for promotion or retention will rest with the parent or guardian. If the parent or guardian's decision is not in agreement with the school's recommendation, the parent or guardian must sign a "release from responsibility" form to be placed in the student's file.
