## For the Consideration of the Board of Trustees

**Date of Board Meeting:** May 18, 2026

**Agenda Item#:** \_\_\_\_\_

**Topic:** Approval of purchase over \$50,000

### **Background and Rationale:**

This agenda item has been prepared for the consideration and approval of a vendor for services, as detailed below:

Our school is pursuing licenses for Classkick to enhance student engagement, provide real-time feedback, and support more personalized learning in the classroom. Classkick allows teachers to assign interactive lessons where students can show their thinking through drawing, typing, audio, and images, making learning more dynamic and accessible for a wide range of learners.

One of the key benefits of Classkick is its ability to give teachers immediate insight into student understanding. As students work, teachers can monitor progress live, provide instant feedback, and address misconceptions before they become larger gaps. This real-time visibility helps create a more responsive and supportive learning environment.

Additionally, Classkick encourages collaboration and increases student ownership of learning by allowing peers to give feedback and support one another in a structured way. With built-in accommodations such as read-aloud features and flexible response options, the platform also supports diverse learning needs.

Funding Source: Title 1

**Relationship to Strategic Plan:** CIP (Goal 1, Performance Objective 1, Strategy 4)
