NEW POSITIONS

1 Special Education Teacher - Rock Cut Elementary School

There is a need to increase the special education support due to 10 additional students qualifying for and being placed at Rock Cut Elementary with IEPs.

There currently are 37 students with non-speech only IEPs and with this additional FTE it would provide 4.0 FTE Special Education Teachers to service the students currently placed at Rock Cut outside of the STP classroom staff.

2 Para Educator - Ralston Elementary School

The need is a result of final student placement due a student who has transitioned out of the Life Skills program returning to their homeschool of Ralston. Currently, the staffing allocations for paraprofessional support at Ralston do not include the student FY 2027 grade level and therefore, there is a need to add an additional 1.0 FTE to be able to support the student in accordance with their IEP.
