Re: Independent School District #709
Lakewood Elementary School Propane tank

Dear Mr. Brown

The 18,000-gallon used propane tank that was quoted to us for \$234,310.02 and approved by the board has unfortunately been sold to another party. When I contacted Edwards Oil to secure a replacement, they informed me they had another tank available but were unsure whether it could be recertified.

To keep the project moving, I reached out to Arrow Tank in Cambridge, MN regarding the purchase of a new 21,650-gallon tank. They referred us to B and B Piping, from whom we received a quote of \$218,943.25. This option provides us with a brand-new tank and is \$15,366.77 less expensive than the previously approved used tank.

Given the cost savings and the benefit of acquiring a new tank, this appears to be the most advantageous option moving forward.

Sincerely,

A handwritten signature in black ink that reads "Rich Gareis".
