

## GAME WORKER STIPEND

The proposal would be to increase game worker pay from \$36 to \$46 per JV/Varsity game (2 games back-to-back) they work. Doubleheaders would then be \$69. (That's 3 games back-to-back. Doubleheaders happen 6-7 times a year). (This would impact most Volleyball, Basketball, and Wrestling events. Somewhere between 30-35 events per year. Usually, we staff 3-4 people at these contests, depending on the activity, per event.)

Increase Line Judges from \$45 to \$60 (We pay 2 people to do this job 5-9 times a year.)

The others would all stay the same:

Ticket taking at \$36.

Single game worker would remain at \$36 per event. Such as football.

Student workers would make \$20/game they work. This rarely exceeds two games and most often is just one.

JH Officials stays at \$45 per game.

C Officials stays at \$60 per game

### Increases:

Line judge increase will be \$150-\$300 total a year based on average number of contests hosted each year.

Game worker increase will be in the ballpark of \$1510-1660 annually based on the average number of contests hosted each year.

Individual sport increases:

Volleyball table: \$150-300

Football booth: \$80

Wrestling table: \$300

Basketball table: \$560

Basketball Doubleheader table: \$340

Gymnastics table: \$80

Total increase combined would be \$1660-1960 a year.
