

Box Elder School District

Request for Brigham City SRO Contract Approval

Recommendation: It is recommended that the Board of Education approve the Brigham City SRO Contract.

Background: Each year the Box Elder School District enters into a contract with Brigham City to provide SROs at each of our secondary schools. To streamline the administrative process, it is recommended that the District move to a 5-year contract. Currently, the District pays 50% of the total SRO costs. This will continue with the new contract.

Policy Implications: None

Financial Implications: The contract price will be covered by existing budget.

Staff Implications: None at this time.
