

Please accept my resignation as para pro at the elementary school. I am going to continue to coach middle school football and high school basketball but as I begin to plan my family I need to build a more lucrative income. It has been a great pleasure working with the people I have worked with and serving the children that I've been able to serve. This is a very tough decision as I truly enjoyed my position and everyone at the elementary school. Thank you so much for these past couple of years in the opportunities that you have given me.

Nate Tripp Jr.
